VOL. XLVII

AUSTIN, TEXAS, APRIL, 1963

NO. 8

5 New Awards Given By Moody Foundation

53rd UIL State Meet Will Be May 2, 3, 4

Austin and The University of Texas are preparing for the annual invasion of the top high school students of the state for the 53rd annual University Interscholastic League State Meet.

Plans for contest and informational sessions are virtually complete. Preliminary reports from directors of events indicate that this will be the largest State Meet to date.

League Headquarters

League headquarters will be set up in the lobby of Gregory Gym to take care of registration, housing, rebate and other matters. It will open at 1 p.m. Thursday, May 2 and remain open until 10 p.m. Friday hours will be 8 a.m. to 10 p.m. Saturday it will open at 8 a.m. and be open until 6 p.m.

Contest Results

Contest results will be posted at headquarters as soon as they are determined.

Official contestants and sponsors, except in one-act play, will register at headquarters immediately upon arrival in Austin. Here they will receive instructions, sign up for rebate, receive delegates' tickets and pick up messages.

League Breakfast

The annual League Breakfast will be held at 7:30 a.m. Saturday in the Crystal Ballroom of the Driskill Hotel. Tickets are \$1.15 per

person, including tax, and will be available at headquarters. Tickets will be sold at the door Saturday morning if space is available.

At this meeting teachers, coaches and administrators traditionally bring up questions concerning all phases of League activities. Also, the results of this month's referendum ballot (See March Leaguer) will be announced.

Pre-contest Meet

Pre-contest conferences will be held in speech, science, tennis, typewriting-shorthand, number sense and slide rule. Details of these meetings are given in the general program elsewhere in the Leaguer.

The Interscholastic League Press Conference will hold its annual convention coinciding with the State Meet. The ILPC activities will begin with an informal reception and get-acquainted party in the Auditorium of the Texas Union Building from 7:30 p.m. to 10 p.m. Thursday, May 2.

General Program

Fifty-Third Annual State Meet University Interscholastic League May 2, 3, 4

STAR-TELEGRAM EDITOR JACK BUTLER

... Main Speaker for journalists' banquet.

Editor of Star-T To Address ILPC

Jack Butler, editor of the Fort Worth Star-Telegram, will be principal speaker at the Interscholastic League Press Conference banquet on May 3 in the main ballroom of the Texas Union Building.

"A Nickel's Worth" is the topic Butler has chosen for his talk. His talk is to be based on the fact that for just five cents one can buy the complete dedication of men and women throughout the world—and sometimes their lives, just by purchasing a newspaper.

Butler is a native Texan with a bachelor of journalism degree from the University of Texas. His first newspaper job was with the Tyler Morning Telegraph in 1939-1940. There he started as a cub reporter and rose to the managing editor's post. In 1941 he went to work for the Department of Agriculture as an information officer.

In the same year he became news editor of the Austin Tribune. In 1942 he joined the Star-Telegram staff. His jobs on the Star-T include reporter, political writer, Austin bureau, city editor of the morning

Academic Winners Will Receive Grants

The Moody Foundation has just announced five new scholarships of \$4,000 each, to be administered by the Texas Interscholastic League Foundation.

Robert E. Baker, executive administrator of the Moody Foundation, advised J. O. Webb, chairman of the TILF, that the grants would be of \$1,000 each for a four-year period.

These new scholarships will be made available to University Interscholastic League academic winners who choose to enter the fields of physics, biology and/or mathematics.

The first Moody Scholarships will be awarded effective in September. R. J. Kidd, League director, said, "Applications for the new grants will be made on the regular TILF blanks. The State Office of the University Interscholastic League will send blanks to any interested students or teachers."

"I am very proud of these new awards. They are a very fine way of recognizing the 'cream of the crop'

students who compete in UIL academic contests. They are a great aid in keeping the top students in Texas. We need more superior students and these grants will help to fill that need."

J. O. Webb, chairman of the TILF, said, "The Moody Foundation is making a great contribution to education and to Texas. League winners are the top students. We want to help them to realize the full potential of their talent. I am deeply grateful for the generous addition to the scholarship fund."

Kidd urged that students interested in majoring in biology, physics and/or mathematics write for application blanks. These blanks may be obtained by writing to: University Interscholastic League, Box 8028, University Station, Austin 12.

Moody Foundation and TILF officials are working out details on the scholarships. As soon as all details are decided, the League office will mimeograph copies of requirements and send them to all member schools.

UIL Headquarters To Handle Housing

At the 53rd Annual State Meet, the University Interscholastic League will again attempt to provide hotel and motel reservations for the sponsors and official contestants who qualify from the regional meets on April 19 and 20.

Sponsors and contestants who qualify under sections 22 and 23 of the Spring Meet Plan, pages 36 through 37 of the current Constitution and Contest Rules will be given priority in assigning accommodations. Students and teachers who register for the annual ILPC convention will be considered next. Parents and visitors should not expect to find accommodations through League channels.

