General Information

The responsibility for obtaining membership, organizing a district and making preparations for competition in district activities rests with the member schools.

Joining the University Interscholastic League
Public elementary, middle and junior high schools obtain membership at no cost through their parent high schools. Schools must indicate their intent to participate in UIL academic activities by registering with UIL by Nov. 15. For elementary and junior high schools in districts having no member high schools, contact the UIL office for membership information.

Free Materials
Upon registration, each campus will receive one digital copy of the A+ Handbook, which includes information about each contest, sample test items, scoring sheets, directions for conducting contests and tournaments, sample entry forms, conflict pattern and results forms.

Free Materials
Upon registration, each campus will receive one digital copy of the A+ Handbook, which includes information about each contest, sample test items, scoring sheets, directions for conducting contests and tournaments, sample entry forms, conflict pattern and results forms.

First, Participation Registration
Registration starts the process for elementary and junior high schools that want to participate in UIL activities. Schools that register receive a digital copy of the current A+ Handbook. Due by Nov. 15. Register online. * USE SEPARATE ONLINE ENTRY FOR EACH CAMPUS

Next, the District Information Forms
After schools have formed their districts and selected a district chairperson, that person fills out the District Information and Materials Order form on the UIL web site. Due by Sept. 25 for Fall/Winter district meets held between Dec. 1 and Jan. 31. Due by Nov. 15 for Spring district meets held between Feb. 1 and the last Saturday before Memorial Day.

Forming a District

High school districts consist of schools within a single UIL conference. This isn’t necessarily the case with A+ districts. For example, an A+ district may consist of schools whose parent high schools may be 1A, 2A and 3A. Districts are often organized based on proximity rather than size of parent school. Regardless of how it is organized, the schools within the UIL district operate the official UIL A+ district meet. Schools may participate in only one official UIL district meet.

FOLLOW HIGH SCHOOL SPRING MEET DISTRICT ASSIGNMENT

In many cases, especially in smaller conferences (1A, 2A and 3A), elementary, middle and junior high schools will simply follow the high school Academics assignments. Typically, the high school basketball chairman from the previous year will call a meeting of the high schools in the district. The representatives attending this meeting may select a person to take the responsibility of organizing the elementary, middle and junior high schools for a district meeting.

FORM A DIFFERENT DISTRICT

For whatever reasons, usually involving travel distance, scheduling or number of schools participating, some elementary, middle and junior high schools elect to form their own UIL A+ district. This A+ district can cross conference boundaries and school district boundaries. It only takes three interested schools to form a district. The only restriction on forming a UIL A+ district is that all the schools in the district must agree on which schools are in the district. It’s up to the principals and campus-level UIL coordinators to contact other schools and to hold the planning meeting.

The designated administrators from each participating school form the district executive committee, which should elect a district meet director and plan the district meet. Districts in which more than 8 campuses wish to compete should consider dividing these schools into two or more districts. Each district may then enter a full slate of contestants. Planning meetings for Fall/Winter district meets (held Dec. 1 - Jan. 31) should occur before Sept. 25. Planning meetings for Spring district meets (held Feb. 1 or later) should occur before Nov. 15.

From participation registrations, the League will compile a directory of participating schools. If you are forming a new district, or if your school is participating in UIL activities for the first time, refer to this list on the UIL web site. To receive a free copy of the A+ Handbook, campuses must register by the Nov. 15 deadline.

Team? Column

Ind. = Individual Only
Both = Individual with Team Option
(* - Team Awards are not optional in One-Act Play)

Contests offered by Grade Level
The UIL offers elementary contests beginning at grade 2. The district executive committee may choose to offer all or just some of these contests. Districts may offer the team component of contests that have such a component. Consult individual contest rules for instructions on handling the optional team component. Letters in the chart indicate different versions of the contest materials offered. For example, there is one set of prompts for students in grades 3-4 in ready writing, a different one for students in grades 5-6 and another for grades 7-8.
The District Chairperson

There are many ways to select a district chairperson. For schools that follow the high school district assignments, a chairperson may be appointed. Some districts select a person at their first meeting to serve as chairperson that year. Other districts have been functioning for years and have created their own system. New districts need individuals to take the initiative.

Among the most important duties of the district chairperson are to complete the online District Meet Information and Materials Order Form, and to remind all participating schools to register with UIL.

Responsibilities of the District Chairperson

- Remind all competing schools they must register with the UIL to participate.
- Complete the online District Meet Information and Materials Order Form by Sept. 25 for Dec. 1 - Jan. 31 district meets and by Nov. 15 for district meets scheduled Feb. 1 and later.
- Provide all participating schools the minutes of the district planning meeting.
- Design (if necessary) and send an entry form to the schools in the UIL district at least one month prior to the meet.
- Assume the responsibility for conducting the meet in an orderly manner.
- Distribute to contest directors all contest materials furnished by the League office.
- Assist contest directors with questions.
- Develop a list of winners compiled from the reports furnished by the contest directors.
- Make the contest results available to all participating schools and local media.
- See that contest materials are returned to participating schools only on or after the official return date. (See the current UIL calendar)
- Submit the Academic District Participation Summary (see Appendix) to the UIL office after the district meet.

The District Executive Committee

At least one representative from each participating campus, preferably both the principal and the UIL academic coordinator, should meet to organize the district. The administrators from each school comprise the District Executive Committee, which should meet with the campus coordinators before Sept. 25 for fall district meets and before Nov. 15 for spring district meets.

The District Executive Committee **DOES NOT** have the authority to modify any contest rules in The Constitution and Contest Rules.

Responsibilities of the District Executive Committee:

- Elect a district chairperson, if one has not been appointed.
- Decide which events will be offered.
- Decide if contests will be divided by grade level or with combined divisions as described in the Constitution and Contest Rules (C&CR).
- Decide who will host the meet.
- Set a date and schedule the district meet between Dec. 1 and Jan. 31, or Feb. 1 and later. All events for a particular district should be scheduled in either the fall/winter or spring timeframe - do not split a meet across the two timeframes.
- Decide what kind of awards will be given (ribbons, medals, certificates, etc.).
- Decide who will purchase awards and from what source. UIL does not provide ribbons or medals.
- Decide if there will be an entry fee. If so, determine the amount.
- Decide where and when the awards will be given (in contest rooms or at an assembly).
- Assign a contest director for each contest, usually teachers or UIL coordinators from the various schools in the UIL district, in accordance with individual contest rules.
- Determine who will select and train judges, graders and contest directors.
- Determine who will design the entry form if forms other than those provided in the appendix are needed.
- Decide when entry forms will be distributed, when they are due and to whom they should be submitted.
- Determine policies regarding late entries and substitutions, preferably similar to those contained in Section 902 (g) of the C&CR for high school academic meets.
Duties of the campus coordinator

- Register the campus with the UIL state office each school year (online at the UIL web site).
- Work with the principal concerning coordination of the UIL academic program.
- Serve as the liaison between the school and the UIL state office.
- Serve with the principal on the district executive committee for A+ events.
- Serve as the liaison between the coaches of UIL events and the principal and district executive committee.
- Order study materials from the UIL office.
- Ensure that the contents of packages from the UIL office are distributed appropriately.
- Provide a central location for filing and storage of UIL materials.
- See that coaches receive information posted on the UIL web site that pertains to the events they coach.
- Recruit teachers and students to become involved in UIL contests.
- Arrange for intraschool and/or interschool competition prior to the official academic district meet.
- Submit entry forms to the host site director according to procedures determined by the district.
- Write articles and provide information to the local media regarding student participation in UIL events; clip and display articles published about events for parents and school officials to see.
- Provide the community with information about the competition, the importance of rules in competition and how rules are made and changed.
- Make recommendations for next year’s A+ academic contests.

Inform Teachers of Decisions

The district chairperson or designee should make available the results or minutes of this meeting to the teachers who might be coaching students in the events so everyone knows which events will be offered, the number of contestants allowed in each event, and any special considerations that might be necessary for the coaches and coordinators to know while working with the contestants throughout the year. It is important that this information be distributed as soon as possible after the planning meeting.

The District Executive Committee DOES NOT have the authority to modify any contest rules in the Constitution and Contest Rules.

The Campus Coordinator

On each campus, one person should be designated as the coordinator for UIL academic contests. Sometimes, this is the principal. More often, it’s a teacher appointed by the principal.

Academic Coaches

Coaches of academic events are responsible for learning the rules of the contest as indicated in the Constitution and Contest Rules and the A+ Handbook, recruiting and training students to compete and working with campus and contest officials to ensure the smooth running of the contest.

Coaches of students through the eighth grade level are not required by UIL to sign a “Professional Acknowledgment Form.” Individual districts may, however, ask that their employees sign this form to pledge commitment to knowing the rules of competition. You may request a copy from your high school principal.

Volunteers and community resources are okay. Paying stipends is okay. The coach need not be a school employee, but must have approval of the administration.
Learn the rules
Coaches should carefully read the rules for each contest for which they are responsible. Current rules can be found in the A+ Handbook and on the UIL website. They are also in the Constitution and Contest Rules, which is posted on the UIL website and which may be purchased through the UIL Online Store. The C&CR designates the A+ Handbook as the official source for contest rules and instructions not contained in the C&CR. The principal or campus coordinator should see that every coach has a copy of the appropriate rules. In addition, coordinators should regularly check the A+ website for any notices, corrections or clarifications. Updates and online Leaguer articles concerning A+ academic programs are posted on the website throughout the year.

Attend invitational meets
Attend and/or host an invitational meet. It’s the best way to learn the format of the contests and how to run the contests. It’s also a great chance to network with other coaches.

Use study materials
Utilize study materials published by UIL. Materials may be purchased through the UIL online store. The Academic Materials Study Booklets contain material for the art, calculator applications, chess puzzle, creative writing, dictionary skills, editorial writing, impromptu, listening, maps, graphs & charts, mathematics, number sense, ready writing, science, social studies, and storytelling contests, and provide the information you need to get started. Handbooks are also available for some events.

Be the initiator
Someone must initiate the process that can provide an academic competitive experience for students. Coaches should expect an enthusiastic response from almost every student and parent, but they have to be prepared to provide the time and resources it takes to have a successful program.

The District Meet
Although the district director’s school often hosts the meet, this is not mandatory. The most essential element in planning and running a district meet is communication among the district director, the host school and all participating schools.

Some UIL districts have the host school provide rooms, contest directors and judges. Other host schools, especially college or junior college campuses, provide rooms, with each participating school responsible for one or two contests, including locating and training judges. All these details should be worked out well in advance of the meet. Who is responsible for what should be determined at the first district planning meeting. Typical duties of the host school include the following.

- Provide any necessary maps and/or parking instructions.
- Schedule rooms for contests.
- Equip meet officials with contest rules and other supplies needed for each A+ event (stopwatches, pencil sharpeners, etc...)
- Furnish contest directors who recruit and train judges, or work with assigned contest directors from participating schools.
- Provide an area for students to wait for contests to begin and between events.
- Provide rooms for judges and graders to work after a contest is complete.
- Provide a room for results to be compiled and verified.
- Arrange an awards assembly.
- Make arrangements for any necessary meals or refreshments.
- Secure timekeepers and monitors.

Selecting judges and graders
Contest directors may have the responsibility of locating and training judges and graders for their events. Contest directors generally have a better idea of what needs to be evaluated and who has the skills to adequately evaluate or judge the contests. In most contests, coaches of participating students may grade contest papers. Judges not affiliated with participating schools should be secured for speaking events.

When to hold a district meet
Select dates at the District Executive Committee meeting. The UIL offers district tests that may be used beginning Dec. 1 for Fall/Winter districts and Feb. 1 for Spring districts. Official UIL district materials are not available for use before those dates.
The schedule
The district executive committee or the host school under the direction of the district executive committee should set the schedule. All schools and coaches should be notified of the schedule of events offered and any restrictions on entries as soon as these are set so they can plan accordingly. A schedule that allows students to enter more than one contest during a one-day or two half-day schedule is desirable. However, districts may choose to limit the number of events any one student may enter.

**Finding conflicts**
To see if one event conflicts with another, find the first event and note the shaded areas. Go down to the next event. If it’s offered at the same time, the events conflict. For example, storytelling begins at 9:30 a.m. It conflicts with ready writing, maps, graphs & charts, dictionary skills, memory music and number sense. Because it has a final round, it also conflicts with calculator applications and spelling. This conflict pattern is created for a one-day meet. Schools hosting meets over two half-days should create their own conflict pattern and notify all participating schools as soon as possible regarding conflicts.

**ADDITIONAL GRADE LEVELS**

With the approval of the elementary and junior high district executive committee, districts may elect to create a division of a contest for each designated grade level or additional grade levels.
Develop an entry form

The district executive committee should develop or assign a specific school the responsibility of designing an entry form tailored to fit the events and divisions of events decided upon at the district meeting. For example, some smaller UIL districts have one division of junior high number sense (grades seven and eight) with three students from each school. Other UIL districts have a division of number sense for seventh grade (three contestants) and a division of number sense for eighth grade (three contestants). Sample entry forms are included in the appendix. Be sure to indicate to whom the form is to be sent and the deadline for entry acceptance.

The entry forms should be sent to participating schools at least one month before the meet with instructions that they be returned to the district director at least 10 days prior to the meet. If districts have different deadlines, these should be clearly indicated on the entry form.

Substitutions

Policies regarding substitutions should be determined by each district prior to the meet. The UIL suggests that districts establish procedures similar to those that have been devised for high school competition. (Section 903(f) of the C&CR)

A. Students whose names do not appear on academic district entry forms.

Eligible students may serve as substitutes for an original entry by providing the contest director with a substitute eligibility form found on the UIL website or a letter signed by the designated administrator certifying the student's eligibility. The substitution form or letter shall be presented to the contest director before the student competes. At the conclusion of the meet, the contest director shall submit all substitution forms or letters to the district academic meet director to be filed with the school's original online entry form.

B. Students whose names appear on academic district entry forms.

Students who have been certified as eligible but who are to be substituted into another event shall provide the contest director with written notification signed by the event sponsor or a representative from the contestant's school. Eligibility is already certified; therefore, written notification is for the convenience of the contest director who may not have a copy of the academic or one-act play forms.

Late Entries

Entries should be submitted to the district director or designated host school director at least 10 days prior to the tournament. Each district determines policies concerning late entries. The Constitution and Contest Rules offers no guidance on such policies; however, the UIL recommends that districts establish procedures similar to those that have been devised for high school competition (Section 903(f)). Late entries include the following:

A. Late entry of an entry form. Submitting a district meet entry form after the deadline constitutes a late entry.

B. Late entry of an event. Entry of an event not entered by the school prior to the deadline constitutes a late entry.

C. Late entry of an individual. Entry of an individual to fill a place left vacant on the district meet entry form after the deadline constitutes a late entry.

If the approval for a late entry is granted, the coach or contestant shall provide the contest director, prior to the beginning of the contest, a letter signed by the superintendent or designated administrator certifying both the eligibility of the student and the fact that the District Executive Committee or the district academic meet director has approved the late entry. At the conclusion of the meet, the contest director shall submit the letter to the district academic meet director to be filed with the school's original entry form.

