

schools of Tarrant County, County Superintendent White, says: "I intend to have about four meetings during the year, at which plans will be discussed. The first will be held immediately after the schools have begun their work. The Tarrant County Interscholastic League then will be

Tht Benavides Scholar is the name of a monthly publication issued by the students of the Benavides High School. Although this high school has little more than one hundred students, it manages to issue each month a very attractive magazine. The last issue of last year contained thirty-six pages. Glancing through this periodical we find that Benavides High School has an orchestra, that it has an alumni association, a dramatic club, and expects to find in the smaller high schools. The Benavides merchants Invocation. support this publication generously with advertising. The May issue is dedicated to the Superintendent of Schools, J. M. Momeney.

### WRITER DISCUSSES FOOTBALL VALUES

Declares Coach's Work Among Most Important Done By Any of Teaching Staff

(By M. H. Duncan, Superintendent of Schools, Lubbock)

GOOD many people do not A believe that football has any educational value. In every school there are teachers who do not believe there is any good in the game and they merely tolerate it. Many patrons feel that it is a waste of the student's 1923 TENNIS STAR time and that the schools are going to the bad in that direction. I used to feel that way about it myself, and for a good many Brilliant Scholastic Record years as superintendent of schools. I gave just as little attention to it as the law would

in that respect and am now of the opinion that no other feature of the schools has greater educational value and that if every boy in school could Antonio, in tennis, both singles be a member of a football squad and and doubles. He did not win the undergo the training there given he State Meet, but he progressed were presented to engineering sowould be much more benefited than by a good many of the other studies he

### Education Costs Effort

One great trouble with the present day schools is that it has largely lost its power to discipline. It has adjusted itself largely to the whims of the guish himself scholastically, winning Engineering, says that LaCoste was children and presents its program in Phi Beta Kappa honors, but kept up remarkable for the reason that he such a mild form that it can offer little his tennis and was considered one of had money and a car and neither real training. Every one who has the strongest players on the Varsity ruined him. studied education and how it is brought about knows that real educabeing educated to put himself into his work without reserve and to pay the price in labor and sacrifice to accomplish whatever he undertakes. What the pupil learns without effort is worth nothing to him educationally. Only that part of his schooling to which he gives himself in a wholehearted purpose will reward him in increased strength and ability. Many people seem to believe that education selves have no value in an educational choice of instructors where more way. Education results from living the attitudes, and interests needed in effort and requires hard work, study, ually and new forms added un- work of past years. and sacrifices on the part of the one til very satisfactory results are ter, each student reports to the same being educated. The youth who comes obtained. to his class without having paid the price in the labor and sacrifice neceseducation impossible.

### 2,000 TITLES IN DRAMA LOAN LIST

Wide Choice of Plays Offered For Free Examination By **Extension Service** 

THE Drama Service instituted by the Bureau of Public School Interests and operated in conjunction with the Extension Loan Library, now has available for loan purposes 2,000 titles, including full length plays, oneacts and books on play production, including works on directing, make-up, costuming, and lighting.

The material ranges from light farce, comedy, drama, to O'Neill's tragic "Mourning Becomes Electra." While no attempt is made to keep up with latest Broadway successes, a few such plays, including "The Late Christopher Bean," "Another Language," "Autumn Crocus," and others are available. Material for special Christmas, Washington's Birthday, etc., should be requested well in ad-

The service is designed to assist the coach or director in finding suitnot loaned for actual use, but for one week only-just long enough for the director to examine them and find be noted in this connection that the copying of "parts" is a violation of the copyright law and subject to prosecution under the Federal Copyright Act. Borrowers are especially requested to be careful with the material and to return it promptly, as the amount of material is limited and is in great demand. Since there is no appropriation to replace material damaged or destroyed, carelessness may deprive many others of its use.