Rebate Rules

All contestants and sponsors should come prepared to pay for their lodgings at hotels or motor courts. The "rebate" referred to in sections 22 and 23 will be paid after the State Meet and will be based entirely on the formula outlined in Article XI Section 2, page 25, Constitution and Contest Rules.

A special section will be set up in the League's registration headquarters at Gregory Gymnasium to assist qualified contestants to secure housing while they attend the State Meet.

Free Lodging

The League will again set up "barracks" accommodations for contestants and sponsors who qualify to the State Meet. These will include minimum requirements, such as linens, soap and bedcovers, and will be supplied without charge to those who request this type of lodging.

An adult supervisor will be assigned to each dormitory, but will not be responsible for discipline of occupants, except insofar as property of the League or University or other occupants is concerned.

Sponsor Responsibility

The League office has the right to refuse to accommodate for either free lodging or other accommodations any group of students who do not appear to be adequately chaperoned. Sponsors are expected to stay with their students. They should not request commercial lodging for themselves and free accommodations for their students or contestants. Each school will be held totally responsible for any and all damage which may result from such negligence in supervision.

No Friday Reservations

Since it is impractical to hold rooms vacant Thursday night when all facilities are filled, no attempt will be made to assign parties which request accommodations beginning on Friday night until the group actually arrives at registration headquarters in Gregory Gymnasium. At that time, League officials will assist contestants and sponsors in securing quarters.

Local hotels and motor courts are cooperating with the League by holding rooms which become vacant on Friday for assignment by the League housing office. These rooms generally do not become available until Friday afternoon and guests should not expect to be assigned immediately if they arrive in Austin before about 4 p.m.

Administrators and sponsors are cautioned not to make double reservations in Austin for the State Meet with the expectation of cancelling one after arriving in Austin. If groups are assigned to commercial lodging on the basis of an official request to the League Office, the

Engineers Invite Leaguers To Visit Power Show, May 2

The College of Engineering of The University of Texas has announced its 53rd Annual Engineering Power Show will open Thursday, May 2 to coincide with the 53rd Annual State Meet of the University Interscholastic League. The

Power Show will be held one day only from 6-10 p.m.

Participating in this year's show will be all departments of the College of Engineering. Exhibits will be both interesting and educational. Although there is always emphasis on the undergraduate laboratories in order that high school students might see the type of work that undergraduates do, this year's Power Show will also cover some of the various fields of engineering that up to now have been available to only graduate students and research faculty.

The College of Engineering has offices, classrooms and laboratories in six major buildings and at the present time a new six-story Materials-Science Building is under construction.

The College of Engineering is now recognized as one of the leading engineering colleges in the world and every Interscholastic League is urged to visit the Engineering Power Show by Dean W. W. Hagerty of the College of Engineering.

League Breakfast

Tickets for the annual Interscholastic League Breakfast and state meeting of delegates are now available. This meeting will be on Saturday, May 4, at 7:30 a.m. in the Driskill Hotel Crystal Ballroom.

You may secure reservations by writing to the League office, Box 8028, University Station, Austin, and sending \$1.15 a person, including tax.

Tickets will also be sold at the Registration desk at League Headquarters in Gregory Gym and, if space is still available, at the door on Saturday morning when the delegates meet.

UT Journalism School Lists Summer Publications Courses

Teachers of high school journalism and sponsors of school newspapers may enroll in one of two summer programs for journalism courses at the University of Texas, beginning in June.

A three-week seminar for journalism teachers will begin on June 4 and end on June 25. Director of the seminar is DeWitt C. Reddick, director of the School of Journalism.

Two well-known journalism teachers will be associate directors—Mrs. Edith Fox King, journalism instructor at San Antonio Junior College; and Miss Hattie Steinberg, high school journalism teacher from Lincoln, Nebraska.

The seminar will give individual attention to each of the enrolled

teachers, helping that teacher to prepare better for journalism instruction in the home school.

The high school teacher who wishes for more detailed study of particular aspects of journalism may enroll for the regular six-week or twelve-week summer school program. Course taught in this program include the following: *Evolution of the Mass Media in America, News Communication Fundamentals, Ethics of the Mass Media, Public Relations, Editorial Writing and Direction, News Editing*, and (the second six-week term) *Photo-journalism*.

Further information about either program may be secured from the School of Journalism, University of Texas.

Debate Manual First Volume Will Be Ready By June 1

For the first time, the State Office will have available for distribution Volume I of the Debate Manual by June 1.

The debate topic for the 1963-64 school year is on medical care. High school debaters who wish to devote some of their summer vacation time to studying the debate proposition

for next year may write to the Interscholastic League office and purchase single copies of Volume I of the Debate Manual.

