

Marching Band Props

UIL has the following policies concerning marching band props.

- 1) The use of props is not part of the UIL marching band adjudication process. Therefore, props are not addressed on any of the adjudication sheets.
- 2) Props may be assembled, held, and/or moved by eligible student participants and/or non-students during the 5-minute show set-up, the 8-minute show, and the 2-minute field exit.
- 3) All props must comply with local stadium ground rules and therefore must fit into the stadium where the performance is being held.
- 4) UIL contest chairs are to make an effort to minimize the amount of time that props are stored in the end zone before and after a band's performance.
- 5) UIL contest chairs are to make an effort to restrict the assembly of props in the audience's line of site during another band's performance.