In requesting plays address the Extension Loan Library, giving as much information as possible in regard to the type of play desired, number of characters, royalty or non-royalty, The matter of obtaining an educa- one-act or full length. ### Majority of State Leagues Enforce Eight-Semester Rule

The *Illinois High School Athlete* (October, 1933) publishes the information gathered by W. J. Foster of Newport, Ky., concerning eligibility rules in various states and whether or not athletics for girls was promoted, and if so, in what sports and to what extent. Tabulation of answers to the following questions is made below:

1. What is the age limit for interscholastic athletic eligibility in

What is the limit in semesters of attendance?

2. What is the limit in semesters of attendance:
3. What is the season limit in any one sport?
4. Do you have interscholastic basket ball for girls?
5. Do you have girls' basket ball tournaments?
6. Do you permit any interscholastic athletics for girls?
In the following table the numbered columns correspond with the number of the questions above:

Alabama	21	none	3-3	yes	no	yes

### PUPILS SHARE IN **GOVERNING SCHOOL**

Missouri City Has a Well-planned and Workable System Of Student Government

(The Missouri City High School (Fort Bend County) has a well-planned, active, and smooth-functioning system of student self-government, which is one of the most difficult projects in the whole extra-curricular program. One of the teachers in that system of schools has been kind enough to furnish the LEAGUER with an account of how the plan works.—Editor.)

Our student government is in a healthy condition right attitude of pupils, teachers, and community toward school life and school activities. The following officers have been duly elected annually by school citizens who have paid their poll tax (2c):

1. A mayor.

2. A captain of sanitation who with his committees keeps yard and hallways in neat condition, empties waste baskets, washes blackboards,

3. A captain of traffic, who with her squad keeps order in corridors and auditorium and prevents loiter-

4. A school custodian who has the general care of the buildings, sees to the raising of the flag, calls attention of sanitation to accumulation of trash, keeps pictures and posters hanging straight, sees that whole building is inviting, clean, and cheerful.

5. A head usher who with his assistant ushers, seats audiences, opens and closes doors, arranges seats, etc.

6. A pep squad leader.

7. Members of the Student Council. "Honor" Detention Hall

One of the outstanding features of our system is the "honor" detention hall. No one (no student or teacher) is in charge of this hall. Pupils who are detained either for conduct or lessons may sit in the "honor" hall rather than in the supervised hall if they ask special permission to do so For 1933 Speech Contests and give their word of honor to work in a business-like way while stay-

We could have excellent teams of both boys and girls in our school, and, if things stand in the League as last year, there will be only volley ball for the girls to enter. Baseball is one of the cheapest of games and employs a greater number of children; therefore, it is a boon to rural schools where we do not have enough teachers to act as coaches in the different contests.

ALICE BROWN. Principal, Elm Grove School. San Marcos, Texas.

Saturdays and Holidays for Games

1. The already overworked and often overtrained players are in need of all the extra time possible in order to do a minimum high school course. 2. The players will be thus relieved of the misguided conception that football is more important than the regu-

3. The student followers will also one of its customs of many years not lose valuable school time in order

to witness the contest. 4. The visiting school can bring, as moral support, more of its faculty scholastic League debaters. Just members, student body, and others Converse Texas.

This are listed below, and a written by the list of the book for the home team. able for distribution are listed below, and a on all games and there would be no short description is given of each publication. Much time and expense will be saved if those who "The purpose of the system is to pated in a certain contest either as a wish copies of any of these publications will note carefully and follow the "directions for ordering."

DIRECTIONS FOR ORDERING

Those ordering bulletins should read carefully the description of the bulletin given below and the terms upon which it is distributed.

Stamps are not accepted in payment for bulletins, and bulletins are not sent C.O.D. or on account. Cash in the form of money order, express order, currency, or personal check must accompany order.

Do no expect the bulletins to travel as rapidly as firstclass mail. Wait a reasonable time before sending in an inquiry concerning an order previously given. If it is necessary to telegraph an order, the money should

be telegraphed also, as otherwise the order must surely be held up awaiting remittance.

