Please read from the *Constitution and Contest Rules* the instructions for evaluating the performances of the Oral Reading contestants. This evaluation criteria has been developed to feature each element of the oral reading situation: the text, the performer, the audience and the combination of all of these – the performance. The questions will overlap, but your comments will be valuable and instructional if you can address each area. You may continue your comments on the back. Please make your comments using language understandable to the contestant. Students and instructors appreciate specific and constructive comments. Please do not confer with other judges before ranking students. Judging decisions are an individual responsibility.