If you are interested, write in today for this volume. The price of this volume is \$1.50.

The specific debate question will be decided this month by preferential ballot.

Texas Has Lost its Greatest...

Walter Prescott Webb, Roy Bedichek Devoted Their Lives to State's Schools

Texas recently lost two of its greatest citizens, both of whom had devoted their lives to the cause of public education.

The first of these, Roy Bedichek, was born in Illinois, his family moving to Texas when he was only five.

His contemporary, Dr. Walter Prescott Webb, was equally devoted to Texas traditions and ideals, understanding and appreciating the strength and potential of the Texas Frontier.

first attended and then taught in the public schools before he returned to Austin where he spent the remainder of his life as a teaching member of the faculty of The University of Texas.

The public schools of Texas can honor, not only themselves, but also these two great men by giving the name of either Walter Prescott Webb or Roy Bedichek to one of the new elementary, junior high, or high schools now being constructed in various areas of the state.

"Cultivated mind is the guardian genius of Democracy and, while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that freemen acknowledge, and is the only security which freemen desire."

Each would confirm the statement of Sam Houston: "The benefits of education and of useful knowledge, generally diffused through a community, are essential to the preservation of a free government."

BOOKS AND MAGAZINES

CREATING THE YEARBOOK, by Vida B. McGiffin and Orissa Frost Kinsbury. Hastings House Publishers, New York. 1962. \$12.50.

Designed to be used as a textbook in yearbook journalism classes this latest volume of "helpful hints" for producing the quality school annual may be an expensive disappointment to advisers and student editors.

Staffs interested in a brief history of the school yearbook or how to merchandise their efforts more successfully will have to wait for other sponsors-turned-authors to produce their how-to-do-it editions.

Perhaps preparing a text for yearbook production is like teaching swimming, i.e., you can't learn to the technique until you get into the water.

Friday—4:00 p.m.—Contestants, all conferences, must have machines set in Business-Economics Bldg. 502 ready for contest Saturday morning.

Special Notices

Headquarters—Set up in lobby of Gregory Gym to take care of registration, housing, rebate and other matters. Hours 1:00 p.m. to 10:00 p.m. Thursday; 8:00 a.m. to 10:00 p.m. Friday, and 8:00 a.m. to 6:00 p.m. Saturday.

Registration—All contestants and sponsors (except one-act play) register at Headquarters immediately upon arrival in Austin to receive all necessary instructions, sign for rebate, receive delegates' tickets, pick up messages, et cetera.

Rebate—Official contestants and sponsors are entitled to rebate as outlined in Rule 23 of the Spring Meet Plan. A qualified representative from each school must sign for rebate at Headquarters; rebate checks will be mailed to schools after State Meet.

Lodging—Beginning at 1:00 p.m. Thursday lodgings previously requested will be assigned to contestants and delegates. Those who have not submitted their requests will be assisted by the Housing Office at Headquarters.

Annual Breakfast—The annual League Breakfast and State Meeting of Delegates will be held at 7:30 a.m. Saturday in the Crystal Ballroom, Driskill Hotel. Tickets are \$1.15 per person including tax, and are available at Headquarters.

Speech Forum—The State Meet speech directors will discuss with high school speech sponsors the League speech contests and consider any recommended changes in poetry interpretation, prose reading, extemporaneous (informative) speaking and persuasive speaking Thursday at 7:00 p.m. in Business-Economics Bldg. 100.

ILPC—A reception for delegates to the Interscholastic League Press Conference State Convention will be given Thursday from 7:30 to 10:00 p.m. in the Main Auditorium of the Texas Union.

Science Conference—A conference for science contestants and sponsors is scheduled Friday at 7:30 p.m. Experimental Science Bldg. 333. Dr. Irwin Spear, state director of the League science contest, will discuss the problems and methods of preparing contestants for the science competitions.

Tennis Meeting—The Texas High School Tennis Coaches Association will meet at 7:30 p.m. Thursday at the El Toro Cafe.

Typewriting—Shorthand—A conference for all sponsors of typewriting and shorthand contestants, and any other business education teachers who desire to attend, will be held Friday at 7:30 p.m. in Business Economics Bldg. 101.

Slide Rule—A conference for all slide rule contestants and sponsors is scheduled Friday at 9:00 a.m. in Engineering Laboratories Bldg. 102. Jack Lenhart, state director on slide rule, will discuss contest rules and representatives of the College of Engineering and the Beckman Scholarship Committee will be present.

Photo Session—Professor Olin Hinkle of the UT School of Journalism will cover "Creative Photography." His talks on photography have done more to upgrade newspaper and yearbook photography in Texas than any other thing.

Dr. Reddick On Tap—When you need anything done, go to the busiest man you can find. I wanted someone who could give a good speech on "Student Publications—A Challenge." Dr. DeWitt C. Reddick is better qualified to tell us of the challenges and opportunities of student publications than anyone else.