Order contest materials

After you have set the dates for your district meet and determined approximately how many students will be participating, complete the online District Meet Information and Materials Order Form if you are hosting the district meet. Do not forget this important step! The UIL state office has no way to know what materials you need or when and where to send them without the District Meet Information and Materials Order Form. The form must be completed online at the A+ website. Materials will be shipped to the district director or the person designated before the date of the district meet. There is no charge for district meet materials for meets conducted during official A+ district timeframes (Dec. 1 - Jan. 31; Feb. 1 and later).

Participation summary

The UIL requires that the host of an A+ district meet return the Academic District Participation Summary to the state office following the district meet. This form can be found on the UIL website.

Visit the [UIL ONLINE STORE](https://www.uiltexas.org/store) to order copies of last year's contests.

Use the [DISTRICT MEET FORM](https://www.uiltexas.org/meet-director-form) on the UIL website to order materials for the district meet (meet directors only).

District materials for Fall/Winter district meets held Dec. 1 - Jan. 31 will not be available for use before Dec. 1. District materials for Spring meets held Feb. 1 and later will not be available for use before Feb. 1. If your meet is scheduled for very early December or February, you will still receive your materials at least a few days ahead of time, but they may not be used prior to the official release dates. Only the district director or the host of the district meet can order materials for the district meet.

Order invitational meet materials from the [UIL Online Store](https://www.uiltexas.org/store) (host sites only). Not to be used to order practice materials.

CONFIDENTIALITY OF CONTEST MATERIALS: Coaches, contest directors and contestants are responsible for maintaining confidentiality of district meet contest materials.
Invitational Meets

The UIL district executive committee for elementary and junior high schools governs the district meet. Host schools govern invitational meets and participation is open to any school the host school invites. Any school can host and govern an invitational meet and may invite any other school regardless of size or membership in UIL. The host school also determines which contests are offered, what awards are given and sets entry fees. Invitational meets give students the opportunity to compete in an organized setting, and to experience what the district meet will be like. Call neighboring schools to find out who is hosting an invitational meet.

The UIL creates one set of tests and materials for A+ invitational meets each year. This material is not for sale for study purposes and will only be provided to schools hosting invitational meets.

Because the UIL only creates one set of invitational materials for elementary and junior high schools, students who attend more than one invitational tournament may be tested on identical material, unless host schools secure or create original tests. Academic coaches should limit student participation to only one competition using the same set of UIL materials.

Invitational meet hosts have several options for securing tests: ordering tests from the UIL office from the UIL Online Store, altering UIL tests from previous years, writing their own tests or ordering tests from other sources.

Prior to an invitational meet

- Appoint an invitational meet director.
- Recruit contest directors.
- Determine how judges and/or graders will be selected and trained.
- Hold a planning meeting for the meet director and the event directors to determine:
  - fees to be charged
  - date of the meet
  - events to be held
  - optimum number of students for each event and any restrictions
  - awards to be offered
  - facilities needed
  - schedule of events and any entry limitations caused by the schedule, and
  - provision for refreshments or concessions
- Design an entry form that fits the specific meet
- Mail invitations, an entry form and a brief description of the requirements for each event. Indicate date by which the entry forms should be returned.
- Assign rooms.
- Obtain or write tests.
- Send out press releases and lists of results to members of the local media and to all participating schools.

A+ Invitational materials are provided in digital format. The materials contain tests, answer keys, answer sheets, evaluation sheets, etc. The contest host must duplicate all needed materials. Generic forms not included and may be duplicated from this handbook or downloaded from the UIL A+ web site.
Subchapter D: Elementary and Junior High

Section 1400: JUNIOR HIGH (7TH AND 8TH GRADE)

Section 1400: JUNIOR HIGH (SEVENTH AND EIGHTH GRADES)

(a) ELIGIBILITY REQUIREMENTS FOR SEVENTH AND EIGHTH GRADE PARTICIPANTS.

(1) Student’s Eligibility. An individual may participate in UIL competition or contests as a representative of the participant school he/she attends if that student has been in attendance and has passed the number of courses required by state law and by rules of the State Board of Education, and is passing the number of courses required by state law and by rules of the State Board of Education.

(2) Junior high students are not prohibited from competing at a grade level higher than the one in which they are enrolled. Refer to Subchapter M for high school eligibility standards.

(3) To participate in athletic competition, a student who initially entered the seventh or eighth grade during the current school year and has a special needs condition which delayed his or her education by at least one year, and students who are overage due to limited English proficiency, and who have substantiation from a language proficiency assessment committee, may petition the UIL to participate at grade level. The following must be submitted to the UIL for eligibility determination (not required for non-athletic competition).

(A) A special education student must provide documentation of a special education status and documentation that a disability delayed his or her education by at least one year.

(B) A student with a history of a disability must provide documentation from a 504 committee or an ARD committee proving the existence and length of time of the disability that caused the delay of at least one year in his or her education.

(C) A student with limited English proficiency must provide documentation of the recommendation of the LPAC.

(D) Students must provide documentation of date of birth and a copy of a current physical, including height and weight.

(E) The district executive committee may appeal the decision of the UIL to the State Executive Committee.

(b) ELIGIBILITY REQUIREMENTS FOR ELEMENTARY SCHOOL PARTICIPANTS. An individual may participate in UIL competition or contests as a representative of the participant school he/she attends if that student:

(1) Has been in attendance and has passed the number of courses required by state law and by rules of the State Board of Education and is passing the courses required by state law and by rules of the State Board of Education.

(2) Is a sixth-grade student who will be too old to participate the following year as a seventh grader and who has a special needs condition which delayed his or her education by at least one year. (Applies to athletic competition only – Refer to Section 446).

(3) No Interscholastic Athletic Competition Below Seventh Grade. No interscholastic athletic competition is allowed in any conference for teams in the sixth grade and below. This does not apply to annual inter-school elementary field days. This rule would not prohibit a school district from being involved in the facilitation of an enrichment/intervention program which may or may not include athletic activities involving students from their own schools. Exception: Certain athletic exceptions allow sixth grade students to participate. Refer to (2) above and Section 1478.

(c) RULES JURISDICTION. All public schools that participate in seventh and eighth grade UIL activities must abide by public school laws, TEA regulations and UIL regulations. Refer to Section 11.

(d) SCHEDULING.

(1) District Academic Contests. Schools may use no more than one school day or two half-school days per school year to hold the district academic contests.

(2) District Music Contests. Schools may use no more than one school day per school year to hold the concert and sight-reading contests. Students in seventh and eighth grade may participate in composite groups prior to the end of the academic school day. Refer to Section 1102 for definition of composite groups.

(3) Other Competitions. No other game, contest or tournament shall begin prior to the end of the academic school day.

(e) SUNDAY PARTICIPATION. No UIL participant school shall sponsor individuals or teams in any contest or school competition on a Sunday in a UIL contest or a contest similar to one offered by the UIL. Schools shall not conduct practices or teach any plays, formations or skills on Sunday.
(f) NON-TRADITIONAL SCHOOL YEAR. (Refer to Section 383).

(g) LIMITATION OF AWARDS.
(1) Awards To Individuals. A participant school may not give and a student may not accept awards for participation in interschool competition in excess of $10 per year (total for all UIL school activities). Certificates awarded by the school, school district or district executive committee to recognize participating students do not count against the $10 limit. A student may accept a symbolic award in recognition of his/her achievement in an interschool contest if it is given by the organization conducting the contest (e.g., all-tournament awards, ribbons, plaques and medals).

(2) Awards To Schools. A district championship trophy or award may be awarded by the district executive committee.

(h) AMATEUR RULE. There is no amateur rule for junior high school students competing in junior high competitions. Section 441, Amateur Athletic Status, does not apply to students until the first class day of their ninth-grade year.

(i) MEMBERSHIP.
(1) School District. Junior high/middle schools receive membership in the UIL through the paid memberships of their parent high schools.

(2) K-8 Independent School Districts. For school systems with no high schools, refer to the membership fee structure in Sections 10 through 14.

(3) Superintendent's Responsibility. The superintendent shall have final responsibility for membership. When a school board elects to pay membership fees to join the UIL, it agrees to accept and observe the terms of participation in the contests as set forth in the Constitution and Contest Rules. This is a voluntary organization. All conditions surrounding participation are freely accepted and both the letter and spirit of the rules are to be observed. Thus, when disputes arise, they shall be settled by the committees in the prescribed manner.

(j) DISTRICTS.
(1) No District Assignments. Junior high schools will not be assigned to junior high districts or conferences by the UIL office. Schools may follow the high school academic and/or athletic district assignments or form their own district. Students will represent their campus in the junior high academic and athletic district meets.

(2) Required Assignments. The UIL office reserves the right to assign contestants or teams to districts.

(3) Composite or Combined Teams. Students will represent their campus. Combined or composite teams are not allowed in UIL district academic or athletic competitions.

(k) VIOLATIONS AND PENALTIES.
(1) Penalties. Penalties are applicable to the appropriate violator as stated in Sections 27 and 29.

(2) May Not Play Suspended Schools. No school in the UIL shall engage in any contest, game or scrimmage with a suspended school, and any school violating this rule may be suspended. This prohibition applies only to the contest in which the school is suspended.

(3) Minimum Penalty. Forfeiture of the contest is the minimum penalty for using an ineligible contestant.

(4) Receiving High School. The receiving
Faculty leaders are encouraged to fully prepare students for competition while insuring that broad educational objectives are never compromised in the pursuit of victory.

Section 1401: A+ PROGRAM ACADEMIC PLAN

(a) PURPOSES. Participation in UIL academic contests should help students develop oral language and communication skills, become independent readers and writers, develop conceptual understanding, learn to solve problems and apply knowledge to all facets of their lives.

(1) All A+ competitions should be conducted so that educational objectives are achieved, highest standards of sportsmanship are upheld, and no single phase of the program is promoted at the expense of other programs.

(2) Schools are encouraged to participate in a full range of contests, to offer as many opportunities for competition as possible, to administer all contests fairly and efficiently, to provide specific, positive feedback and to see that competition is conducted in a nurturing and educational environment.

(3) Faculty leaders are encouraged to fully prepare students for competition while insuring that broad educational objectives are never compromised in the pursuit of victory.

(4) Administrators should help create learning environments, structures and policies that encourage educational competition while adhering to the school’s general educational mission.

(b) A+ MEET CODE. The general A+ Meet Code means to:

(1) participate in contests in the spirit of fairness and sportsmanship, observing all rules – both in letter and in spirit;

(2) sponsor and advise individuals and teams without resorting to unethical tactics, trickery which attempts to skirt the rules or any other unfair tactic which detracts from sound educational principles;

(3) accept decisions of officials and judges without protest and extend protection and courtesy to officials;

(4) regard opponents as guests or hosts while placing personal and/or team integrity above victory at any cost. Maintain grace and poise in victory or defeat. Conduct that berates, intimidates or threatens competitors, based on gender or ethnic origin, has no place in interscholastic activities;

(e) MEMBERSHIP IN UIL; FORMING DISTRICTS.

(1) Membership. Elementary, middle and junior high schools receive membership in the UIL through the paid memberships of their parent high schools. The superintendent shall
have final responsibility for membership. For school systems with no high schools, refer to the membership fee structure in Sections 10 through 14.

(2) Statement of Participation. Elementary, middle and junior high schools should indicate their desire to participate in UIL activities by registering with the UIL office. Deadline for registration is November 15.

(3) Compliance with the UIL Constitution and Contest Rules. Contest directors shall not deviate from the Constitution and Contest Rules in administering UIL A+ academic contests. The district executive committee may elect to add or delete UIL contests from its specific meet plan.

(4) The UIL’s elementary contest plan is restricted to academic competition. No interscholastic athletic competition is allowed in any conference for teams in the sixth grade and below. This does not apply to annual inter-school elementary field days. For athletic exceptions to allow sixth grade students to participate, Refer to Section 1478 (c).

(5) Elementary and junior high school contestants do not qualify to a higher post-district meet.

(f) ORGANIZING THE DISTRICT. Elementary, middle and junior high schools will not be assigned to districts or conferences by the UIL office. Schools may follow the high school Academics Meet district assignments or form their own district.

(1) Required Assignments. The UIL office reserves the right to assign contestants or teams to districts.

(2) Composite or Combined Teams. Students will represent their campus. Combined or composite teams are not allowed in UIL district academic competitions.

(3) District Executive Committee. This body shall be composed of an administrator from each of the participating schools in the district. Duties include: enforcing the eligibility rules in the district; selecting the district director; selecting the site and date for the meet; arranging for financing the meet; determining which events will be offered and for which grade levels; designing a district meet entry form; notifying members of the district of the events and entry restrictions; soliciting entries from each school; cooperating with the schools in effecting and promoting a district organization; and adjudicating disputes arising within the district subject to provisions of Subchapter E of the Constitution.

(4) District Information and Materials Order. This information shall be submitted to the UIL office online through the UIL website. The meet director’s name shall be included. Deadlines are September 25 for district meets held between December 1 and January 31, and November 15 for meets held between February 1 and the Saturday before Memorial Day. This may be done by either the district executive committee or the district director.

(5) District Director. Each district shall select a district director for A+ activities. Duties include: selecting the directors of the contests in accordance with individual contest plans; arranging for necessary facilities; requisitioning all contest materials from the UIL office; distributing the materials to contest directors; assuming immediate responsibility for conducting the meet in an orderly manner; being available to assist contest directors when questions arise; and seeing that a list of winners is compiled immediately from the reports furnished by the contest directors. The district director shall notify all participating schools regarding the dates and contest schedule of the meet, but each school has the final responsibility for ascertaining the dates and schedule.

Section 1405: ELIGIBILITY REQUIREMENTS

Students are eligible so long as they have been in attendance and are passing all classes in accordance with state law and rules of the State Board of Education and the Texas Education Agency. The UIL has no age limit for elementary academic competition, nor does it have a residence rule.

(a) COMPETING OUT OF GRADE LEVEL. Elementary students are not prohibited from competing one grade level higher than the one in which they are enrolled. However, a student shall not compete in two or more grade levels of the same contest in the same year.

(b) AMATEUR RULE. There is no amateur rule for students competing in elementary school or junior high school competitions.
Section 441, Amateur Athletic Status, does not apply to students until the first class day of their ninth-grade year.

Section 1408: INVITATIONAL/DISTRICT MEETS

(a) SUNDAY PARTICIPATION. No UIL participant school shall sponsor individuals or teams in any contest or school competition on a Sunday in a UIL contest or a contest similar to one offered by the UIL.

(b) SCHEDULING. Schools may use no more than one school day or two half-school days per school year to hold the district academic contests.

(c) INVITATIONAL MATERIALS. The UIL will provide three sets of elementary and junior high materials for the contests listed below with exceptions noted under the individual contests. Schools requiring invitational materials for meets to be held between November 1 and April 1 should order invitational materials at least four weeks prior to their meet date. No materials from the UIL invitational contests may be returned to contestants before April 1.

