

FALL 2016 SUPERINTENDENT SURVEY

FOR CONFERENCE 5A ONLY

Currently in football only, Conference 5A is split into divisions after the regular season. All of the schools in the conference are placed into 32 districts for the two-year alignment period. After district competition, the playoff teams are separated into divisions with the top two highest enrollment teams from each district going into Division I and the two lowest enrollment teams from each district going into Division II. Conferences 1A-4A are aligned into a split conference format. The schools in each of these conferences are divided into two divisions based on enrollment with the largest half being placed in Division I, and the smallest half being placed in Division II. Schools in a division are then placed into 16 districts for the two-year alignment period. The top four finishers from each district advance to post-season for Conferences 2A-4A.

In Conference 5A (Football only), would you be in favor of a rule change that would split the Division I and Division II conferences (split conference alignment as is currently done in Conferences 1A-4A) prior to the alignment release?

CONF. & REG.	YES	NO	NO RESPONSE
5A Region 1	24	23	0
5A Region 2	24	18	0
5A Region 3	24	45	1
5A Region 4	28	26	0
TOTAL	100 (47%)	112 (53%)	1 (0%)

FOR CONFERENCE 6A ONLY

Currently in football only, Conference 6A is split into divisions after the regular season. All of the schools in the conference are placed into 32 districts for the two-year alignment period. After district competition, the playoff teams are separated into divisions with the top two highest enrollment teams from each district going into Division I and the two lowest enrollment teams from each district going into Division II. Conferences 1A-4A are aligned into a split conference format. The schools in each of these conferences are divided into two divisions based on enrollment with the largest half being placed in Division I, and the smallest half being placed in Division II. Schools in a division are then placed into 16 districts for the two-year alignment period. The top four finishers from each district advance to post-season for Conferences 2A-4A.

In Conference 6A (Football only), would you be in favor of a rule change that would split the Division I and Division II conferences (split conference alignment as is currently done in Conferences 1A-4A) prior to the alignment release?

FOR ALL CONFERENCES

Currently in Track and Field, the top 4 finishers in each event advance from the district meet to the area meet, then the top 4 finishers in each event advance from the area meet to the regional meet. If a majority of schools across both districts decide, with a majority vote, the area meet can be cancelled and the top 2 finishers in each event advance directly from the district meet to the regional meet, with no area meet. A proposal has been presented to the Legislative Council that would make the area meets required, with no option to cancel them.

Would you be in favor of a rule change that requires area meets in Track and Field with no option to cancel?