McReynolds on Critics—Bill McReynolds, man of many abilities and multitudes of duties, will speak on "The Critics' View of School Newspapers." This will be an authoritative session.

Feature Session—Bill and his charming wife, Janet, have worked all year to help make the ILPC better than ever. They both deserve a vote of thanks.

Dr. C. Richard King, UT Journalism School specialist on features, will speak on "Features, The Plus for Readers." Many papers are weak in this field.

Immediate Media—Dr. R. C. Norris, assistant director of Radio/TV at The University of Texas, is working on another workshop for ILPC delegates.

ILPC Whing Ding—The Thursday night fun session will be something special. We have a number of acts scheduled, but need more. If you sing, dance, act, pantomime or put on any kind of variety show, let me put your name on the program.

Ballinger Party—Mrs. Jo Stallings, publications sponsor at Ballinger High School, and her staff invited me to speak at their annual banquet.

Newspapers Rated Better Than Ever

At this time of year it is my duty to check closely on all member papers. I peruse every copy possible. The Interscholastic League Press Conference judges go over rating issues and evaluate them in all categories.

The ILPC newspapers are of better quality than ever before. The quality of writing, makeup, headlines, features and editorials is better than ever before.

The critics were exacting. They literally picked papers to pieces in searching for areas that need improvement. They were quite frank in their comments. It is a tribute to the professional attitude of sponsors and students that not one letter was received condemning the work of the critics.

Membership Record

ILPC membership grew by exactly 50 this year. There are 408 members now, as opposed to 358 last year. Criticisms were ordered by 324 newspapers, which is 79 per cent of the membership.

Convention Facts

Jack Butler, editor of the Fort Worth Star-Telegram, will be the speaker at the ILPC banquet on Friday, May 3. I'm very proud to have Jack here.

The King Is Back

Mrs. Edith Fox King, journalism instructor at San Antonio College and long-time faithful ILPC consultant, will be back on the convention program this year.

Photo Session

Professor Olin Hinkle of the UT School of Journalism will cover "Creative Photography." His talks on photography have done more to upgrade newspaper and yearbook photography in Texas than any other thing.

Program is a Guide

The program of the Fifty-Third Annual State Meet appears in this issue of the Interscholastic Leaguer. This schedule, with perhaps a few alterations, will be mailed as a circular to all schools which qualify contestants from the regional to the State Meet.

This general program will be revised and reissued and will appear in the Official Program, and will contain in addition to the general schedule of events, the time and place of each, the names of each contestant and his school, as well as the names and numbers of all track contestants.

Each coach, contestant and sponsor should consult the latest program. Often, slight changes are necessary in the program from edition to edition. The first thing each should do, upon arriving in Austin, is to secure a copy of the Official Program, look up his own contest, and be sure that he is at the right place at the right time.

Time For Scholarships

Each public school administrator and sponsor is urged to direct the attention of his contestants to the fact that each boy and girl who qualifies to the State Meet in the literary and academic contests may apply for one of the scholarships available through the Texas Interscholastic League Foundation.

Any senior who is a contestant in the 1963 State Meet in the literary or academic contests is eligible to apply for the scholarships. Students selected to receive these scholarships will be chosen some time in June.

Scholarship application blanks may be secured from the League office and should be properly filled out and returned immediately.

U.S.L. Growing Pains

The League has now been in existence for fifty-three years and much water has passed under the bridge since its organization in 1910 at a Texas State Teachers Association meeting in Abilene.

Times have changed; schools have changed; universities and colleges have changed. The League itself has grown from a very limited affair, handling only debate, track and field, to an organization which yearly undertakes to make available to the public schools of Texas a complete interschool contest program.

This year the demand for League contest materials has far exceeded anything in previous years. More printed materials, used in preparing the various events, have been purchased by the public schools and their contestants than in any previous year.

In short, in this time of stress, it seems that the character of the work undertaken gives evidence of continuing vitality and annually meets the vital and growing needs of the member schools.

MUSIC MATTERS

Advisory Council Will Meet June 15

By NELSON G. PATRICK

The Music Advisory Council will meet with the Music Subcommittee of the Legislative Council and members of the Texas Music Educators Association Board June 15 at The University of Texas.

Elsewhere in this issue you will find an agenda for this meeting. Please contact your regional representative giving him your reactions to each item listed. Please give serious consideration to each entry.

Although the rule change may or may not affect your situation, it is affecting some one or more of the regions. Each change or suggested improvement is a result of complaints to this office, or defines ways of improving the contest situation within a given locale. We cannot solve local problems by League regulation regardless of the number and kind of rules and regulations we pass. We must examine each entry in relation to its effect on the total music Competition-Festival.