(d) DISTRICT ENTRIES AND SUBSTITUTIONS. Each district may devise its own entry forms for entering contestants in academic contests or use the form found in the A+ Handbook. Policies regarding due dates, late entries and substitutions should be determined by each district prior to the academic meet.

(e) CONTEST MATERIALS.

(1) Confidentiality. Coaches, contest directors and contestants are responsible for maintaining confidentiality of district meet contest materials. Transfer of information relative to the tests shall be considered a violation of the A+ Meet Code and subject to penalties as outlined in Section 27 and Section 29.

(2) Materials. Contest materials supplied by the UIL office will be prepared for the grade levels designated in each contest plan. Two or more grade levels will, in most cases, take the same test.

(3) District Contest Materials. District contest materials for A+ activities will be available for fall/winter district meets held between December 1 and January 31, and for spring district meets held between February 1 and the Saturday prior to Memorial Day. It is permissible for districts to schedule meets outside those time frames, but tests will not be available from the UIL office for those meets. Materials necessary for conducting district meets shall be requisitioned from the UIL office by the district director. No materials from the fall/winter district contest may be returned to contestants before January 31. No materials from the spring district contest may be returned to contestants before the Saturday prior to Memorial Day.

(f) OPTIONAL CONTEST.

(1) Speech. The middle or junior high schools in any A+ district may hold any of the speech contests listed in the high school Academics Meet Plan in Section 1000. Winners do not advance to a higher level. A student may participate in no more than two speech events.

(2) Additional Grade Levels. With the approval of the A+ district executive committee, districts may elect to create a division of a contest for each designated grade level or additional grade levels.

(3) Other Contests. Districts may pilot contests that are not described in the Constitution or may alter other high school contests in a manner appropriate for the particular grade level.

(g) TESTS /JUDGING.

(1) Philosophy. Critiques of tests and performances should first comment on the positive aspects of the competition and then offer constructive criticism. When comments are possible, they need not be long, but they should be specific. Strictly objective tests do not need commentary.

(2) Corrections. Any corrections to contest material will be made available to meet director.

(3) Changing Answer Keys. If there is consensus among the graders, judges and coaches that an answer on the answer key is incorrect, the contest director is authorized to correct the answer key. This decision shall be made before the official results are announced.

(h) POINTS. In determining the overall championship, points shall be awarded according to the following chart. Points shall be awarded for all places in which a contestant participated. For example, if only two contestants participate in an event, both contestants receive points according to the results of the event.

(1) One-Act Play Points. The first-place play receives 22 points, the second-place play receives 18 points and the third-place play receives 15 points. Individual awards shall consist of first place (each best performer), second place (each all-star cast) and third place (each honorable mention all-star cast). Individual awards may not exceed those specified in Section 1033. An all-star cast award assigned by the judge to a chorus or other group of players counts as only one individual award and shall be allocated the appropriate points.

(2) Ties in Individual and Team Competition.

In contests in which a tie cannot be broken, tied individuals or teams split the total points equally for the two or more places in which the tie exists. Two schools tied for first place in a contest shall add first and second place points and divide equally. The school ranking next shall receive third place points. Two schools tied for second place shall add second and third place points and divide equally, and no third place points shall be awarded. Ties for remaining places shall be decided in the same manner, except that schools tied for last place shall divide equally the points assigned to that place.

(i) CHAMPIONSHIPS. An overall academic district champion may be named, and a trophy awarded to the winning elementary, middle and/or junior high school, at the discretion of the district executive committee. Points won by an elementary, middle or junior high school shall not be counted toward the overall cham-
pionship in a high school meet and vice versa. No school shall be eligible for the overall championship that does not place in at least three events.

(j) TROPHIES AND AWARDS. The district executive committee may authorize the purchase of a standard or approved district championship trophy to be given to the winning school.

(k) LIMITATION OF AWARDS. There is no Awards Rule for students in grades 2 through 6 who compete in UIL elementary academic contests. Awards for elementary students are determined by the participating schools.

(l) INDIVIDUAL PLANS. Specific requirements and regulations may be found in the individual contest plans.

(1) Academic. 1410 through 1474.
(2) Athletic. Section 1478.

The A+ Handbook as Official Source for Contest Rules

The UIL Constitution & Contest Rules (C&CR) went through significant revisions, effective with the 2016-2017 school year. For A+ Academics, the C&CR contains only the basic structure of each A+ contest, along with general rules for district organization, etc. Those C&CR sections are included at the beginning of each contest section in the A+ Handbook.

Detailed rules for contest administration, judging or grading, scoring and other aspects of directing and participating in each contest are now contained exclusively in the A+ Handbook. The C&CR designates the A+ Handbook as the official source for contest rules and instructions not contained in the C&CR.

Updates to 2019-2020 Handbook

- The contest rules for Music Memory were adjusted to now include grades 2nd, 7th/8th as sanctioned grade levels for that event.
- There are additional Q&A included in this handbook based on questions the UIL office received. Keep the questions coming!
Instructions for Contest Directors of Speaking Events

• Selecting and Training Judges
Using a panel of judges rather than a single judge in each round is highly recommended whenever possible, and especially in final rounds. Panels must be an odd number of judges.

* Regardless of the number, it is important that all judges be well prepared, competent and preferably trained in evaluating speaking events.
* Provide judges with the guidelines and evaluation sheets prior to the contest so they can be prepared to evaluate and rank students following the contest rules and using the appropriate evaluation criteria.
* As far as possible, judges should not know the school each contestant is representing.
* Avoid assigning a judge to both preliminary and final rounds of the same event, as they would have to judge at least some competitors twice.
* Judges should not be coaches or parents of any students involved in the event, nor have any vested interest in the outcome of the events they are judging.
* Judges should be instructed not to discuss their decisions with other individuals or judges while judging a contest. The responsibility of the judge is to rank the speaker, evaluate the performance and give constructive suggestions for the benefit of the speaker.
* Judges may never disqualify any contestant. Any question or concerns about violation of rules or procedures should be reported to the contest director.

Retired teachers, members of groups such as Toast Masters or community theatre, professionals in the community and former high school or collegiate speech competitors are often excellent judges and willing to contribute their time. Any interested adult can be trained to be an effective judge, although you might need to provide a training workshop with demonstrations and practice evaluations if they have never judged or worked with performance events before.

• Determining Placement in Sections for Preliminary Rounds
If more than eight students are entered in an event, preliminary rounds must be held. The contest director must divide students, as equally as possible, into preliminary sections of no more than eight contestants. For elementary and junior high speaking events, preliminary rounds may contain fewer contestants if sufficient rooms and judges are available. Each preliminary section requires a separate room and at least one judge. Unless smaller sections are created, the following chart should be used to determine the number of sections and finalists in each section;

When placing students into sections, use the following guidelines, which are listed in order of importance:

1. Whenever possible, avoid placing two students from the same school in the same preliminary round. If there are only two sections, and a school has three entries, this cannot be avoided. In that case, put contestants listed first and third on the entry form in one prelim round, and the contestant listed second in the other.
   2. Avoid placing all contestants listed first on schools’ entry forms (who are likely the strongest competitors from their respective schools) into the same prelim round. Instead, randomly place each of those contestants listed first into a different prelim round until you must place two or more in the same prelim. Follow the same process for contestants listed second and those listed third.

• Determining Speaker Order
Speaking order in each section may be determined in advance by the contest director, or may be determined by having contestants draw for speaking order in each section before the contest begins. If determined in advance (which saves time the day of the meet and allows master ballots for judges to be filled out in advance) use the following guidelines:

1. Assign the contestants listed first on schools’ entry forms to a variety of speaker positions. For example, place one contestant listed first in an early speaking position (speaker number 1 or 2) in one prelim, another to a middle position (speaker number 3, 4 or 5) in another, and the third a late position (6, 7 or 8) in another. This prevents what are likely to be the strongest contestants beginning every round.
2. Assign contestants from any one school to different speaker postitions so that they are not all early, all middle or all late.
• **Determining Places in Speaking Events**

When a panel of judges is used rather than a single judge, the contest director must take the rankings of all three judges and determine final places of the contestants. The easiest way to be certain that all contestants are ranked accurately is to download the computer program developed for tabulating UIL speaking events.

• **Computer Program for Tabulation**

**TalkTab** is available as a free download from the UIL web site. TalkTab is appropriate for any UIL speaking event when there is panel judging.

This computer program will determine contestant placements for UIL speaking events according to the requirements in the current *Constitution & Contest Rules*. The software includes instruction messages, a help menu, flexible editing, and methods to mark no-show or disqualified contestants.

TalkTab 3.0 is compatible with newer versions of Windows. An older version is also available for Windows 98 systems. Macintosh users must have dual-boot capability (available on Intel Macs) or virtualization software, such as Parallels.

A printer is not required but highly recommended for making two hard copies, one to retain for records and the other for posting results.

• **Tabulating Results without the Computer Program**

Tabulating results of panel judging without the computer program is somewhat complicated and must be done very carefully. The tabulation process is designed to prevent any one judge’s ranking from having more influence than the other two judges’ opinions combined.

The basic process is reasonably straightforward, however, and most ranks can be determined by using the first two or three. Additional criteria are available to use when breaking more difficult ties.

Many of the following examples of rankings are taken from Section 1003 of the *Constitution & Contest Rules*. You may print the entire section from the UIL web site for high school speech events or you may refer to the C&CR itself.

In the case of panel judging, you must use the following criteria, in the following order, to determine all places: (1) majority or BETTER of ranks for the place to be determined; (2) lowest sum of total ranks; (3) judges’ preference; (4) decimal value; (5) judges’ preference to break decimal ties; (6) blind draw. SPECIAL NOTE: When a place has been determined, the contest director must revert back to the first criteria (majority or BETTER) to determine the next place, unless there is a tie. All contestants who are tied must be awarded a place before going on to another contestant or place.

**Step 1**: Any student with a **majority of first place ranks** receives first place. In the following example, Contestant Three is awarded first place because two of three judges (a majority) ranked him that way.

<tr>

</tr>
<tr>

<td>5</td>

In the following example, Contestant One is ranked first, even though one judge ranked this student much lower.

**Step 2**: If no student receives a majority for first place ranks, the student with the **lowest total of all ranks** wins first place.

</tr>
<tr>
<td>Three</td>
<td>2</td>
<td>1</td>
<td>3</td>
<td>6</td>
<td></td>
</tr>
</tbody>
</table>

**Step 3**: If two or more students remain tied with the same low total of ranks, that tie must be broken with judges’ preference.
In the following example, first place was awarded to a contestant with a majority of firsts, and no contestants had a majority of seconds OR BETTER (i.e. 2 and 2 or 1 and 2). Contestants 1 and 2 have the same sum of total ranks, so the tie for second must be determined by judges’ preference. Any tie between only two contestants can be broken by judges’ preference.

</tbody>
</table>

Contestant 1 is ranked higher (or receives higher preference) than contestant 2 by two of the three judges (A & C), and is awarded second place. Contestant two must be awarded third place before any other contestant or place is considered.

**Remember**: If there is a tie for first place, the contestant who was originally tied for first would be awarded second place before any other contestant or place is considered. All contestants who are tied for any place must be awarded a place before going on to another contestant or place.

**Step 4**: When a tie occurs among three or more contestants that cannot be broken by judges’ preference, the ranks of only the tied contestants must be converted to decimal equivalents on the following scale:

- Rank of first = 1.00
- Rank of second = .50
- Rank of third = .33
- Rank of fourth = .25
- Rank of fifth = .20
- Rank of sixth = .17
- Rank of seventh = .14
- Rank of eighth = .13

In the following example, contestant #2 has a majority of firsts and is awarded first place. No unranked contestant has a majority of seconds or better, and contestants 1, 3 and 5 have the same low total of ranks.

<table>
<thead>
<tr>
<th>Contestant</th>

<td>11</td>
<td>- +</td>
</tr>
<tr>
<td>Six</td>
<td>5</td>
<td>4</td>
<td>3</td>
<td>12</td>
<td></td>
</tr>
</tbody>
</table>

Judges’ preference cannot be determined because no contestant is given preference over both others. Convert only the ranks of the tied contestants to their decimal equivalent as follows:

<table>
<thead>
<tr>
<th>Contestant</th>
<th>1st = 1.00</th>
<th>3rd = .33</th>
<th>4th = .25</th>
</tr>
</thead>
<tbody>
<tr>
<td>6th = .17</td>

<tr>

<td>2nd = .50</td>
<td></td>
</tr>
<tr>
<td>Total: 1.42</td>
<td>1.00</td>
<td>.95</td>
<td></td>
</tr>
</tbody>
</table>

Contestant 1 has the highest decimal value, and is awarded second place. Contestant 3 has the next highest total, and is awarded third place, and contestant 5 is awarded fourth place. Both remaining unranked contestants have a majority of fifths OR BETTER. Therefore, contestant 6, with the lowest sum of total ranks, is awarded fifth place and contestant 4 is awarded sixth.

**Summary of Ranking Criteria**

- Any contestant who receives a majority of firsts (two or more from a panel of three judges) must be awarded first place.
• If no contestant receives a majority of firsts, the contestant with the lowest sum of total ranks is awarded first place.
• If, at this point, two or more contestants tie with the same low sum of total ranks, the tie must be broken by the use of judges’ preference. (See instructions for determining judges’ preference.)
• In any case where there is a tie, all contestants who are tied must be awarded a place before going on to another contestant or place.
• When there is a tie among three or more contestants that cannot be broken by judges’ preference, the ranks of only the tied contestants must be converted to decimal equivalents on the following scale:
  - Rank of first = 1.00
  - Rank of second = 0.50
  - Rank of third = 0.33
  - Rank of fourth = 0.25
  - Rank of fifth = 0.20
  - Rank of sixth = 0.17
  - Rank of seventh = 0.14
  - Rank of eighth = 0.13
  The contestant with the highest sum total of the decimal value of ranks would be awarded first place.
• If two contestants remain tied with equal decimal values, this tie must be broken by judges’ preference.
• When a tie among three or more contestants occurs that cannot be broken by these methods, it must be broken by a blind draw.
• The order of this procedure must be followed to determine all ranks. When determining second place, a majority of second place ranks OR BETTER is the first criterion. When determining third place, a majority of third place ranks OR BETTER is the first criterion, etc.

**Timekeepers**
Because students in Oral Reading and Impromptu Speaking are penalized a rank for going over the allotted time, and students in Modern Oratory are penalized for going either over or under the time limits, it is important to provide trained timekeepers for these events.

You might recruit timekeepers from student service organizations or clubs, or ask for adult volunteers from your school’s parent/teacher organization or community groups. If you cannot provide stop watches, timekeepers should be notified to bring their own stopwatch or watch with a secondhand.

If you do not recruit timekeepers, judges in the rounds must keep time, and this distracts from their ability to give their full attention to the contestants’ performances.