When the term "League School" is used in this list it is meant to refer to a school which is a member of The University Interscholastic League.

Reduced prices do not apply on cumulative orders. For instance, a school ordering 50 copies one time and 50 at minutes. Both coaches expressed ap- another time does not receive these at the rate given on

None of the material on 1933-34 debate question is sold outside the State.

BULLETINS

thus guaranteeing that the watch was constitution and Rules of the Interscholastic League started and stopped at the correct (Revised for 1933-34 Contests), No. 3322, 108 pages. > "Debate Handbook" (1933), 224 pages, 35 cents. Contains bibliography and selected articles for and against the fol-owing debate query: "Resolved, that the United States Should adopt the Essential Features of the British System of Radio Control and peration." Three copies for \$1.

"American vs. British System of Radio Control," 361

Contains reprints of selected articles, bibliography, briefs, etc., on debate query quoted under "Debate Handbook" above. Supply strictly limited. Order at once if you want copy. Cloth bound.

"The American vs. the British System of Radio Control," 31 pages, 20 cents.

Contains an explanation of how each system has been developed, comparison of the two systems today, and the attitude of Congress towards radio. This is a special debate number of the Congressional Digest directed to the query should America adopt the British system, giving pros and cons by educators, officials, and business men. Supply limited. If you wish a copy order at once.

Supplement to Debate Handbook, 224 pages, 50 cents. This is a supplement to the Debate Handbook containing material of the same nature, but not duplicating any of the material in the Debate Handbook. Supply limited. Order at once if you want a copy. "The League of Nations" (1923), No. 2329, 87 pages,

pages, 10 cents. Contains briefs and arguments pro and con on the following query: Resolved, That the United States should grant the Philippines their adependence at the end of a period of five years." A live question and one which interests any school or community when well debated.

"Financing a State System of Highways" (1929), No. 2929, 120 pages, 15 cents.

Contains briefs, bibliography, and selected arguments, both affirmative and negative, on the following query: "Resolved, That the Sterling Plan for Financing a State System of Highways in Texas should be adopted." This bulletin was uesd in the 1929-30 debates. No free copies. "Trial By Jury," No. 3028, 15 cents.

Contains briefs and arguments pro and con on the following query: "Resolved, That a substitute for trial by jury should be adopted." This question was debated in the League debating contests during the 1930-31 scholastic year. 'Limiting Taxes on Tangible Property" (1932), No.

Contains briefs, selected arguments and authoritative statistics on the following debate query: "Resolved, That at least one-half of all State and local revenues in Texas should be derived from sources other than taxes on tangible property." This bulletin was prepared by A. C. Duval, Ph.D., Instructor in Economics, The University of Texas.

'Making Friends in Music Land," Book I (1925), No. 2537, 73 pages, 10 cents. Written by Dr. Lota Spell. Music supervisors have found this bulletin treating appreciatively thirty-five classical selections a valuable aid in arousing interest in music among their pupils. The language is delightfully simple and adapted to the understanding of sixth, seventh,

and eighth graders. An excellent supplementary text in reading. 'Making Friends in Music Land," Book II (1926), No. 2637, 75 pages, 10 cents. A continuation of above-described bulletin. Five cents per copy in quantities of ten or more. Single copies ten cents.

"Music Heard in Many Lands" (1927), No. 2737, 10 cents. Similar to Bulletins Nos. 2537 and 2637, but treating other selections. Single copies ten cents; in quantities of ten or more, five cents each "Making Friends in Music Land," Book III (1928), No.

2837, 85 pages, 10 cents. This bulletin by Dr. Lota Spell gives both teachers and pupils valuable information and suggestions for recognition of theme, instrumental tone and types. Planned as a class-room text in music appreciation with many suggestive and thought questions appended after discussion of certain phases of the subject. Single copies, 10 cents; in quantities

of ten or more, five cents each. "Making Friends in Music Land," Book IV (1929), No. 2937, 64 pages, 10 cents.