State Solo Contest

The third annual State Solo Contest will be held on June 10 in the Music Building of The University of Texas. State and national judges recommended by member schools have been selected for this event. Entries are due before midnight, May 1, or within 48 hours following the contests held in May (Solo Contests).

We are looking for an "Angle" or "Angles" to help us establish a scholarship foundation for the winners for this event. All other League State events have a large scholarship foundation for state winners. These scholarships cannot be encumbered by stipulations which would restrict the winners as to

school, college, region, or area of music in which he wishes to study.

Regional Reports

On March 3, we received the final report from regional marching contests. This was completed four months following the final contest. Let's hope we have as good reporting for the spring contest.

However, we do not have four months to complete this report. There are approximately 21 days until the close of school. All other League events require a report within seven days of the completion of the activity or the contest is declared unofficial, and rewards, honors, etc., are declared forfeited. Could we adopt such a plan?

Workshops

League-sponsored workshops are scheduled for June and the first week in July.

These include: American String Teachers Workshop-Conference—Samuel Applebaum; Big Brass Clinic—Bill Bell; Double Reed Clinic—Richard Blair and James Dickey; Marching Band—Gary Garner; Choral-Arts Workshop—Hugh Ross. Details will be mailed later.

Press Institute At TCU Scheduled

Texas Christian University and The Newspaper Fund, Inc. of The Wall Street Journal will hold a Scholastic Journalism Institute at TCU on June 9 through 15.

Prof. Bob Carrell of TCU will be director and Mrs. Margaret Caskey of Paschal High School in Fort Worth will act as assistant director.

The Institute, planned to aid school publications sponsors, will have sessions on news writing, reporting, and scholastic press, feature stories, editorials, news pictures, headlines, makeup, advertising, printer relations, careers in journalism and use of newspapers in the classroom.

Participants may earn one semester hour credit by active work and being registered for Journalism 040 (Special Projects and Studies). They may earn an additional five hours credit by remaining on campus through July 12 and engaging in supervised study under Journalism 041 (Readings in Mass Communications) and Journalism 042 (Journalism Seminar). For those who elect to remain for the follow-

Educational Theatre

Director Cites Gains in Drama

By ROY M. BROWN

Since this is the last issue of the Leaguer for this year, I suppose, I should spend my last "column inches" doing a little "axe-grinding." However, things have gone so well I can't think of a thing I would like to complain about. There are two reasons for this: (first) The majority of the one-act play directors and administrators have cooperated with this office to the maximum; (second) My faithful secretary, and right arm, Mrs. Gee, has been of invaluable assistance. She has gone to great lengths to keep me informed of all the major and minor pitfalls that might occur. Without her knowledge, past experience, and help, I'm afraid things would have been more than chaotic.

If I did voice a complaint, it would be toward the administrators who still deprive their students of an effective drama program. However, I have talked with many principals and superintendents this year, and a great number of them do recognize the importance of educational theatre. Some of them have broken away from the antiquated process of calling their drama classes Speech I, Communication III, Language Arts II, etc., and have entitled their classes, as they should be, Drama I, Drama II, etc. This is one of the most vital steps in securing the recognition of a drama program.

Ball of Fire

One superintendent stated, "I've got a drama teacher that's a 'ball of fire.' She produced three one-act plays recently. We had a single critic judge come in and evaluate the plays and select the one to go to the district contest." He continued by saying, "I've never witnessed a group activity that yielded such vast educational advantages to the student participant. One of the most amazing things was that the students ran the show. Technically, they performed like precision instruments. Not one mistake was made, and furthermore, our director never went backstage during the entire production." This is what we like to hear. Of course, it's "old hat" for us as directors not to be backstage during the actual production, but this gentleman wasn't aware of this procedure. His director is to be highly commended, not only for producing good plays, but for selling her program to the administration.

Joiners Benefit

Incidentally, the Secondary School Theatre Conference is a division of the American Educational Theatre Association. Those of you who do not belong to AETA should join. As a member of AETA, you can become a member of SSTC which entitles you to, among many other things, the SSTC News. The News is a handsome 16-page magazine, published triannually, that includes helpful hints and ideas about play production. The past issue contains Dr. Logsdon's editorial, and articles on "The Actor and Shakespeare's Language," "Elvanel-A New Binder for Scene Paints," "Sound for the Theatre," and "Improvisation—A Practical Approach for the Actor." I highly recommend this publication and hope that you will make arrangements to receive copies for your own personal library.

Air Force Bans

The Air Force banned cigarette manufacturers' distribution of free cigarettes in Air Force hospitals. The reason, given in a statement from the Air Force Surgeon General's office, is that evidence linking smoking and cancer can no longer be ignored. The Navy Department indicated it may apply the same ban, while the Army said it was not contemplating similar action.