**Time Signals**
Time signals may be given by hand or by timecards, but timecards are recommended. The timekeeper should indicate to the contestant the time REMAINING of the allotted time. If timecards are available, when the speaker begins in Modern Oratory, the card marked “6” should be held so that the speaker can see it. When the speaker has talked for one minute, the card marked “5” should be held so the speaker can see it, which indicates five minutes remaining, etc. When the speaker has talked for five minutes the timekeeper should raise the card marked “1” above his/her head. When only 30 seconds remain, the timekeeper should raise the “1/2” card (preferably a yellow card) above the head. At the end of six minutes, the timekeeper should hold the “stop” card (preferably a red card) above the head, or otherwise indicate that the total allotted time has been consumed.

If time cards are not used, in oral reading, with a maximum time of six minutes, when one minute has elapsed from when the speaker started, the timekeeper would hold up five fingers to show the contestant that five minutes remain. Four fingers held so the contestant could see them would indicate that four minutes remain, etc. When the total time has elapsed, the timekeeper should stand or hold a closed fist above their head to indicate so.

If timecards are used, which is recommended, make certain timekeepers have the correct cards for each event.

For **Impromptu Speaking**, cards should begin with **five**.
For **Oral Reading**, cards should begin with **six**.
For **Modern Oratory**, cards should begin with **six**.
The art contest involves the study of 40 paintings from the National Gallery of Art in Washington, D.C. and from Texas art galleries and museums. Students learn to recognize and identify various works of art and the artists who created them. As part of their study, they will demonstrate a basic understanding of art history and interpret ideas and moods in original art works.

Note: The contest is an individual competition. Districts may elect to include team competition as well.
Contest Administration Script

Before the contest begins, a contest official must select 15 of the possible 40 prints to use for Part A of the test. This person may not be the coach of any student in the contest. This person will shuffle the prints, place them face down, and randomly select 15. Shuffle well so that prints of various types of art are included. Devise a method to cover the title and artist’s name on the prints, so this information is not visible during the contest. Create an answer key from these 15 prints by numbering them on the back in pencil or with post-it labels. Make a copy of the answer key for each grader.

1. Clear Room. Inform contestants and coaches of the time and place of the verification period. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

2. Distribute answer sheets for Part A and call roll (if necessary).

3. Say: “This is the UIL Art test Part A. Write your contestant number in the upper right corner of the answer sheet, and circle your correct grade level. For this contest, you may write in pen or pencil, the name of the artist, as it appears on the official list, in the first column and the title of the painting in the second column as I show you a selection of 15 prints. We will begin the test now and after we are done, I will collect your answer sheets before moving on to Part B of the test.”

4. Display prints one at a time, each print for approximately one minute to one and one half minutes.

5. After 15 prints have been displayed, collect answer sheets for Part A and put the prints away so that students may not see them anymore.

6. Say: “Now, I will collect your answer sheets for Part A.”

7. Collect all Part A answer sheets and put away all prints before continuing with Part B.

8. Say: “Next, I will pass out answer sheets for Part B. After you receive your answer sheet, write your contestant number in the upper right hand corner of the answer sheet and circle your correct grade level.”

9. Say: “Now, I will pass out the test for Part B. Do not open the test until I instruct you to do so.”

10. Distribute tests for Part B.

11. Say: “You may mark on your test booklet; however, all answers should be recorded on your answer sheet. After 30 minutes, I will give you the stop signal.”

12. Then, Say: “You may now open your test booklet.”

13. Allow students 30 minutes to take the test.

14. When the test period of 30 minutes has ended, Say: “Please put your pen or pencil down and stop taking the test. I will now collect your answer sheet and test booklet.”

*The contest official may ad lib as necessary while conducting the contest.*
Contest Format

- **Part A:** Requires students to write the artist name and painting title according to the [UIL official list](#).
- **Part B:** This may include multiple choice, true/false and some short answer questions. Spelling will not be penalized on short answer questions.

Contest Grade Divisions

- This contest will consist of two divisions (fourth-sixth and seventh/eighth) unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel

- **Contest Director:** The contest director will be in charge of running the contest and resolving any problems that arise.
- **Monitor:** Two monitors make certain that contestants work quietly and independently.
- **Graders:** At least three graders should be familiar with the instructions for grading and the contest rules. The contest director may recruit more than three graders.

Contest Material Overview

- **Provided by UIL:** Part B tests, answer sheets, answer key, Certificates of Excellence (for district meets).
  - These materials will be provided to schools submitting the appropriate requisitions. See Section 1408 (c) and (e) for the dates when invitational materials and district materials will be available.
- **Provided by host school:** Fifteen prints selected randomly by the director from the official list. A coach with students involved in the contest shall not choose the contest prints. The host school must provide prints for use in the Part A identification section.
- **Provided by the school or student:** Pens, pencils and/or erasers

Grading/Scoring Rules

**Criteria**

- The test is graded objectively. A perfect score is 120. In Part A, award two points if the artist's name is correct; award one point if the artist's name is correct but misspelled. Award two points if the title of the art is correct; award one point if the title of the art is correct but misspelled. In part B, award two points for each correct answer. Do not deduct points; simply award no points for incorrect or unanswered items.

**Scoring**

- Each test should be independently scored twice, and papers contending to place should be scored a third time. To compute the team score, the total scores of all members who participated on the team shall be added and then divided by the number who participated on the team (team score sheet available here on the right-hand side of the page). A team shall have at least three contestants to participate in the team competition.

FAQs about Rules

**May we only administer one part of the test for a district meet?**
No. For district meets, both parts A and B must be administered.

**What if we can’t read a student’s handwriting?**
If there is a legibility of a letter question, place a blank piece of paper on either side of the letter, separating it from its context and then determine whether the letter can be identified. If two of three graders rule a letter is legible, it should be considered correct.

A+ Art Contest Part A • Answer Sheet
Calculator Applications

The calculator applications contest is designed to stimulate the development of mathematical and calculator skills. Goals are both intellectual and practical: developing mathematical reasoning and knowledge and requiring the application of problem-solving skills toward realistic problems.

Section 1414: CALCULATOR APPLICATIONS

(a) THE CONTEST.

(1) Summary. This contest is designed to stimulate the development of mathematical and calculator skills. Goals are both intellectual and practical: developing mathematical reasoning and knowledge and requiring the application of problem-solving skills toward realistic problems.

(2) Contest Format. Students will take a test containing 80 problems. The contest consists of problems that may include calculations involving addition, subtraction, multiplication, division, roots and powers. It also includes straightforward calculation problems and simple geometric and stated problems similar to those found in recently adopted textbooks. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(b) REPRESENTATION.

(1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

(2) Divisions. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(3) Individual Competition. For each division, each participant school may enter as many as three contestants in the district meet.

(4) Team Competition. If the district has elected to include team competition, the combined scores of the three contestants in each division from a school shall constitute the school's team score. A team shall have three contestants compete to participate in the team competition.

(c) CONTEST ADMINISTRATION.

Inform contestants and coaches of the time and place of the verification period. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

Distribute answer sheets, test booklets, and call roll (if necessary).

Say: “This is the UIL Chess Puzzle test. Write your contestant number in the upper right corner of the answer sheet, and circle your correct grade level. Do not open your test booklet until I tell you to do so.”

After all students have written their contestant number and circled their grade level, read the following rules aloud:

Say:
(A) “There are _____ (16 or 20) questions on this test. You will have 30 minutes to complete it. All questions are multiple choice. All answers should be recorded on your answer sheet. You may write or mark on the test booklet. Multiple-choice answers purposely do not indicate check, checkmate, or e.p. symbols.

(B) You will be awarded one point for each correct answer. No deductions will be made for incorrect answers or skipped questions on this test. Finishing early is not rewarded, even to break ties. So use all of your time.

(C) Some of the questions may be hard, but all of the puzzles are interesting! Good luck and have fun! If you don’t already know chess notation, reading and referring to the section inside your test booklet will help you.

(D) After 30 minutes, I will give you the stop signal. You may now open your test booklet to the first page and begin taking the test.”

Allow students 30 minutes to take the test.

When the test period of 30 minutes has ended, Say: “Please stop taking the test. Close your test booklet and put it to the side. I will now pass out the tiebreaker test booklet. Do not open the booklet until I tell you to do so. You will have 5 minutes to take the tiebreaker.”

After all students have received their tiebreaker booklet, Say: “You may now open the tiebreaker test booklet.”

Allow students 5 minutes to take the tiebreaker.

When the tiebreaker period of five minutes has ended, Say: “Please stop taking the tiebreaker and put your pens or pencils down. I will now collect your answer sheet, test booklet, and tiebreaker booklet.”

Instructions for the Judges

Instructions
At some convenient time before the contest begins, the director shall discuss with the judges the criteria for evaluating the stories, making sure that they all have the same conception of those criteria and understand the relative importance to be accorded each. Each judge shall be given a copy of the evaluation sheet provided by the League office. Judges should also see the captioned picture prompts contestants were given to use in creating their stories. The stories must contain at least one of the pictured items, but there is no requirement that all items on the prompt page be included.

Criteria
The stories are to be evaluated as to relative excellence in creativity and interest (60%), organization (30%) and correctness of style (10%). Please make comments constructive and supportive. While judges are to consider all three elements in selecting the most effective stories, more weight should be given to creativity and interest than to organization, and to organization more than to correctness of style.

(A) Interest depends primarily upon substance. It depends next upon clarity and upon including specific details and examples which individualize the story as an outgrowth of the writer’s character and experience.

(B) A well-organized story will present ideas in a logical and coherent manner.

(C) Grammatical correctness of style includes avoiding errors in sentence structure, punctuation, grammar, spelling and word usage.

Completing Evaluation Sheets
Comments on the Creative Writing Evaluation Sheet should first identify and focus on the positive aspects of the story and then offer constructive criticism. Comments need not be long, but should be specific rather than general.

Rating the compositions
Judges shall read all of the stories submitted and, without marking on the manuscripts, shall rank them in order of their excellence; 1, 2, 3, 4, etc. If more than one judge is used, they shall then discuss the stories which have been ranked first through sixth place, any judge being permitted to alter his/her ranking as a result of the discussion. Judges are to reach a consensus in the papers ranked first through sixth.

(2) Contest Format. Contestants will be provided a fact sheet from which they will develop and write an editorial. Forty-five minutes will be allotted for the writing period exclusive of time required for instructions.

(b) REPRESENTATION.
(1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Section 1400 or 1405 may enter this contest.

(2) Options for Writing. Contestants may hand-write their editorials or may bring and use their own computers. If contestants choose to use their own computers, they shall bring their own printers, associated hardware, software and paper. Spell check and thesaurus functions may be used. Students who opt to compose their entries on computers accept the risk of computer malfunction. In case of computer malfunction, the contestant may use the remaining allotted time to complete the composition in handwriting. Contestants may use electronic or printed dictionaries and thesauruses.
(3) Viewing Period. An optional period not to exceed 15 minutes may be arranged for coaches and contestants to review their own evaluations and stories and verify identification.
(4) Official Results. After the viewing period has ended and all contest papers have been collected, the contest director shall announce the official results. Official results, once announce, are final.

(1) Introduction - presents problem and establishes staff stance.

   (B) Conclusion restates staff stance.
(4) Considerations for Judging.

Comments should be specific enough to provide a clear sense of the positive elements of the editorial and where improvement is needed. Judges should discuss the compositions contending for rank, and reach a consensus on the rankings.

You are a reporter for the Leaguetown Press, the student newspaper of Leaguetown Middle School. From the given information, write an editorial as you would for the middle school newspaper. Remember that as an editorial writer you should support or oppose policy or action; you should not sermonize.

You have 45 minutes.

Leaguetown Middle School is located in Central Texas and has an enrollment of 1,100 students in grades 6, 7, and 8. After seeing the movie “Eighth Grade,” principal Lauren Young proposed having a screening of the movie for eighth grade students next Friday, April 12. The school board has to approve all movies shown in schools with a rating of “PG-13” or “R.”

Parents have expressed concern because the movie has an “R” rating and contains topics that they consider inappropriate for middle schoolers. The specifications for the “R” rating on “Eighth Grade” indicate it is for language and mild sexual content.

According to one movie review, the movie is “a realistic, relatable indie dramedy about going through adolescence. Elsie Fisher stars as socially awkward eighth grader Kayla, a social media-savvy teen who’s enduring the awkward transition between middle and high school.” Common Sense Media rates the film appropriate for ages 14 and up.

“I can’t believe that this movie could be shown at any school — especially a middle school,” parent Lisa Brooks said. “I saw the movie myself, and I would not want my daughter watching it. If the school board approves this proposal, I will be keeping her home from school that day.”

Young saw the movie with her niece and nephew, who are both in eighth grade. They told Young they loved the movie and every middle school student should see it.

“The movie opened my eyes to what it’s like to be a middle school student in this day and age,” Young said. “I want the eighth graders to be able to see it, so maybe they can understand that they aren’t the only ones feeling anxious about school and life.”

Young said teachers will lead discussions in small groups after the movie.

“I understand why she wants to show students the movie, but I don’t think all of the students are mature enough to take it seriously,” English teacher Carol Summers said. “Teachers are going to be the ones to struggle and refocus the students after the screening.”

“My mom took me to see the movie when it first came out,” eighth grader Devin Field said. “It’s the first movie about school that I’ve seen that I can actually relate to. There is some inappropriate stuff in there, but I’ve heard much worse things in the locker room. Honestly, I don’t know why it’s rated R. It should be PG-13.”

The school board will discuss and vote on whether or not to approve the movie screening at its regular meeting this upcoming Tuesday, March 26. You are writing for the issue of the Press to be distributed on this Monday, March 25.

**STANCES**

**Supporting the movie screening**

The message in the movie is something that eighth graders need to hear. The movie is realistic because eighth graders deal with these issues every day. Taking time out of the school day to give students a space to talk with peers and adults about these issues can only help students and the culture of the school.

**Opposing**

There is an “R” rating on the movie for a reason. Most middle schoolers aren’t mature enough to take the topics discussed in the movie seriously. Parents should be the ones to show their children the movie if they think it is appropriate.
JUDGING INSTRUCTIONS
In each contestant's editorial, please look for clarity of thought, and if the writer came to a clear conclusion. Remember that many of these writers have not been trained in proper editorial writing. Therefore key considerations should be that they have made a statement of the situation and formed a stance. They should back that stance with examples. Those examples do not have to come from the data sheet. The contestant then should come to a specific solution or recommendation.

Remember that for purposes of the contest these students go to Leaguetown Middle School. Contestants should not have to specify Leaguetown Middle School, because everyone reading the school paper knows where they go to school. Also, when they refer to the school board they do not have to say “Leaguetown School Board.” Again, they know in what city they live.

Judging criteria has been developed to help you score the papers. The criteria are intended to help you evaluate the writing, not as a control over your background in editorial writing or the writing process.

SAMPLE EDITORIAL
After watching the movie “Eighth Grade” with her own middle school-aged niece and nephew, Principal Lauren Young has proposed a screening of the movie for all eighth graders next Friday, April 12. Because of the “R” rating of the movie, some parents are against the screening. They believe it contains content that is inappropriate for middle-schoolers to see. The school board will vote on the proposal at their meeting Tuesday.

