Regional Golf Q & A

2/9/2018

May we schedule our 'one practice round' at a time/day other than the day prior to tournament?

Yes, if the course allows! The assigned practice round the day prior to the competition is primarily for the convenience of out-of-town schools.

How are the groupings for the first day of the tournament and the Sunday practice rounds determined?

The groupings are determined in part by a district's placing in the 2017 regional and state tournaments.

May we include the cost of cart rentals in the check with the practice rounds?

It is not a good idea! Carts are rented on a first come, first served basis; therefore carts may or may not be available for your use!

May players take carts on the course to watch others play once we finish our round of tournament golf?

No! Players are prohibited from operating golf carts both days of the regional tournament.

May we leave the course & return later that same day to practice putt or chip after our practice round?

No! Not until your coaches' meeting begins may players return and practice putt or chip!
Exception: The course driving range is not regulated and may be used any number of times either before or after qualifying.

Sunday; may players go out and walk the course before 12:00 Noon CST?

No! Walking the course is considered playing the course.
They may warm up prior to noon if their tee time is at noon or slightly after.

Tuesday; may players go out and walk the course, warm up or hit prior to their 3:00 pm shotgun start?

No, at 2:15 pm players may begin warm ups and hitting; but may not begin their round until 3:00 pm.
Schools are responsible to get their teams to their assigned holes by their 3:00 shotgun start!

Tuesday; may girls go out on the course prior to 3:00 pm and watch the boys finish their final round?

No! They may however, observe from either finishing green (#9 & #18)!

May a coach or parent take food and drink to a player during a round.

Yes! However, spectators should maintain a minimum of 30 yards from the golfers and not speak privately with them. They also must follow the cart path and remain off fairways!

May a coach take any player to the restroom during a round?

Yes! This should be a quick break as to not slow down play.

May a coat, gloves, poor an umbrella be taken to a player during a round?

Yes, but items deemed golf equipment may only be picked up or taken to players at the turn (after 9 holes).

May both the head coach and an assistant take turns and give advice to our players from green to tee?

No! Each day a school must designate a single coach who may engage those players tee to green.
Exception; if a school qualifies two teams, two coaches may advise each team or medalist.

May we call the pro shop to learn the tournament tee times and groupings?

No! This information should be posted at the courses and on the Texas Tech UIL web site!

May players practice putt, chip, etc. after they finish their round on the first day of regional play?

Yes! However, there may be a charge for range balls!

Who is considered to have made the All Regional Team?

There are no awards.

The low five individual scores are considered to have achieved All-Regional status!

What is recommended when scheduling a return plane flight home after the tournament?

Schools should allow ample time for the breaking of ties for both teams and individuals through fourth place! Also, for the awards presentations.