Gym Lighting May Be Cause Of Bad Plays

In the gymnasium—unless there are enough windows to provide even illumination—the eye will have to adjust from brightness so high as to be glaring to brightness so low that seeing is difficult.

In the flight of a basketball, the eyes adjust to the brightness of the window and the basketball is seen in silhouette. When the ball drops, the eyes will adjust to seeing it against the lower brightness of the wall. But it will be difficult to see the ball for the first moment after it passes the border from window to wall. A key play may be lost and, after repeated visual adjustments, there is fatigue.

In one gymnasium, adequate lighting was provided with windows of glass blocks around all four sides so that the window space was greater than the remaining wall space. Since prismatic glass blocks bend part of the light upward, a white ceiling is suggested when they are used to help reflect and redirect the light around the room. (W. Allipin: "Is Daylight Necessary to Gymnasiums?" in BLBS NEWS, October 1962, Better Light Better Sight Bureau, 750 Third Avenue, New York 17).

Speech Workshop Sessions Scheduled June 24-July 25

The fourth Speech Workshop for High School Students will be held at The University of Texas June 24 through July 25.

The Speech Workshop will offer a selected group of high school students four weeks of intensive study and practice in the University Interscholastic League speech activities: debate, extemporaneous (informative) speaking, persuasive speaking, poetry interpretation, and prose reading.

Courses will be conducted by regular speech faculty members, including Dr. B. C. Kissel, Director State Contest in Persuasive Speaking, Mrs. Marjorie Parker, Co-director State Contest in Poetry Interpretation, and Dr. J. Rex Wier, Director State Contest in Debate.

Teachers and College students may earn three hours credit while participating in the workshop, by enrolling in Speech 362, Directing

Extracurricular Activities. The workshop will serve as a laboratory for the course. Interested teachers should write the director for further information.

Students will record various speech activities on video tape. They will then be able to see and hear themselves on closed circuit television. Recording sessions will be conducted in the studios of Radio/Television of the University.

A tournament will be conducted the final week of the workshop and trophies will be awarded to the winners of each of the events. (All League speech contests)

A limited number of scholarships to the workshop will be available to high school students. For further information write the Workshop Director.

Any bona-fide high-school student is eligible to apply for enrollment in the Speech Workshop. Address requests for further information to Dr. J. Rex Wier, Director Speech Workshop, Department of Speech, The University of Texas, Austin 12, Texas.

Phys. Ed.

The American Association for Health, Physical Education, and Recreation is conducting a national program on developing skill tests of the fundamental skills in many of our important athletic sports.

Tests have been developed for football, basketball, for both boys and girls, and softball and archery, under the direction of Dr. D. K. Brace, Department of Physical and Health Education, University of Texas.

Any high school teachers or coaches interested in giving these tests and reporting scores on forms which will be provided, are asked to write to Dr. Brace at the above address.

Dr. Frank D. Sills, State College, East Stroudsburg, Pennsylvania, is Chairman of the project.

AGENDA Music Advisory Committee June 15, 1963

Table with 4 columns: Members, Chairman, Region, and Term Expires. Lists members for various regions and their terms.

* Terms expire on the even or odd numbered years. In September 1963 all odd numbered Regions will elect a representative to the Music Advisory Committee. This may or may not conform with the election of Regional officers. Regions which designate their chairman as regional representative should note this plan of election.

Member of Music Sub-Committee of UIL Legislative Council are: Nat Williams, superintendent, Lubbock; Fred Covin, superintendent, Pittsburgh; Harlan Andrews, principal, Bellaire H. S. (Houston); W. C. Underwood, superintendent, Barbers Hill (Mont Belvieu); Drew Reese, superintendent, Three River.

POSTSCRIPTS ON ATHLETICS
BY DR. RHEA H. WILLIAMS

It is rather difficult for this writer to understand the prevalent attitude which many people, including many school administrators and coaches, show relative to the attitude expressed when a school is found guilty of violating a rule of the League.

The statement is often heard, "Isn't that too bad?", or "It's a shame that this school has been disqualified." These statements imply that the only thing wrong with violating a rule of the League is that they got caught and were found guilty.

There is a prevalent attitude among many that the sympathy should always be with the person found guilty and not with the large majority of school administrators and coaches who conscientiously abide by the rules and regulations of the League.

Who's Sorry?

The matter of where our sympathy should go when schools have violated a rule and have been found guilty needs examination. Each school when it joins the League accepts the eligibility rules of the League; and each school accepts each individual athletic plan voluntarily by signing an acceptance card for each particular athletic activity with the exception of track and field, golf, tennis and softball. The last mentioned athletic activities are automatically included when a school joins the League.