The board should pass the proposal for the movie screening.

The topics of anxiety, depression, and even the bad language and sexual innuendos addressed in “Eighth Grade” are nothing new to middle schoolers. Students are the ones going to school every day and dealing with those very real problems. Sheltering them from watching the movie doesn't stop those things from happening in real life.

Young planned for students to have a discussion in small groups with a teacher after the screening. This can be really helpful for someone who feels like they have no one else to turn to with their problems and creates a safer, more open school environment.

Opponents of the proposal argue that middle schoolers aren't mature enough to handle the content shown in the movie seriously enough. Parents aren't the ones overhearing gossip in the locker room and the cafeteria. Parents aren't the ones struggling with the transition to high school. Students are. A potential solution could be allowing parents to sign a permission slip to either allow their student to participate in the screening or not.

The discomfort of some parents shouldn't determine what happens to all the eighth grade students. The movie screening proposed by Principal Young promotes a better school environment. The board should give a strong yes to the proposal on Tuesday.
In order to make this a complete learning experience, judges are asked to complete the evaluation sheet for students.

General Contest Information

Contest Grade Divisions
• This contest will consist of one division (sixth-eighth) unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel
• Contest Director. This person will be in charge of running the contest and resolving any problems that arise. After the contest, provide the meet coordinator with the Contest Roster, a list of first through sixth place contestants and their schools, and the number of contestants participating. The director may appoint an assistant director.
• Timekeeper. A timekeeper should be provided for each contest to notify the contestant of the amount of time remaining from the total allotted time. The timekeeper should demonstrate to the contestant the type of time signals to be used. While the timekeeper may use either hand signals or timecards to indicate to the speaker the remaining time, time cards are a much preferred method of signal.
• Judge(s). A single or an odd number of judges for each preliminary section should be selected and trained by the contest director. The judges should be provided with a copy of the evaluation sheet prior to the beginning of the contest to make certain they understand what is being evaluated. So far as possible, judges should not know which school any contestant represents. Judges are to be instructed to give positive and constructive comments. See the sectioning instructions for an estimate of how many judges will be needed.
• Section Chairperson. One adult may be appointed per section to see that the contest progresses without problems. This person can ensure that judges have ballots and evaluation sheets and that the timekeeper is in place before the speaker begins. When the round is over, the chairperson gathers the evaluations and ballots from the judges and delivers them to the tabulation room. Instruct judges not to leave the contest until released by the contest director, so they are available if any questions arise in tabulating results.
• Tabulation Room Assistants. Adults may be appointed to work in the tab room to receive ballots from the judges and to determine winners.

Contest Material Overview
• Provided by UIL- Evaluation sheets, one set of topics for the preliminary rounds, one set of topics for the final round, judges’ ballots, Contest Director’s Ranking Sheet for a panel of judges, contest rosters

Listening

The listening contest is designed to help students recognize the importance of effective listening skills and to identify problems they may have in listening effectively. The contest provides a challenging format to test the improvement of their listening abilities, and encourages students to develop the foundation skills they will need through out their lives, both in and out of the classroom.

NOTE: The contest includes some short answer, fill-in-the-blank questions. Scoring awards 3 points for each correct answer, and subtracts 2 points for each incorrect answer. No points are deducted for unanswered questions.

Section 1430: LISTENING

(a) THE CONTEST.
   (1) Summary. This contest is designed to help students recognize the importance of effective listening skills and to identify problems they may have in listening effectively. It also provides a challenging format to test the improvement of their listening abilities. Through preparation for the contest, participants will listen to a variety of material and learn to evaluate and critically analyze a speaker's message. The objective tests will measure skills such as identifying the main idea and supporting ideas, listening for details, drawing conclusions and distinguishing fact from opinion.

   (2) Contest Format. Contestants will listen to a script ranging from approximately seven to 10 minutes in length, take notes as needed, and use their notes to answer 25 objective questions. Ten minutes will be allotted for the testing period.

(b) REPRESENTATION.
   (1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

   (2) Divisions. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

   (3) Individual Competition. For each division, each participant school may enter as many as three contestants in the district meet.

   (4) Team Competition. If the district has elected to include team competition, the combined scores of the three contestants in each division from a school shall constitute the school’s team score. A team shall have three contestants compete to participate in the team competition.

(c) CONTEST ADMINISTRATION.
   (1) Personnel. All personnel in this contest may be coaches of participating students except the script reader. The reader may not be a coach of any contestant entered in the contest.

   (2) Ties and Points. No ties are to be broken in either the individual or the team component of this contest. If there is a tie for first place, there is no second place. If there is a tie for second place, there is no third place, etc. Points are awarded as specified in Section 1408 (i).

   (3) Verification Period. A verification period shall be provided. Unofficial results should be posted. Contestants and coaches should be given no more than 15 minutes to examine their test papers with official keys. Questions should be directed to the contest director, whose decision shall be final.

   (4) Official Results. After verification period has ended and all test papers have been collected, the contest director shall announce the official results. Official results, once announced, are final.

   (5) Returning Materials. No materials from district contests may be returned to contestants prior to official release dates.

No points should be deducted for misspelling if graders determine the answer is correct.
(1) Inform contestants and coaches of the time and place of the verification period. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

(2) Distribute answer sheets and call roll (if necessary).

(3) The contest director will now, Say: “This is the UIL Listening test. Write your contestant number in the upper right corner of the answer sheet, and circle your correct grade level.”

(4) After all students have written their contestant number and circled their grade level, Say: “All answers should be recorded on your answer sheet, not on your copy of the test.”

(5) Now, the script reader will now, Say: “I am now going to read the listening script. You may take notes on blank sheets of paper while I am reading the listening script.”

(6) The script reader will now read the listening script clearly and distinctly following the script’s time markings (or play a recorded script).

(7) After the script has been read, the contest director will now pass out the test to contestants and will Say: “I will now pass out your test booklet. Do not open the test until I instruct you to do so. You will have 10 minutes to take the test. You may use your notes during the test.”

(8) After all students have a copy of their test, Say: “You may now open your test booklet and begin taking your test.”

(9) Allow students 10 minutes to take their test.

(10) When the test period of 10 minutes has ended, Say: “Please put your pen or pencil down and stop taking the test. I will now collect your answer sheet, test booklet, and any notes you took.”

(11) Following the contest, it is the contest director’s responsibility for destroying all copies of the script.

*The contest official may ad lib as necessary while conducting the contest.*
General Contest Information

Contest Grade Divisions
- This contest will consist of two divisions (fifth/sixth and seventh/eighth) unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel
- Contest Director. The contest director will be in charge of running the contest and resolving any problems that arise. Following the contest, provide the meet director with the Contest Roster with each contestant’s score, a list of the individual and team winners, and the number of contestants participating. The director may appoint an assistant director.

The Green Bank Telescope

Nestled deep in Pocahontas County, inside the Allegheny Mountain Range, lies a quiet little town called Green Bank. The community was named for a green riverbank located nearby. Green Bank is found along West Virginia Highway 28 near the Snowshoe Mountain Ski Resort. At the last national census in 2010, its population was 143. Sounds like a quiet, sleepy place. So why is it important? Green Bank, West Virginia, is home to the Green Bank Telescope.

The Greenbank Telescope is the world’s largest fully steerable radio telescope. This telescope was operated by the National Radio Astronomy Observatory (NRAO) until September 30, 2016. Since October 1, 2016, the Telescope has been operated by the Green Bank Observatory. Because of the telescope, Green Bank has been designated as part of the National Radio Quiet Zone which means that any radio transmissions are heavily restricted by law. This includes the use of cell phones, wireless networks (think Internet access) and satellite television. This law is enforced by a radio policeman who uses specialized equipment to detect signals from unauthorized electronics. Imagine not being able to use a microwave oven to heat up your leftovers! Scientists were baffled when an unidentified source skewed their data. They were amused to find out that the interference was coming from battery operated fans being sold in the gift shop.

In the National Radio Quiet Zone, or NRQZ, radio transmissions are only used to facilitate scientific research and promote military intelligence. The National Radio Quiet Zone was established by Congress in 1958. The Quiet Zone is an approximate rectangle of land measuring 107 miles on the north edge, 109.6 miles on the south edge and 120.9 miles on each of the east and west edges. It comprises approximately 13,000 square miles. Because Green Bank is located within the Quiet Zone, many people who suffer from electromagnetic hypersensitivity have moved there to make a new, more peaceful home for themselves. Although scientists find no evidence to support a scientific diagnosis for electromagnetic hypersensitivity, those who believe they suffer from it report symptoms of headache, fatigue, stress, sleep disturbances, skin prickling, burning sensations, rashes, pain and muscle aches. Escape from cellular radiation is the main attraction to Green Bank for these people. As of 2013, an estimated 36 people had moved to Green Bank to escape the effects of electromagnetic hypersensitivity.

The National Radio Quiet Zone straddles the border between Virginia and West Virginia and also includes a small part of Maryland. It is centered between the Green Bank Observatory in Green Bank and the Sugar Grove Observatory in Sugar Grove, West Virginia. The Sugar Grove Station is a National Security Agency (NSA) communications site which, according to a 2005 article in the New York Times, intercepted all international communications entering the Eastern United States. The site was first developed by the Naval Research Laboratory in the early 1960s as the site of a 600-foot radio telescope that would gather information on Soviet radar and radio signals reflected from the moon. It would also gather data on outer space. This project was halted in 1962, and the site was turned into a radio receiving station. It was activated as Naval Radio Station Sugar Grove on May 10, 1969. In April 2013, however, the Sugar Grove Station was ordered to be closed no later than September 30, 2015. On July 26, 2016, the Sugar Grove Station was auctioned off with a winning bid of $11.2 million. This transaction fell through, and in 2017, a second auction resulted in a $4 million purchase by an investment group based out of Alabama. It is being repurposed as a privately-owned healthcare facility for active-duty military, veterans and their families. The listening station in Green Bank, however, continues to operate.

Why is the Green Bank Site so important? The telescope’s location has been the site of important radio astronomy telescopes since 1957. It was dedicated on October 17, 1957. The National Radio Astronomy Observatory was founded in 1956 and the Observatory’s first telescope, the Tatle 85 Foot (which was 85 feet in diameter), was completed in 1959. The 300 Foot telescope was completed in 1962 followed by a 140 Foot telescope. By locating the telescope within the Radio Quiet Zone, scientists are able to detect even very faint radio-frequency signals which man-made signals might otherwise mask. It’s location also has the natural borders of National Forest land and the Allegheny Mountains to shield it from some radio interference. At present, there are seven additional telescopes. For many years scientists and alien hunters have discussed the idea of using telescopes to search for extra-terrestrial life. It was at the Green Bank Site in 1961 that Frank Drake presented the Drake Equation which he had developed to estimate the total number of detectable extraterrestrial civilizations found in the Milky Way galaxy. Using the Tatle 85 telescope, he tried to find evidence that other life-forms were sending out radio transmissions. He did not discover any. These days, the telescope sits as a memorial to the beginnings of the world’s first scientific study using radio telescopes to determine the origins of life on other and other planets. Drake called his project Ozma.
The newest addition to the radio telescopes in Green Bank is Robert C. Byrd Green Bank Telescope, or the GBT as it is
more commonly called. The GBT is the world's largest fully steerable radio telescope. This telescope honors the late Sen-
ator Robert C. Byrd who represented West Virginia and pushed funding for the telescope through Congress. The cost of
building the telescope was more than $95 million. Groundbreaking for the GBT was in 1991. The GBT began operations
in 2001. It was constructed after a previous telescope collapsed on November 1988 due to the sudden loss of a gusset
plate in the box girder assembly. Without it, the structural integrity of the telescope was compromised. The GBT oper-
ates at meter to millimeter wavelengths. It's collecting area is 100 meters in diameter. That's 2.3 acres! It weighs almost
17 million pounds and stands 485 feet above ground level. That's 60% taller than the Statue of Liberty! It operates 7 days
a week, 24 hours a day, 362 days a year. The panels which make up the telescope are made of aluminum. The panels have
actuators which keep the telescope from sagging under its own weight as the panels are moved. It is fully steerable and
85% of the entire celestial sphere can be accessed. It is used for astronomy about 6500 hours each year, which is more
than most observatories. Because of its flexibility and ease of use, it can rapidly respond to new scientific ideas. Scientists
can reconfigure it with new and experimental hardware with relative ease as well. The facilities of the Green Bank Obser-
vatory are also used for research for many programs in education including training students and teachers with approxi-
mately 40,000 scientists and visitors annually. Locals jokingly call the GBT the Great Big Thing.

Research using the telescope has led to several discoveries. In 2002, scientists discovered 3 new millisecond pulsars in
the globular cluster Messier 62. This cluster is located 22,500 light years from Earth and is 100 light years across. In
2006, several other discoveries were announced. A large, coil-shaped magnetic field was located in the Orion molecular
cloud. In addition, a large hydrogen gas super-bubble was located 23,000 light years away. In September of 2014, scientists
used the GBT to discover that our Milky Way Galaxy is located in a super cluster of galaxies that is 500 million light years
across and has a mass of more than 100 million billion suns! Scientists have also located a massive neutron star which
they have determined to the largest to date, a cloud of primordial gas surrounding several galaxies and even complex
molecules, such as sugar, in space.

In August 2012, the National Science Foundation recommended to Congress that the GBT be defunded over a period of
5 years. In the 2014 fiscal year budget, Congress did not grant funding for the project. At this point, the GBT committee
began looking for funding. In October of 2016, operation of the Observatory changed from the National Science Founda-
tion to the Green Bank Observatory which allowed for private funding to be secured. West Virginia University donated
$1 million during a 2-year period in exchange for giving students and professors access for research.

Another source that heavily funded the GBT is a group called Breakthrough Listen. Breakthrough Listen is a science-
based program that searches for intelligent extraterrestrial communications throughout the universe. The project began
in January 2016 and will most likely continue for 10 years. It had $100 million in funding and thousands of hours of dedi-
cated telescope time. It is the largest, most comprehensive search for alien communications ever launched. Breakthrough
Listen is based at Berkeley SETI Research Center in the Astronomy Department of the University of California, Berkeley.
This project uses information gleaned from the Green Bank Observatory, the Parkes Observatory, and the Automated
Planet Finder. The project generates data from over one million nearby stars and the centers of 100 galaxies within range.
All of their data is available to the public and can be accessed for study.

Perhaps one day they will discover alien civilizations or yet undiscovered stars and galaxies. Who knows? What is sure is
that as long as funding allows, the GBT is an engineering marvel that will continue to provide a listening station for scien-
tists and a quiet place for those wishing to live in a world free from radio transmissions.

FAQs about Rules

What types of questions are on the test?
Subject matter used for the test will be taken from the Nystrom Desk Atlas, available through Nystrom, a division of Herff Jones, Inc. and the UIL. Contestants may use other atlases in the contest. Tests will also include some combination of other maps, graphs and/or charts that students have never seen before. The atlas and the test will contain the information needed to answer the objective test questions.