Same description as Book III, except that different selections are treated. Single copies, ten cents; in quantities of ten or more, five cents each. Use in 1938-34 contests.

'Making Friends in Music Land," Book V (1930), No. 3037, 25 cents. While this bulletin is valuable for pupils, it is designed as an aid to the teacher. It represents a departure from former music memors bulletins in that it is not a reader for childen but a handbook for the teacher, giving suggestions for teaching the selections prescribed in the music memory test. Contains an index of compositions treated in former bulletins which are still available for distribution.

Written by John W. Calhoun, Professor of Applied Mathematics, The University of Texas. This bulletin is an enlargement of the bulletin issued by the League under the same title in 1925. It contains directions to the teacher and to the student for developing "number sense," that is, an ability to solve quickly arithmetical problems with a fair degree of accuracy without the use of pencil or paper. It is old-fashioned "mental" arithmetic systematically presented. This bulletin is used as a basis for county contests in arithmetic. It contains more than a thousand problems. One free copy to each member-school expecting to enter the arithmetic contest. Extra copies, ten cents apiece, fifty cents per dozen, \$3 per 100.

Words for the Spelling and Plain Writing Contest" (1933), No. 3333.

List for use in all League contests during the current scholastic year. ive cents per copy, twenty-five cents per dozen, \$1 per hundred.

High School Newspaper Handbook, 54 pages, 15 cents. This helpful pamphlet was prepared by DeWitt Reddick, Adjunct Professor of Journalism in The University of Texas. Sponsors of journalistic activities in high schools will find this booklet crammed full of suggestions which will be of use to pupils engaged in preparing the school newspaper. In quantities of ten or more, this pamphlet will be furnished at ten cents per copy.

Fifty Studies for Elementary Art Appreciation (1933), No. 3336, 64 pages, 15 cents.

Miss Florence Lowe, Head of the Art Department of the Sam Hous-on State Teachers College, herein presents in form suitable for fifth trade pupils a discussion of each and every selection on the 1933-34 bicture memory list as well as biographical material concerning the tritists appearing on this list. It is a valuable guide for picture appreciation. In lots of ten or more, ten cents per copy.

"Fifty Famous Pictures" (Reprint 1932), No. 2936, 10

This is a pamphlet of fifty-six pages giving information concerning pictures used in previous years. The stories are simply told and can be readily understood and appreciated by pupils in the fifth grade. The information is authoritative and will do much to increase the pleasure children will find in studying the pictures. The work was written by Miss Thelma Whaley, Head of the Art Department of the Eastern Oregon Normal School. Prices on quantity orders follow: 20 copies or more, five cents per copy.

"The Educational Significance of Physical Education" (1926), No. 2603, 14 pages.

Written by Dr. Jesse Feiring Williams, Professor of Physical Education, Teachers' College, Columbia University. This is a speech delivered by Dr. Williams at the League breakfast and section meeting during the 1925 meeting of the State Teachers' Association. The place of athletics in the school program is fully and competently discussed. Free copy to any teacher in any member-school of The University of Texas Interscholastic League. To others, five cents per copy. "Educational Athletics"

Contains two notable addresses on athletics, one having especial reference to athletics in high schools and the other to college athletics. The former is by James Edward Rogers and was delivered at the League Breakfast and Section Meeting in Dallas, November, 1929. The latter is by President Franklin Parker Day, of Union College, delivered before the National Collegiate Athletic Association, New York, January 1, 1930. This pamphlet is sent free on request to any address in Texas.

'The Three-R Contest (1927), No. 2639.

A large folder containing the writing scale by which specimens will be judged in the writing contest. Also contains specific rules and directions for conducting the Three-R contest. Be sure to get the latest revision of this folder and do not depend on 1926 edition. Sent free to any teacher in a member-school.

A One Book Course in Elementary Music and Selected Songs for Schools, by Charles A. Fullerton.