How can there be any misunderstanding relative to the set of rules which a school accepts in writing and which they have ample opportunity to read and understand the terms of each athletic plan prior to the voluntary acceptance of these rules? It is quite true that frequently there are honest mistakes made in the violation of League rules; however, any administrator or coach who is "worth his salt" would never undertake to administer or direct any activity before he had read the rules under which the contest was to be conducted. Any person, by spending thirty minutes reading the eligibility rules and the respective athletic plan or plans in which he will be involved, can understand the regulations which his school agrees to abide by in League contests. Sympathy should go not to the person found guilty but to the normal students in the school that have been deprived of the opportunity to participate or to those schools which have abided by the rules and regulations and have been defeated by those not abiding by the rules and regulations of the League.

Rules Protect

League rules are designed to be a guide by which a progressive administrator may chart the athletic course of his school and not as threats for intimidation purposes. They are designed to protect the administrator who insists on placing educational values as of first importance against the ones who believe in building winning athletic teams at any cost; to protect the student who is regular in his attendance and school habits and to protect the school system against exploitation by forces not connected with the educational system.

Your Rules

They are your laws and not laws imposed from without. All rules are placed in the Constitution by a majority vote of the member schools. To any school, in which the athletic policies are educationally sound, the League relations are a boon. They hamper only those schools in which other school work is made subservient to athletics or those which seek unfair advantage over which seek unfair advantage over other League schools. League rules can be made effective only when the member schools use their efforts to encourage strict adherence and enforcement.

Proper Perspective

The attitude that it is none of one's business what his neighbor does in the way of eligibility, or the contention that it is not necessary for him to conform to League regulations can do untold damage through encouraging disrespect for law. Furthermore, one is being unfair to his competitors if he fails to report irregularities.

School administrators should not be attacked on a personal basis for protesting a school which is violating the rules of the League. Only by so doing can be protect his own school, his students and his community. In fact, a person who does not protest known violations should not be respected because he is depriving his own students, school and community of a chance to compete on a fair and equal basis.

The late Albert L. Trester of Indiana summed up the matter of where our sympathy should be so well that we are using the rest of the column for his comments.

Sympathy Terminals

1. To the ineligible student who is kept from participation because of his ineligibility, or to the eligible student who is kept from participation because an ineligible student is given a place on the team?

2. To the guilty school that has been penalized or suspended from the League, or to the innocent schools that have observed the rules of the League in every way?

3. To the imported player who has given little or nothing to the new school, or to the home player who has given everything that he has to the school?

4. To the students and schools penalized by the rules, or to the students and schools protected by the rules?

5. To the gambler who has no responsibility, or to the coaches and principals who carry full responsibility?

6. To those who strive to win at any cost, or to those who consistently and sincerely consider the cost?

7. To the coach who develops players only, or to the coach who develops men as well as players?

8. To the irresponsible element that "razzes" the official, or to the official who executes the rules and bears the responsibility.

DEAN ED SHINN
... State Meet Referee.

Victoria Dean Meet Referee For State Event

Ed Shinn, dean of men at Victoria College, has been named meet referee for the State Meet track and field events in Austin, May 2, 3, and 4.

Dean Shinn graduated from Lockhart High School and took his bachelor's degree from Wake Forest College. He earned a master's at The University of Texas.

He coached track and football at Cuero and Victoria High Schools, and at Victoria College. Thirty-eight of the boys he coached went on to represent senior colleges and universities on track squads. Thirteen of them made the grade on Southwest Conference teams.

Victoria College teams coached by Shinn won the National Junior College track and field championship six times.

Durham; BACK ROW—Manager Malone, Mary Beth Ashley, Donnie Ray Prueft, Suzanne McCarroll, Carolyn Lynch and Jo Ruth Kimbro.

Sue Janes All-Stater For Third Year

Sundown dominated the Conference A All-State Tournament team with Sue Janes making the roster as forward for the third consecutive year. Her sister, Charlotte Janes, and Mildred McHam won guard positions on the team named by the Texas Sports Writer Association.

Two games to lead Sundown to its third straight Conference A championship.

AA All-Staters
Jo Ann Sparks, forward, and Barbara Jaska, guard, captured two positions on the honor team for Conference AA Champion West High School.

Janet Buckley of Friona and Linda Brown of Little Cypress filled out the forwards' posts on the team. Kay Bureson of Friona and Brenda Sweeney of Little Cypress won the other two guard positions.

B Honor Team Members
Mary Beth Ashley, forward, and Kay Clark, guard, won honor team posts for their play in sparking Slidell to the Conference B crown.

Other forwards were Lana Sue Crawford of Wells, Judy Ballard of Friendswood and Shirley Oles of Claude.

Joining Miss Clark at the guard spots were Sylvia Ann Hathorn from Wells, Billie Jo Thomas from Friendswood and Linda Thomas from Brock High School of Weatherford.

Mouth Protector Use Required For Football

For the 1963 football season it is mandatory that all players wear a tooth and mouth protectors, unless they have a written certificate from their dentist to the effect that they cannot, for physical reasons, wear them.