What atlas will work for this contest?
The Nystrom Desk Atlas, copyright 2008 or newer will work. In other words, the newest edition (2018) of the atlas as well as a Nystrom Desk Atlas copyright 2008 will work for the contest. The UIL will wait 2-3 years before solely using the newest atlas that was released Spring 2018.

Are tabbed atlases allowed?

Music Memory

The focus of the music memory contest is an in-depth study of fine pieces of music literature taken from a wide spectrum of genres to expose students to great composers, their lives and their music.

The official lists are comprised of 10 pieces for 2nd grades, 16 for 3/4 and 5/6 graders, and 20 for 7/8 graders. Spelling and punctuation are part of the contest. To receive full credit for an answer, all information about the composer and musical selection should be complete as shown on the official list.

Section 1446:
MUSIC MEMORY

(a) THE CONTEST.

(1) Summary. The focus of this contest is an in-depth study of fine pieces of music taken from a wide spectrum of genres to expose students to great composers, their lives and their music. In the course of preparing for the contest, students should be given the opportunity to describe and analyze the music, relate the music to history, to society and to culture, and to evaluate musical performance. The UIL will publish each year the official UIL Music Memory List and provide sources for obtaining recordings of the music and information on the pieces and composers.

(2) Contest Format. Students in grade 2 will listen to and identify short excerpts of 10 musical selections. Additional optional components may be available for district consideration. There is no tiebreaker section for the grade 2 contest. Students in grades 3 and 4 will complete a matching section and will listen to and identify short excerpts of up to 20 musical selections. Students in grades 5, 6, 7 and 8 will listen to and identify short excerpts of up to 20 musical selections. Specific test formats for grades 5, 6, 7 and 8 may differ by grade level and may include tiebreaker sections or optional components for district consideration. The current A+ Handbook includes complete rules and instructions.

(b) REPRESENTATION.

(1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

(2) Divisions. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(3) Individuals. Each participant school may enter as many as five contestants in each division in the district meet.

(4) Team Competition. If the district has elected to include team competition, the combined scores of all contestants in each division from a school, divided by the number of contestants from that school, shall constitute the school’s team score. A team shall have at least three contestants compete to participate in team competition.

(c) CONTEST ADMINISTRATION

(1) Personnel. All personnel in this contest may be coaches of participating students.

(2) Ties and Points. Ties shall be broken, when applicable, by applying the tiebreaker rules for that grade level. If a tie remains after the tiebreaker has been scored, the tie will stand. If there is a tie for first place, there is no second place. If there is a tie for second place, there is no third place, etc. Points are awarded as specified in Section 1408(i). Tied individuals or teams split the total points equally for the two or more places in which a tie exists.

(3) Certificates. Students having a 100% correct paper on the district test selections are eligible for a Certificate of Achievement. The four tie-breaking questions are not to be considered in determining 100% papers.

(4) Verification Period. A verification period shall be provided. Unofficial results should be posted. Contestants and coaches should be given no more than 15 minutes to examine their test papers with official keys. Questions should be directed to the contest director, whose decision shall be final.

(5) Official Results. After the verification period has ended and all test papers have been collected, the contest director shall announce the official results. Official results, once announced, are final.

(6) Returning Materials. No materials from district contests may be returned to contestants prior to official release dates.

## Contest Administration Script

Before the event begins, make sure to check the sound equipment in the contest room to ensure it works properly and that contestants will be able to hear the selections.

1. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

2. Distribute answer sheets and call roll (if necessary).

(3) **Say:** “This is the UIL Music Memory test. Write your contestant number in the upper right corner of the answer sheet, and circle your correct grade level (students in 2nd grade will not need to circle their grade level).”

(a) For Second Graders:
After all students have written their contestant number, **Say:** “You are now going to complete Step One of the test. I will give you around 10 minutes for this step. Using the composer name bank, write the composer name next to the correct selection title using each composer once.”

Allow students around 10 minutes for this part of the test.

Next, **Say:** “I am now going to play the music for Step Two. Listen to the music excerpt and put the correct number next to the selection name.

(b) For Third/Fourth Graders:
After all students have written their contestant number and circled their grade level, **Say:** “You are now going to complete Step One of the test. I will give you around 10 minutes for this step. Write the letter of the selection and major work in the blank next to the correct composer’s name, using each letter once.”

Allow students around 10 minutes for this part of the test.

Next, **Say:** “I am now going to play the music for Step Two. Listen to the music excerpt and put the correct number next to the selection name. For the tiebreaker, write the major work (where needed) and selection name. I will pause each music track for around one minute to give you enough time to write your response.”

(c) For Fifth/Sixth Graders:
After all students have written their contestant number and circled their grade level, **Say:** “I am now going to play the music. Listen to the music excerpt and write the title of the selection, major work (where needed) and the composer in the blanks provided. I will pause each music track for around one minute to give you enough time to write your response.”
Visit the A+ section of the UIL website to download the current year’s Official Music Memory List (names of the pieces with links to purchase music), including pilot grade levels, and to find information about study materials.

Copyright Notice: The UIL does not own rights to music selections; therefore, selections are not available for download or purchase through UIL. The UIL website provides information on how to acquire the music selections. Remember that recordings of the musical selections are copyrighted and ensure that your uses of the recordings do not violate copyright restrictions. Refer to your source’s usage guidelines.
Judging/Scoring Rules

**Briefing Judges:** Brief graders on the procedure to be used for grading and explain the scoring process. A copy of the Official Music Memory List is printed on the back of each answer key.

**Criteria:** The test is graded objectively. Two points are awarded for each correct answer; one point is awarded if the answer is correct but misspelled.

**Scoring:** Each test should be independently scored twice, and papers contending to place should be scored a third time. To receive full credit for an answer, all information about the music selection should be complete as shown on the Official List. For additional scoring instructions, refer to the official Music Memory Scoring Guidelines provided in the A+ Handbook and on the UIL website.

(A) In the 2nd-grade matching portion of the contest, award two points for the correct composer, or one point if the composer is correct but misspelled. In the 2nd-grade listening portion of the contest, award two points for correct recognition of selection title.

(B) In the 3rd/4th-grade matching portion of the contest, award two points for recognition of the composer and two points for recognition of selection title. In the 3rd/4th-grade tie-breaking portion of the contest, award two points for the correct major work, if required, and two points for the correct selection. Award one point if the major work is correct but misspelled. Award one point if the selection title is correct but misspelled. Award no points for incorrect or unanswered items.

(C) In the 5th/6th-grade contest, award two points for the correct major work, if required, and two points for the correct selection. Award one point if the major work is correct but misspelled. Award one point if the selection title is correct but misspelled. Award no points for incorrect or unanswered items.

(D) In the 7th/8th multiple-choice part of the contest, award two points for each correct answer. (If the district has opted to count the multiple-choice section as a tiebreaker only, it is only necessary to grade that section for entries involved in a tie.) In the listening portion of the contest, award two points for the correct major work, if required, or one point if the major work is correct but misspelled. Award two points for the correct selection title, or one point if the selection title is correct but misspelled. Award two points for the correct composer or one point if the composer’s name is correct but misspelled.

**Ranking Teams:** Scores of all members who participated on the team should be added and divided by the number of team members. A team shall have at least three contestants to participate in the team competition.

**Points:** Individual points are awarded through sixth place. Team points are awarded through third place. See 1408 (i).

FAQs about Rules

**How long does the contest last?**
For 2nd grade students, allow up to 10 minutes for contestants to complete the matching portion. Allow approximately 20-25 seconds of listening time for each of the 10 music segments and adequate time between each selection for writing. The entire contest should take no more than 30 minutes to complete.

For 3rd and 4th grade students, allow sufficient time to answer the matching portion of the test and to write down the name of the major work, if it is required, the selection title for the tie breaker. Give students at least one minute between each selection for writing. In the matching portion of this test, 10 minutes is usually about right, but if students get finished before, you may cut that time limit short.

For 5th and 6th grade students, allow sufficient time to write down the name of the major work, if it is required, selection title, and the name of the composer. Give students at least one minute between each selection for writing.

For 7th and 8th grade students, allow 10 minutes to complete the 20-question multiple-choice section. For the listening portion, give students at least one minute between each selection for writing. The entire contest should take no more than one hour to complete.

**May a musical selection be replayed?**
The only time a music selection would be replayed is because of a technical glitch, distraction (such as a bell going off) or other external noise.

Number Sense

Every day, individuals are called upon to use their ability to make quick mental calculations to make decisions. The development of such abilities is an integral part of the math curriculum.

Section 1450:
NUMBER SENSE

(a) THE CONTEST.
(1) Summary. Individuals are called upon every day to use their ability to make quick mental calculations to make decisions. The development of such abilities should be an integral part of the math curriculum. Concepts covered include, but are not limited to: addition, subtraction, multiplication, division, proportions, and use of mathematic notation.

(2) Contest Format. Students will be given a fill-in-the-blank test which they shall complete without doing calculations on paper or on a calculator. Erasures, mark-overs and mark-outs are not permitted. Requirements for numeric forms shall be as specified in official contest procedures. Exactly 10 minutes shall be allotted for the testing period exclusive of time required for instructions.

(b) REPRESENTATION.
(1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

(2) Divisions. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(3) Individual Competition. For each division, each participant school may enter as many as three contestants in the district meet.

(4) Team Competition. If the district has elected to include team competition, the combined scores of the three contestants in each division from a school shall constitute the school’s team score. A team shall have three contestants compete to participate in the team competition.

(c) CONTEST ADMINISTRATION.
(1) Personnel. All personnel in this contest may be coaches of participating students.

(2) Ties and Points. Ties are not to be broken in either individual or team competition. If there is a tie for first place, there is no second place. If there is a tie for second place, there is no third place, etc. Points are awarded as specified in Section 1408 (i). Tied individuals or teams split the total points equally for the two or more places in which a tie exists.

(3) Verification Period. A verification period shall be provided. Unofficial results should be posted. Contestants and coaches should be given no more than 15 minutes to examine their test papers with official keys. Questions should be directed to the contest director, whose decision shall be final.

(4) Official Results. After the verification period has ended and all test papers have been collected, the contest director shall announce the official results. Official results, once announced, are final.

(5) Returning Materials. No materials from district contests may be returned to contestants prior to official release dates.

Contest Administration Script

(1) Before the contest begins, the contest director shall number the folded sheets and keep notes of the name and school of each contestant. Next, inform contestants and coaches of the time and place of the verification period. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

(2) Say: “This is the UIL Number Sense test. I am now going to place your folded test sheet in front of you. Do not handle or unfold the test sheet until I tell you to do so. While you are taking your test, write your answers in the blank immediately following the problem without attempting to solve the problem on paper, in accordance with instructions on your test sheet. This is a test in mental mathematics, and only the results of calculations arrived at without the use of pencil and paper will be accepted. If you do not follow that contest rule, you will be disqualified. You will have 10 minutes to take this test. You may now unfold your test and begin.”

(3) The contest director shall give contestants start and stop signals to begin and end the 10-minute testing period. No other time signals shall be given. Allow students 10 minutes to take the test.

(4) When the test period of 10 minutes has ended Say: “Sit back and put your writing utensil down. Be ready to deliver your test to the person collecting the test.”

*The contest official may ad lib as necessary while conducting the contest.

General Contest Information

Contest Grade Divisions
- This contest will consist of two divisions (fourth-sixth, seventh/eighth) unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel
- Contest Director. The contest director will be in charge of running the contest and resolving any problems that arise. Following the contest, provide the meet director with the Contest Roster with each contestant’s score, a list of individual and team winners, and the number of contestants participating. The contest director may be the coach of a participating student. The director may appoint an assistant director.
- Graders. At least three graders should be familiar with the instructions for grading and the contest rules. The contest director may recruit more than three graders.

Contest Material Overview
- Provided by UIL- Printed tests, answer key, contest rosters
  - These materials will be provided to schools submitting the appropriate requisitions. See Section 1408 (c) and (e) for the dates when invitational materials and district materials will be available.
- Provided by the School or Student- Pencils or pens
- Other- No other materials or notes may be used in the contest.
Grading/Scoring Rules

**Briefing Graders:** Brief graders on procedure to be used for grading and explain the scoring process.

**Scoring:** Each test should be independently scored twice, and papers contending to place should be scored a third or fourth time as needed. Award five points for each problem solved correctly. Deduct four points for each problem not solved correctly and for each problem skipped. No deduction is taken for problems after the last problem attempted. An illegible figure constitutes an incorrect answer. The contest director, with the assistance of graders, may determine whether a figure is legible. An erasure or markout would cause that problem to be incorrect.

(A) *Fractions.* All fractions in test papers must be reduced to lowest terms. Improper fractions are permitted. Decimal answers are permitted for those unstarred problems whose answers are exactly expressible as decimals. For example, $\frac{3}{2}$, 1$\frac{1}{2}$, and 1.5 are all acceptable. Starred problems on the test sheets require approximate integral answers, i.e., they permit 5% error; unstarred problems require exact answers.

(B) *Symbols.* Symbols such as ° and % are usually printed on the sheet. Therefore, answers require only the writing of numerals. If a symbol is omitted from the printed sheet, it is not the responsibility of the contestant to make sure the answer is complete. If not printed, the student need not include it in the answer.

(C) *Exception for Dollars and Cents.* In agreement with the philosophy that answers should be complete, all dollars and cents problems must have complete answers. That is, twenty-three dollars must be written as $23.00$ (with $ and .00). Sixteen cents must be written as $.16$ or 16¢, depending on the answer blank format.

(D) *Efficient Forms.* Numerical answers should be written so that the answers are complete as in the two examples above. However, the answer should be written in the most efficient form possible. For example, if the answer is 16, the written answer 16,000 is not acceptable for the purposes of the number sense competition. Extraneous zeroes are not to be used. For example, if .16 is the answer, 0.16 is not an acceptable format.

(E) *Exponentials.* An answer such as $3 \times 10^3$ should be expressed as 3000 and not left in exponential form.

FAQs about Rules

**What types of questions are on the test?**
The test will cover basic arithmetic and mathematical functions in grades four through six. Another test for the junior high level will include algebra, geometry and number theory.

**How long does the contest last?**
Ten minutes are allowed for the contest.

**Are commas permissible in answers?**
Commas are not required in the answer, however if the student writes the answer using commas, they must be in the correct place or they will be considered as extraneous marks and will be counted incorrect.

**Are timing devices allowed?**
Contestants may use timing devices as long as they do not emit audible signals during the contest. Cell phones, smart watches or any device that can wirelessly connect to the Internet, electronic tables, music players, headphones, etc. may not be used in the testing room.

Frequently Asked OAP Questions

1. Do we have to follow all the rules?
   Yes and No. The Constitution and Contest Rules (C&CR) states that “schools will produce a play in strict accordance to the rules and regulations in the current One-Act Play Handbook and C&CR.” However, there are some exceptions listed specifically in the C&CR Section 1454.