Bound in cloth, 254 pages. Contains words and music for more than one hundred songs, correlated with specially prepared phonograph records for teaching children chorus singing. Will be used as basis for choral singing contests in the League for next two years. Eighty cents per copy; sixty cents per copy in quantities of ten or more.

### OTHER PUBLICATIONS

Picture Appreciation.

Twenty-page pamphlet containing a reprint of articles published in The Interscholastic Leaguer and written by Miss Florence Lowe. This pamphlet is of especial interest to teachers who are preparing pupils or participation in the Picture Memory contest, Enclose legal-sized tamped and addressed envelope and pamphlet will be furnished free of charges.

How to Tell a Story.

Fifteen-page pamphlet by Mildred Smith, prepared especially for nose teachers who are preparing third-grade pupils for participation in the story-telling contest. Enclose stamped and addressed legal-sized meelope and this pamphlet will be furnished free of charge.

Relationship of Scholarship in School to Later Success

Fifteen-page pamphlet containing reprint of a series of articles by Dr. H. Y. Benedict, President of The University of Texas, published in The Interscholastic Leaguer. It disposes finally of the old contention that the poor student stands best chance of later success in life. The problem is attacked statistically and the answer is conclusive. Many superintendents and principals will want to pass this information on the high-school pupils through auditorium talks and on other occasions. Sent free on request. Music Memory Score Sheets

Convenient for giving practice tests. One cent per copy; thirty-five cents for 50; fifty cents for 100. Free copies to county directors of music memory only on careful estimate of the number that will be required in the county meet. None furnished free for county meets prior to March 1.

Picture Memory Score Sheets. Same as above except for Picture Memory. Same price as Music Memory Score Cards.

Three-R Test-sheets. Reading and arithmetic test-sheets for familiarizing contestants with the nature of the tests in the Three-R contests and for giving practice ests. These are published in different series (A, B, C, etc.). After given school has tested its pupils with copies of one series, it should refer tests in another series which contains different material, and o on. The sheets are sent prepaid to any address in Texas for one get nor sheet.

In ordering be careful to specify which series, if any, you have already used in your school this year.

Fifteen-minute typing tests, of the same nature as tests used in Interscholastic League Typewriting Tournaments, spaces counted. Two cents per copy, fifteen cents per dozen.

"Number Sense" Test Sheets.

For practice tests in "number sense." One cent per sheet. Key for grading problems is sent with each order. Declamation Bibliography. A list of forty-odd books containing declamations. This circular is

The Interscholastic Leaguer. Monthly publication, official organ of the League, mailed free on equest to any teacher in Texas who is coaching or training pupils for participation in League contests.

Circular of Information. This is a six-page folder giving in condensed form essential information concerning the conduct and functions of the University Interscholastic League. All contests are listed and classified. Schedule of fees is given, and the entire organization outlined. Any number of copies of this folder is sent free on request.

All orders for bulletins or other League publications should be addressed to

Emphasizes Accuracy words a minute with four errors, in a "boiling down" process brings one ute with twelve mistakes? When a student realizes that not only his net ed in his final score, but his percenton the right road.

In looking over the records made in all the past Interscholastic League typing contests, it appears that the end in view has always been the net rate regardless of accuracy.

Seven Objectives The general objectives in typing

contests should be: 1. To stimulate the better students to their highest possible attainment

of ability in typewriting. 2. To stimulate interest in typewriting which will draw the better

students into the course. 3. To set up a standard of proficiency in typewriting.

4. To set a mark in both accuracy and rate to shoot at.

5. To give publicity to commercial teaching which will elevate the general attitude of those not teaching commercial subjects to commercial teaching.

6. To correlate and standardize typewriting teaching practices. 7. To increase the efficiency of

typewriting teaching.

Business Demands Accuracy In the state contests in Illinois and Kansas, as well as other mid-west public speaking as sponsored by the with the state contests in Illinois and public speaking as sponsored by the by failure, and I often think that tion, located on the schedule at a peon net rate plus percentage of ac- the influence of Mr. Ben S.