The mandatory requirement for tooth and mouth protectors is a part of the football equipment required before a pupil can participate in a game. It is a part of the equipment necessary to participate in a game, just as a helmet is. This requirement will be enforced by the game officials.

There can be no protest filed against another team if later evidence indicates that some player on the team did not have a tooth and mouth protector, as this is an official's decision, and no protest can be based on an official's decision.

Oregon Seeks News Bureau Information

The Oregon Association of Journalism Advisers is searching for secondary school student news bureaus.

Miss Katherine H. Johnstone of the OAJA is compiling a directory of such bureaus and would like to have all Texas bureaus listed.

"I would appreciate it if the journalism adviser in any school with a student news bureau would write and tell me about it," Dr. DeWitt C. Reddick said.

Secondary school that has such a bureau can be listed in the directory if full information is sent to Dr. Reddick at The University of Texas School of Journalism.

TSSE Sessions To Be In Austin On May 3

The Texas Study of Secondary Education will hold its 22nd annual spring conference at the Driskill Hotel Friday, May 3, from 9 a.m. until 4 p.m.

The theme is "High School-College Relationships." Main speaker will be Dr. Joseph R. Smiley, president, The University of Texas.

The morning session will be devoted to discussion of the theme with Dr. Kenneth E. McIntyre presiding. Reports will be made on the Texas study by Dr. J. G. Umstadt and on the high school principals' association by J. E. Ferguson, president.

After luncheon on the mezzanine, the afternoon will be devoted to three sectional meetings—large senior high schools, small senior high schools and junior high schools.

Six Records Set By Girls In Tournament

Six new records were set at the State Girl's Basketball Tournament. Judy Ballard of Friendswood tossed in 89 points in two games to break the record of 85 set by Sue Janes of Sundown in 1961.

Claude took over the lead as the most frequent competitor in the State Tournament with eight trips. They came in 1951-52-53-54-60-61-62-63. They had shared the old record of seven with Claude and Skidmore-Tynan. Claude's eight State Tournament trips is a record for the whole tournament and for Conference B.

Sundown took a share of the "Most Consecutive State Championships" with their third. They join Claude and North Hopkins of Sulphur Springs in holding this record.

Sundown has now won more state championships than any other Conference A school, with three to their credit. The old record of two state B crowns was held jointly by Sundown, Dimmitt and Cooper.

Summer Play May Violate Amateur Rule Provisions

School administrators and coaches should, during the next month, have group meetings of all prospective athletes and explain to them carefully the League's Amateur Rule, Article VIII, Section 8, so that no student may forfeit his eligibility or cause a school to be deprived of honors through violation of this rule.

The Amateur Rule is violated when any pupil receives cash or valuable consideration for teaching, officiating or participating in any athletic sport, or game, or who in any game, outside of games played as a member of his school team or the League, has competed on an athletic team with a paid player or for valuable consideration has allowed his name to be used for the promotion of any product, plan or service.

The following activities are considered athletic sports or games; baseball, basketball, bowling, boxing, football, golf, rodeo events, softball, swimming and diving, tennis, track and field, weight lifting and wrestling.

This rule does not apply to pupils who were under 15 years of age at the time payment for athletic services was made. A pupil adjudged by an appropriate committee to be in violation of this rule is ineligible for one year from the time of violation.

It should be noted that a boy may play against a paid player, but he may not play on the same team with a paid player.

The acceptance of cash or valuable consideration by someone else for the boy in an evasion of the Amateur Rule, and should be interpreted the same as if the boy received these items. Acceptance of golf balls, bags, clubs, etc., and the playing of any golf team with a paid player is in violation of this rule.

The signing of a letter of intent for athletic ability is in violation of this rule.

Violation of the Amateur Rule results not necessarily from participating in a rodeo event, but from accepting cash or valuable consideration. In other words, a pupil may enter a rodeo contest and an individual entry and win the event without violating the Amateur Rule—but if he accepts cash or valuable consideration is in violation of this rule.

Baseball Conditions

A boy may participate in summer baseball under the following conditions and not violate the League's Amateur Rule:

(1) He must not play on the same team with any paid player or any player who received valuable consideration. He can play against other teams which may have paid players.

(2) He cannot receive any expense money of any type for travel, meals, or lodging. Any expense money must be handled by the manager of the team in the same way that the high school coach would handle the funds, and the boy must never receive any cash or transportation tickets.

(3) Any money that may accrue from the gate receipts or from any other source cannot be distributed among the players on a team without those players becoming paid players. If a high school boy played on this team he would then become ineligible as he has played with paid players.

(4) It should be kept in mind that any collection taken up at a game as a result of a person hitting a home run or doing any other outstanding feat would make the player accepting this money a paid player, and all players on that team would then become ineligible if they were high school students.
