Inclement Weather: If weather conditions make it impossible to determine a winner before certification, ***UIL must be contacted for an extension.*** The next round opponent(s) or regional site must also be contacted to inform them that the deadline has been extended.

Extreme scheduling difficulties could result in a coin flip, which would determine the representatives to the next round.

SPORT SPECIFIC INFORMATION

Number of Team Participants: The minimum number of participants is six girls and six boys – a maximum has not been set. Players are eligible to play both singles and doubles, but it is not mandatory to play both singles and doubles. Girls' and boys' point totals count on team totals, but boys and girls cannot compete against each other, other than the mixed doubles match.

Lineup changes: The advancing teams coach must give his or her complete line-up prior to the start of their next round match. Also, coaches are responsible for exchanging the previous match roster/line-up.

Lineup changes and movement within the players' ladder is outlined in this section and each coach may use the options **ONCE** in a calendar week during the playoffs. **Exception: No lineup change is allowed between the regional semifinals and the regional finals, and state semifinals and state finals.**

- **Lineup Changes:** The coach may change in the lineup to reflect proper ladder position prior to the start of the match/tournament, based on the following regulations.
- **Singles Movement on Ladder:** After the previous qualifying match/tournament, the coach may move each player no more than one position up or down in the singles lineup
- **Doubles Movement on Ladder:** After the previous qualifying match/tournament, the coach may move each player no more than one position up or down in the doubles lineup. The coach may change a player from one doubles partner to another partner, but no player may move more than one position in the doubles lineup.

If a student has been out of the line-up for a grading period for academic purposes and returns, the line-up should be re-ranked with the "new" player in his/her appropriate position.

Under no circumstances shall the coach change his/her line-up during a tournament. The penalty for doing so will be to forfeit the individual matches involved, with the scores becoming 6-0, 6-0 in each match. Coaches should be aware that a substitution and a line-up change are not the same.

Substitutions: A coach may make substitutions between team matches and/or during a team match before the individual match begins. In all instances of substitutions, the coach must use the following procedure.

- a. **Singles.** The coach removes a player from the lineup. All players lower in the lineup move up to fill the vacant spot in the lineup and the alternate becomes the #6 player. A player removed from the lineup for substitution may return to the lineup for the next team match but only to the position he/she vacated. All other players will return to their original positions.
- b. **Doubles.** If the coach removes one member of a doubles team from the lineup, he/she places the alternate in the vacated spot, and the team remains in the same position. If the coach removes both members of a doubles team, then the lower teams will move up to fill the vacant position, and the alternate pair becomes the #3 team.

Forfeits and Defaults: If, after an individual match begins, a forfeit occurs due to illness, injury or penalty for misconduct, the games and/ or sets won by the forfeiting team shall stand and count. In all other matches if an injury or illness occurs before the individual match begins, take the player out of the lineup and move everyone else up in the line-up. The substitute then becomes #6.

Team Scoring and Ties: The scoring system will be No Advantage-Scoring, best 2-out-of-3 set matches with a 7-point tie breaker at six games all in the first two sets. If a third set is necessary it will be played as a ten-point match tiebreak. Each match won will count one point for the team.

Tennis Etiquette: Applauding a good play is always in order. Applauding an error is never in order. Any person who takes it upon himself to berate the officials or make himself conspicuous by bad behavior the team should be requested to leave the court area. Coaches are responsible for educating their students and parents about appropriate behavior. Players should shake the hand of their opponent before and after games.

Point Penalty System: To ensure consistency in preparation for the state tournament the UIL office has provided a point penalty system for misconduct. The site director will closely enforce the point penalty system to ensure good sportsmanship and should not tolerate unsportsmanlike conduct or taunting. (Example: abuse of officials, abuse of players, abuse of equipment, cursing, screaming, obscene gestures, racket throwing, ball slamming, etc.) The tournament director will warn all players before the tournament starts. Once play begins, the site director will penalize each instance of unsportsmanlike conduct as follows:

A players first offense in the tournament - deduct 1 point
Second offense - DEFAULT game
Third offense - DEFAULT match or tournament

Offenses will be cumulative throughout the tournament. The site director will give the point penalties and will report them to the site director of the next match.