2. How do we enroll?
   Online enrollment is not required for junior high. The procedures for enrolling are determined by your district executive committee. Each campus may compete in only one district OAP contest. Deadline for submitting the Junior High Contest Entry Form is no later than ten calendar days prior to your first contest. Check with your contest manager. All materials and forms for Play Directors and Contest Managers may be found on the Junior High One Act Play page of the UIL Theatre website.

3. Do we have to submit online title registration?
   No.

4. Does our play have to be approved?
   If your title is on the approved lists (check UIL web site) you do not need approval. If it is not, follow the procedures under Section 1033(c)(3)(A) of the C&CR. Deadline for requesting permission to produce plays not on the approved list and scenic elements that are not permissible under contest rules is 45 calendar days prior to your first contest.

5. Do we have to use a judge from the list?
   Yes. Your contest judge MUST come from the approved critic judge list available on the UIL website.

6. May we use ratings instead of rankings?
   No. The rules require that plays be ranked 1-3.

7. Can we give out awards for Best Supporting Actor and Actress?
   No. Acting awards include 2 best performers, All-star Cast and Honorable Mention. Tech or Crew awards may be given at the discretion of the Contest Manager.

8. How many schools need to participate to schedule a contest?
   Three. If you do not have enough, you may combine with schools from different districts to have a contest. Each school takes their points back to their “home” district.

9. How do we get contest materials?
   You may download all necessary materials from the UIL web site. No printed materials are shipped from the UIL office for A+ OAP contests.

10. Can the critiques be done at a later date?
    The critiques must be public and done immediately after the awards presentation.
Oral Reading

Reading literature out loud provides opportunities for students to analyze the text, to grow and to develop as a performer, to communicate a message to an audience and to perform an artistic creation. The oral reading competition should be an extension of the classroom literary and language arts activities in poetry, short stories and children’s fiction. See the UIL website for frequently asked questions about oral reading.

**Section 1458: ORAL READING**

(a) **THE CONTEST.**

1. **Summary.** Reading a text out loud serves four purposes: to analyze the text as a literary critic; to grow and to develop as a performer; to communicate a message to an audience; and to perform an artistic creation. All of these apply to the Oral Reading competition, which should be an extension of the classroom literary and language arts activities in poetry, short stories and children’s fiction.

2. **Contest Format.** Requirements for acceptable selections shall be as specified in official contest procedures. The maximum time for each presentation is six minutes. There is no minimum time limit. Students who exceed the allotted six minutes shall be penalized one rank. For example, if the judges rank a student second who has gone overtime, that student shall be assigned third place and the student who was ranked third will be given second place. Contestants may not use costumes or props in the contest. No speaker may be coached or prompted in any manner during the presentation. Audiences are permitted.

(b) **REPRESENTATION.**

1. **Contestants.** Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest at the district meet. Eligible ninth grade students may also enter oral reading. At the district meet, students in grades four through eight may enter no more than two speech events. Ninth grade students are limited by the requirements in Section 1000 (b).

2. **Divisions.** Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

3. **Individual Competition.** Each participant school may enter as many as three contestants per division in the district meet.

4. **Team Competition.** There is no team competition in this contest.

(c) **CONTEST ADMINISTRATION.**

1. **Personnel.** The contest director may be the coach of a participating student. A timekeeper should be provided for each section. Contest officials should select one judge or an odd-numbered panel of judges for each section. Judges shall not be coaches of participating students. So far as possible, judges should not know what school any contestant represents.

2. **Sections.** A section shall consist of no more than eight contestants. If nine or more students enter a division of oral reading, they shall be divided into sections according to official contest procedures. Winners from the preliminary rounds will compete in a final round.

3. **Rankings, Ties and Points.** Contestants shall be ranked as specified in official contest procedures. There can be no ties in this contest. Points are awarded as specified in Section 1408 (i).

4. **Verification Period.** If a panel of judges is used, a verification period shall be provided, during which unofficial results should be posted. Coaches should be given no more than 15 minutes to verify that tabulation of rankings is correct. The decisions of the judges are not subject to question. Evaluation sheets may be viewed by contestants and coaches during the verification period and shall be returned to the contest director at the end of the verification period. For rounds with single judges, a 15-minute viewing period is recommended.

5. **Official Results.** The contest director shall announce the official results. Official results, once announced, are final.

6. **Returning Materials.** No confidential materials are used in this contest. Therefore, evaluation sheets may be returned to contestants at the conclusion of the contest.
Oral Reading

Contest Administration Script

Contestants may be assigned to sections and speaker order may be established prior to the day of the meet. If the contest director prefers, the contestants in each preliminary section may draw for speaker order just before the contest begins.

Say: “This is the UIL Oral Reading event. Audiences are allowed for this event, but cheering is not permitted during a contestant’s presentation.”

The contest director shall see that this rule is strictly enforced.

** The contest director will need to be familiar with the rest of the contest rules to run the Oral Reading event. **

* The contest official may ad lib as necessary while conducting the contest.

General Contest Information

Contest Grade Divisions

- This contest will consist of two divisions (fourth-sixth and seventh-ninth) unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel

- Contest Director. The contest director will be in charge of running the contest and resolving any problems that arise. Following the contest, provide the meet director with a list of winners and their schools and the number of contestants. The director may appoint an assistant director.
- Timekeeper. A timekeeper should be provided for each contest to notify the contestant of the amount of time remaining from the total allotted time. The timekeeper should demonstrate to the contestant the type of time signals to be used. While the timekeeper may use either hand signals or timecards to indicate to the speaker the remaining time, time cards are a much preferred method of signal.
- Judges. Prior to the contest, judges should become familiar with the oral reading evaluation sheet and the standards for style and delivery. So far as possible, judges should not know what school any contestant represents.
- Section Chairperson (not mandatory)- Each section may have a section chairperson to ensure that the contest progresses without problems.

Contest Material Overview

- Provided by UIL- Evaluation sheets, Judges’ Ballots, Contest Director’s Ranking Sheet for a panel of judges
  - These materials will be provided to schools submitting the appropriate requisitions. See Section 1408 (c) and (e) for the dates when invitational materials and district materials will be available.
- Provided by the Student- Literature to be performed in appropriate notebook
- Other- No other materials or notes may be used in the contest
Judging/Scoring Rules

Criteria
• The evaluation sheet will include sections for commentary on understanding of the text, control of the performance, appropriateness of the selection, how well the performer prepared the audience and made the meaning of the selection clear as well as the quality of the performance including portrayal of the characters and how well the performer captured and communicated the essence of the literary work.

Briefing Judges
• Prior to the contest, judges should become familiar with the oral reading evaluation sheet and the standards for style and delivery.

Length of Readings
• Students who go over the allotted six minutes shall be penalized one rank. For example, if the judges rank a student second who has gone over the time limit, that student shall be assigned third place and the student who was ranked third will be given second place. Because contestants of many ages participate in this activity, and because coaches are encouraged to choose selections of lengths which are suited to the ages of the contestants, there is no minimum time limit.

Questions
• Questions should be made to the contest director before the decision of the judges is announced as official. The decisions of the contest directors and/or meet officials on these matters are final.

Ranking the Contestants
• If a panel of judges is used, the contest director shall tabulate all judges’ ranks to determine places. See 1003 (b).

FAQs about Rules

What do students read for the contest?
The UIL does not prescribe a list of poetry or prose selections for oral reading. Selections used by contestants should not offend the moral standards of the community nor be in bad taste. Plays or speeches may not be used as selections. Coaches should revise or reject all selections that in any way fail to meet these qualifications.
• Grades 4, 5 and 6. Students shall have a maximum of six minutes to read a selection of poetry. Each selection may be one poem, a cutting of a poem or a combination of poems. The same selection may be read in all rounds, but different selections are permissible. Selections shall be published although the poet may be unknown or anonymous. The maximum time for each presentation is six minutes. There is no minimum time limit.
• Grades 7, 8 and 9. Students shall have a maximum of six minutes to read selections of prose or poetry according to the following schedule.
  2018-19 – prose
  2019-20 – poetry
  2020-21 – prose
• Each may be a single reading, a cutting from a longer selection or a combination of several selections. The same selection may be read in all rounds, but different selections are permissible. Selections shall be published although the author may be unknown or anonymous. Prose readings may include fables, yarns, tales, science fiction, fantasy, mysteries, etc. Selections may be fiction or nonfiction. The maximum time for each presentation is six minutes. There is no minimum time limit.
FAQs about Rules (cont.)

**How many speaking events may a student enter at the district meet?**
A student may enter a maximum of two of the following speaking events: Impromptu Speaking, Modern Oratory, Oral Reading.

**May a student be coached during the event?**
No speaker may be coached or prompted in any manner during the delivery of the selection.

**Do students read their selection?**
Yes. Students shall read their selection from a manuscript. It is suggested that the selection be held in a simple, dark-colored folder or small notebook that does not draw attention to itself. The manuscript must be in printed form; electronic devices are not allowed in Oral Reading.

**Are introductions and transitions required?**
Introductions and transitions are not required but are permitted (and may be helpful to the judges). The introduction and transitions shall be delivered within the six minute time limit. The main emphasis should be on the individual selection or selections of prose or poetry.

**Are costumes and props permitted?**
No. Contestants may not use costumes or props in this contest.

**May students act out their selection?**
Responsive use of the body (i.e. spontaneous changes in posture, gesture and place-to-place movement) is permissible. However, this active use of the body should:

(A) be appropriate to the demands of the selection;
(B) be a natural outgrowth from the literature to be performed; and
(C) be limited in scope.

*The judge’s opinion in this matter is final. Coaches are encouraged to prepare contestants for the fact that judges will apply their own opinions to what they value in style and delivery and these opinions will vary from judge to judge.*

**How many contest rooms are necessary?**
Ask the contest director how many divisions there will be in the contest. Include one room for each preliminary section.

**May districts create sections larger than eight students?**
No. The largest section is eight students.
Suggested Sources
There is no required list for Oral Reading. Selections must be published although the author may be unknown or anonymous. The following list is provided only as a springboard for ideas. There are countless examples of quality literature that is age-appropriate for students in oral reading. One of the benefits and much of the fun of participating in oral reading is exploring literature to find a selection you love and want to share with others. Happy hunting!

INSTRUCTIONS
Please read from the Constitution and Contest Rules the instructions for evaluating the performances of the Oral Reading contestants. This evaluation criteria has been developed to feature each element of the oral reading situation: the text, the performer, the audience and the combination of all of these — the performance. The questions will overlap, but your comments will be valuable and instructional if you can address each area. You may continue your comments on the back. Please make your comments using language understandable to the contestant. Students and instructors appreciate specific and constructive comments. Please do not confer with other judges before ranking students. Judging decisions are an individual responsibility.

THIS FORM SHOULD BE AVAILABLE FOR REVIEW BY ALL COACHES AND CONTESTANTS DURING BALLOT VERIFICATION.
Texas puts great emphasis on writing skills at all levels of school and all levels of state-wide testing. Ready writing builds those skills and helps students refine their writing abilities. In particular, this contest helps them learn to write a clear and correct paper that is interesting and original.

Section 1462:
READY WRITING
(a) THE CONTEST.
(1) Summary. Texas has put a great emphasis on writing skills at all levels of school and all levels of statewide testing. Ready Writing builds upon those skills and helps students refine their writing abilities. In particular, this contest helps them learn to write clearly and correctly a paper that is interesting and original.

(2) Contest Format. Contestants are given a choice between two prompts, each of which defines the audience and provides the purpose for writing. Students should be encouraged to analyze the prompts for purpose, format, audience and point of view. The format may be, for example, a letter, an article for the newspaper or an essay for the principal. Various writing strategies may be stated or implied in the prompt. Some of these include:

(A) description to inform – describe the happening or person/object from imagination or memory;
(B) narration – write a story;
(C) persuasion – describe and argue just one side of an issue; describe both sides of an issue then argue only one side; write an editorial; write a letter to persuade, etc.

There is no minimum or maximum number of words the contestants may write. Two hours are allowed for writing the composition. The District Executive Committee may shorten the length of the contest period to conform to the needs of the grade level.

(b) REPRESENTATION.
(1) Contestants. Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

(2) Divisions. Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(3) Individual Competition. For each division, each participant school may enter as many as three contestants in the district meet.

(4) Team Competition. There is no team competition in this contest.

(c) CONTEST ADMINISTRATION.
(1) Personnel.

(A) Contest Director. The contest director may be the coach of a participating student. A single or an odd number of judges should be selected. Judge(s) shall not be coaches of participating students.

(2) Options for Writing. Contestants may hand-write their essays or may bring and use their own computers. If contestants choose to use their own computers, they shall bring their own printers, associated hardware, software and paper. Spell check and thesaurus functions may be used. Students who opt to compose their entries on computers accept the risk of computer malfunction. In case of computer malfunction, the contestant may use the remaining allotted time to complete the composition in handwriting. Contestants may use electronic or printed dictionaries and thesauruses.

(3) Viewing Period. An optional period of time not to exceed 15 minutes may be arranged for coaches and contestants to review their own evaluations and compositions, and verify identification.

(4) Ties and Points. There can be no ties in this contest. Points are awarded as specified in Section 1408 (i).

(5) Official Results. After the optional viewing period has ended and all compositions have been collected, the contest director shall announce the official winners. Official results, once announced, are final.

(6) Returning Materials. No materials from district contests may be returned to contestants prior to official release dates.
Contest Administration Script

Before the contest begins, coaches may assist with putting contestant numbers on students’ blank paper if necessary. Inform contestants and coaches of the time and place of the viewing period, if one is scheduled. A verification period is strongly encouraged not to exceed 15 minutes to review evaluations and compositions and verify identification (not to question judge decisions). Spectators and coaches not assigned a specific duty in administering the contest should be dismissed from the contest room before the contest begins.

1. Call roll (if necessary).

2. Say: “This is the UIL Ready Writing event. Write or type your contestant number in the upper right hand corner of your blank writing paper.”

3. After all students have written their contestant number, Say: “Contestants may use ruled or plain white paper, standard notebook or typing paper to hand-write their essays. The essay should be written on one side in pencil or ink, or typed on a word processing computer using any standard size font and one-inch margins on regular sized computer paper.”

4. Then, Say “Now, I am going to pass out the Ready Writing topic sheet. Do not turn it over until I tell you to do so.”

5. After all students have received a prompt sheet, Say: “Now, you may turn over your topic sheet. I will read the two prompts aloud.”

6. Read the two prompts aloud.

7. Then, Say “Select only one topic for your paper. Write the topic you have chosen about two inches below the top of your first page, and begin the body of your composition below the topic. Do not include your name or name of your school on your paper. Papers will be identified by numbers assigned by the contest director. You may use the instruction and prompt page for notes or ideas. You will have _____ (up to 2 hours is allowed) to write the paper. I will let you know when only 15 minutes remain. You may now begin writing.”

8. When 15 minutes remain, Say: “You now have 15 minutes to finish your story.”

9. After the writing period is over, Say: “It is now time to stop writing. Please put your writing utensil down, press “print” if you typed your paper, and I will collect your contest material.”

**Section 1470: SPELLING**

(a) **THE CONTEST.**

(1) **Summary.** This contest is designed to give students exposure to a wide variety of vocabulary words. It is not a contest of memorization. For the most educational value, preparation for this contest should include instruction in the rules of the English language, meanings and definitions, and root words. In addition to learning to spell proficiently, contestants will learn to write clearly and to capitalize words properly. Words will come from the appropriate UIL spelling list, state adopted textbooks and words of common usage. Approximately 20 percent of the test words will come from sources other than the UIL spelling lists. The source designated in official contest procedures will serve as the authority for all words in the contest.

(2) **Contest Format.** Students will write down words given by the pronouncer on their paper at a rate of approximately five words per minute.

(A) Grades 3 and 4: 50 words; tie breaker, 15 words.

(B) Grades 5 and 6: 80 words; tie breaker, 20 words.

(C) Grades 7 and 8: 110 words; tie breaker, 30 words.

The tiebreaker is given to all contestants immediately following the initial test. Contestants who do not take the tiebreaker shall be disqualified.

(b) **REPRESENTATION.**

(1) **Contestants.** Students in officially prescribed grade levels below 9th grade who are eligible under Sections 1400 and 1405 may enter this contest.

(2) **Divisions.** Districts shall offer either a separate division for each participating grade level or combined grade level divisions as specified in official contest procedures.

(3) **Individual Competition.** For each division, each participant school may enter as many as three contestants in the district meet.

(4) **Team Competition.** If the district has elected to include team competition, the combined scores of the three contestants in each division from a school shall constitute the school's team score. A team shall have three contestants compete to participate in the team competition.

(c) **CONTEST ADMINISTRATION.**

(1) **Personnel.** The contest director will be in charge of running the contest and resolving any problems that arise. The director may also serve as the pronouncer as long as he/she is not the coach of any student in the contest. The pronouncer shall not be a coach of any contestant entered in the contest. Responsibilities of the pronouncer are as specified in official contest procedures. Additional required and recommended contest personnel are specified in official contest procedures.

(2) **Verification Period.** A verification period shall be provided. Unofficial results should be posted. Contestants and coaches should be given no more than 15 minutes to examine their test papers with official keys. Questions should be directed to the contest director, whose decisions shall be final.

(3) **Ties and Points.** Ties in individual competition are to be broken by scoring the tie breaker test of only those involved in the tie. When calculating team scores, do not include scores from the tie breaker portion of the test unless a tie exists. If a tie exists in team competition, calculate the tie breaker scores for only those teams involved in the tie. If the tie remains after scoring the tie breaker, the tie shall stand. If there is a tie for first place, there is no second place. If there is a tie for second place, there is no third place, etc. Points are awarded as specified in Section 1408 (i).

(4) **Certificates.** Students who score 100% in district competition are eligible to receive a Certificate of Achievement. Words misspelled on the tie breaker do not disqualify a student from a certificate.

(5) **Official Results.** After the verification period has ended and all test papers have been collected, the contest director shall announce the official results. Official results, once announced, are final.

(6) **Returning Materials.** No materials from district contests may be returned to contestants prior to official release dates.

Contest Administration Script

(1) Inform contestants and coaches of the time and place of the verification period. Spectators and coaches not assigned specific duties in administering the contest should be dismissed from the contest room before the contest starts.

(2) A contest official will now, Say: This is the UIL Spelling test. Write your contestant number in the upper right-hand corner of your answer document (blank paper or Spelling answer sheet found here).

(3) The pronouncer and verifier will now conduct the contest including the tiebreaker (students who do not take the tiebreaker test shall be disqualified) keeping these points of clarification in mind:
   (A) Homonyms. The pronouncer should be careful to distinguish between words that sound alike but have different meanings. When pronouncing the word “bass,” be careful to give an example phrase “bass drum,” or “bass voice,” to distinguish it from “base.”
   (B) Clarification. The pronouncer may provide a sentence and/or definition for clarification, if needed.
   (C) Verifiers. Verifiers should be given a copy of the test list and should mark any words for which they question the pronunciation or definition as the test is being dictated.
   (D) Verifying Pronunciation. After each test, when all words have been pronounced, the pronouncer, with the assistance of the verifier, shall verify and clarify any words in question. These words should be repronounced by the pronouncer.

(4) After the test and tiebreaker have been given, the pronouncer will either repronounce any word deemed necessary by the verifier or will conclude the contest and collect all answer sheets. After that is complete, the contest official will Say: “Please put your pen or pencil down. I will now collect your answer sheet.”

*The contest official may ad lib as necessary while conducting the contest.*
General Contest Information

Contest Grade Divisions
This contest will consist of three divisions – one for grades 3 and 4, one for grades 5 and 6, and one for grades 7 and 8 – unless the district executive committee approves separate divisions for each grade.

Necessary Contest Personnel
• Contest Director. The director may appoint an assistant director. Following the contest, provide the meet director with the Contest Roster with each contestant’s score, a list of the winners and their schools, and the number of contestants participating.
• Pronouncer. The pronouncer shall not be a coach of any contestant entered in the contest. The pronouncer should receive the test and tie breaker well in advance of the contest and should become familiar with the words and verify pronunciations and spellings of all words on the test. The pronouncer should be prepared not only to give two pronunciations of each word (if the word has more than one pronunciation) but also to provide an illustrative sentence for words which offer unusual difficulties.
• Verifier. One or two verifiers check the pronunciations and definitions given by the pronouncer.
• Monitor (Optional). The monitor shall not be a coach of a contestant in the contest. The monitor’s duty is to make certain that contestants work quietly and independently.
• Graders. At least three graders should be familiar with the instructions for grading and the contest rules, and they may be coaches. The contest director may recruit more than three graders.

Contest Material Overview
• Provided by UIL- List of test and tie breaker words, Contest rosters, Instructions for the pronouncer, grader, verifier and monitor, Certificates of Excellence (for district meets)
  • These materials will be provided to schools submitting the appropriate requisitions. See Section 1408 (c) and (e) for the dates when invitational materials and district materials will be available.
• Provided by host school: Dictionary for the pronouncer, verifiers and graders to use if needed, the current A+ Spelling List
• Provided by the school or student: Pens or pencils and blank, lined paper, (an example is found here) which may be numbered
• Other- No other materials or notes may be used in the contest

Length of Contest
Time should be allotted for introductory information, roll call, for pronouncing each word at a rate of approximately five words per minute, and for pronouncing words a second time, as needed.

(A) Grades 3 and 4: approximately 30 minutes
(B) Grades 5 and 6: approximately 45 minutes
(C) Grades 7 and 8: approximately 60 minutes

Available Sets of Material
One test will be provided for grades 3 and 4, another for grades 5 and 6 and another for grades 7 and 8. For elementary and junior high contests, words will come from the appropriate UIL spelling list, state adopted textbooks and words of common usage. The authority for all words is Merriam Webster’s Intermediate Dictionary. Approximately 20 percent of the test words will come from sources other than the UIL spelling lists.
Grading/Scoring Rules

Criteria
- The test is graded objectively.

Briefing Graders
- Brief graders on the procedure to be used for grading and explain the scoring process.

Scoring
- Each test should be independently scored twice, and papers contending to place should be scored a third time. From the total number of word entries, deduct one point for each incorrectly spelled word.
  (A) Word Order. Any word omitted by the contestant is a miss. If all contestants omit the same word, the pronouncer is presumed to have failed to have given the word, so the omission by contestants is not considered a miss.
  (B) Punctuation and Capitalization. The misuse of an apostrophe or hyphen, or a mistake in capitalization is considered a miss. Contractions and possessive forms may be written with all letters connected or written separately.
  (C) Misspelled Words on List. Any word misspelled on the spelling list is not to be considered in grading the tests unless a correction has been sent to UIL meet directors.

Points
- Individual points are awarded through sixth place. Team points are awarded through third place. See Section 1408 (i). Tied individuals or teams split the total points equally for the two or more places in which a tie exists.

FAQs about Rules

What if we can’t read a student’s handwriting?
Contestants may print or write words. If there is a legibility of a letter question, place a blank piece of paper on either side of the letter, separating it from its context and then determine whether the letter can be identified. If two of three graders rule a letter is legible, it should be considered correct.

May a student ask for a word to be repeated or for a sentence for a word?
No. It is the pronouncer's responsibility to decide beforehand which words should include a sentence. Also, the pronouncer and verifier(s) should confer after all words have been pronounced and determine any words that need to be repronounced.
# Sample Spelling Test

Before the contest begins, the pronouncer should read the *Instruction to the Pronouncer* accompanying the list. Also, the pronouncer should watch the numbers in the parentheses and the minute hand of a clock or stopwatch while giving out the words. Numbers **not** in parentheses are the cumulative total of words pronounced.

**Please Note:** The *A+ Spelling List* is published each year with a new list of words. Students must have the current *A+ Spelling List* to prepare for the contest.

Thank you for contributing your time to the UIL Spelling contest. The contestants are relying on you to grade their tests accurately and to be familiar with the rules for grading and scoring the tests. A couple of reminders:

- Plain writing rules are not a part of UIL Spelling contest. Students in all grade levels may use either a cursive or printing style of handwriting.
- Words may be written or printed in pen or pencil.
- Students may erase as necessary.

**Legibility**

The correct spelling of a word consists of writing legibly the letters that compose it in their proper order. Contestants in all grade levels may use either a printing or a cursive style of handwriting. Legibility, and not handwriting style, is to be emphasized. To determine whether a given letter is legible, place a blank piece of paper on either side of it, thus separating it from its context, and then see whether the character can be identified. Any letter, even though it may not be perfectly written, is considered correct if it can still be identified when separated from the remainder of the word. If two of three judges rule that a letter is legible, it should be considered correct.

**Dictionary**

The authority is the *Merriam-Webster's Intermediate Dictionary*.

**Misspelling**

Any word misspelled in the A+ Spelling List should not be considered in grading the spelling papers unless a correction has been given in the “Official Notices” section of the *Leaguer* and/or posted on the UIL web site.

**Correction**

If a word is misspelled on the test provided for the district meet, that word is to be corrected by the contest director and given to contestants for spelling.

**Miss**

The misuse of an apostrophe or hyphen, or a mistake in capitalization is considered a miss.

**Pronunciation**

Words are to be pronounced in order from the test lists furnished, and any word omitted by the contestant is a miss. If all papers omit the same word, the pronouncer is presumed to have failed to give the word, so the omission by contestants is not considered a miss.

**Contractions and Possessive Forms**

Contractions and possessive forms may be written with all letters connected or may be written separately. Either way is correct.

Contest directors are responsible for determining the grade on each paper, but they may enlist your assistance. The contestant’s grade shall be determined by deducting one point for each misspelled word. The contestant making the highest score shall be given first place; the one making the next highest score second place; and so on through sixth place.

In case of a tie for first through sixth place, the score on the tie breaker test shall be used to break the deadlock and determine the winner. If a tie still exists after the tie breaker has been graded, this tie shall not be broken. Should there be an unbroken tie for first place, there is no second place. Should there be a tie for second place, there is no third place, etc.

Please remain at the contest site during the verification period until the final results are announced in the event of any questions or protests.
INSTRUCTIONS TO MONITOR/VERIFIER

Thank you for contributing your time to the UIL Spelling Contest. Your role as monitor assures a fair, well-managed contest. Your job is to ensure that the contestants are separated from each other as far as space in the room permits and to oversee contestants during the contest.

You should have a copy of the test list. If you cannot hear a word or if a definition is unclear, circle that word on your test copy. After all spelling words are pronounced, you will meet with the pronouncer and ask that these words be pronounced again. The procedure will be repeated for the tie breaker.

Thank you again for your time and effort. We appreciate your assistance.

INSTRUCTIONS TO THE PRONOUNCER

Thank you for accepting this important job in the UIL Spelling Contest. The contestants are relying on your abilities to pronounce and pace the spelling words in this contest.

Well in advance of the contest, you should open and read each word on the test provided. It is the responsibility of the contest director and the pronouncer to see that the test does not reach any unauthorized person. Examining the test before the contest will give you time to become familiar with the words to be sure they can be pronounced properly and, if required, used in an illustrative sentence. If needed, consult a dictionary. The authority is the Merriam-Webster’s Intermediate Dictionary.

If a word has two or more acceptable pronunciations, at least two of the pronunciations should be given by the pronouncer. Each pronunciation may be given only twice. If a word seems to offer unusual difficulties to the contestants, it should be briefly defined or used in an illustrative sentence.

The pronouncer should be careful to distinguish between words which sound alike but have different meanings. Thus, if you pronounce the word “bass,” you should be careful to say “bass drum,” or “bass voice,” to distinguish it from “base,” meaning “low or mean.”

To time the test properly, watch the numbers in parentheses and the minute hand of a clock or stopwatch. Numerals to the right of the word on the test list indicate minutes. Each group of words should be given out in no less than one minute. Numbers not in parentheses are the cumulative total of words on the list. You may, at your discretion, increase the time if a few extra seconds are needed to define words which sound alike.

The tie breaker is to be given to all contestants immediately following the initial test.

For clarity’s sake, the director has placed a monitor/verifier in the contest room. This monitor/verifier should have a copy of your test list. If he/she cannot hear a word or if a definition is unclear, the monitor/verifier will circle that word on his/her test copy. After all the spelling words are pronounced, the monitor/verifier will meet with you and ask you to pronounce again the words noted. This procedure should ensure clarity and consistency for all the contestants. The procedure will be repeated for the tie breaker.

Please remain at the contest site during the grading and verification period in the event any questions or protests are raised.

Thank you again for your time and effort. We greatly appreciate your support.

(date)

“Students, sponsors, administrators and parents are to be commended for the commitment required by academic competition,” said Lisa Parker, UIL Assistant Academic Director. “Experience gained through extra-curricular activities is far more valuable than medals or trophies.”

The UIL offers the following contests for elementary, middle school and junior high students; art, calculator, chess puzzle, creative writing, dictionary skills, editorial writing, impromptu speaking, listening, maps, graphs & charts, mathematics, modern oratory, music memory, number sense, one-act play, oral reading, ready writing, science, social studies, spelling and storytelling.

With more than 3,000 elementary, middle and junior high schools across the state participating in UIL academic competitions, teachers encourage students to sample a variety of activities rather than become specialists in one. UIL designs the contests to provide the foundation for skills and experience the students need.

“Participation in UIL activities is designed to enrich the individual’s learning experience. All contests are created with curricular objectives in mind,” said Mrs. Parker.

NOTIFY COMMUNITY OF UIL SUCCESS

Notify the local media of the results of your UIL competitions. Send press releases to all newspapers, radio and television stations that cover the schools in attendance. Consider including a photograph of some of the winners with all people in the photograph clearly identified on a separate piece of paper.

Follow up the press release with a phone call to the most important media, offering to answer their questions. Also, don’t forget to send a copy of the press release to the person in charge of the principal’s newsletter and the superintendent’s newsletter.

Again, include a photograph if possible. You should also submit press releases for inclusion on the school’s web page.
