CHAPTER 1
At a state meeting in 1910, debate teachers enthusiastically began an interscholastic forensic program to motivate their students and provide them with a practical application for the skills they were developing. Two years later, they asked the University of Texas to administer the program in such a way that it would be fair and equitable for all interested schools in the state. Since that time, the University Interscholastic League has grown into a vibrant organization not only for debate but interscholastic contests in academics, athletics, and music.

Currently, UIL membership includes over 1500 public high schools, as well as private schools meeting prescribed criteria. These schools range in student body size from 9 to almost 6,000. An elected body of school administrators representing each conference and region in the state make up the Legislative Council that governs UIL. Local schools are realigned every two years into UIL districts, which are governed by their District Executive Committee.

The UIL academic program has become the largest program of its kind in the nation and has flourished because of the support and input of the teachers whose students benefit from it.

Our purpose is to develop academic competition that provides enrichment beyond the classroom curriculum, where the best and the brightest are challenged to demonstrate mastery in a variety of academic skills. We currently sponsor 30 high school and 20 elementary/junior high contests. Our staff continually strives to correlate our contests to standardized tests such as college entrance exams, so that students have a training ground that prepares them for the rigorous academic world of higher education. Objectives outlined in the state curriculum are also strong determining factors in the design of our contests that provide advancement from district to regional to state in order to crown a state champion in all 6 conferences.

Our scholarship program is second to none, having disbursed over $32 million since its conception in 1954. More than 20,000 Texas high school students who have competed at the UIL State Academic Meet have received scholarships to attend Texas colleges and universities. This year alone, the Texas Interscholastic League Foundation is awarding over 1.1 million dollars in scholarships.
The UIL requires that all coaches of UIL activities (grades 9 — 12) sign in the presence of a notary the Professional Acknowledgement Form at the beginning of their tenure in that position. This applies to full-time district employees as well as non-school coaches. The school administrator is responsible for seeing that all the forms are properly signed and kept on file. Do not mail copies to the League office. The signed form indicates the coach has read and agrees to abide by the rules. A copy of the Professional Acknowledgement Form is provided online and in the Academic Coordinator’s Manual sent to your campus.

http://www.uiltexas.org/files/professional-acknowledgement.pdf

Speech coaches shall review from the Constitution and Contest Rules (C&CR), Section 400, and their respective contest rules before signing the acknowledgement form. The UIL mails a copy of the C&CR to each school in August. Schools may order additional copies on the academic, music and athletic order forms. The C&CR is also available online on the official UIL web site.

http://www.uiltexas.org/policy/constitution/category/constitution-academics

The Professional Acknowledgement Form has no relationship to a teacher’s normal classroom responsibilities. If coaches are suspended from the UIL duties because of a rule violation, they carry the suspension or any other penalty to any school they might move to for the length of the time of the penalty.

A copy of the Professional Acknowledgement Form can be located in the front of this manual’s appendix.

The conflict pattern is not mandated, but it will be honored at all regional and state meets. Districts are also urged to use the conflicts in setting a schedule for their meets. Regional and state schedules will not be modified to allow participation in conflicting events.

**SESSION I**
- 3 hours

The following events may begin at the same time: prose, poetry, Lincoln-Douglas debate, ready writing*, computer applications* and current issues & events. Calculator applications, number sense and computer applications may not be held at the same time. Students may also participate in both current issues & events and computer applications so long as they are set up and do not delay the start of the computer applications contest. Number sense and calculator applications conflict with current issues & events, ready writing, prose/poetry interpretation and Lincoln-Douglas debate.

**SESSION II**
- 2.5 hours

The following events may begin at the same time: informative speaking, persuasive speaking, spelling & vocabulary, science and accounting. News writing* and feature writing* may not be held at the same time. Note: informative and persuasive speaking finals and computer science programming may conflict.

**SESSION III**
- 2 hours

The following events may be held at the same time: mathematics, social studies, prose, poetry and Lincoln-Douglas debate. Editorial writing* and headline writing may not be held at the same time. Computer science and mathematics may not be held at the same time.

**SESSION IV**
- 2.5 hours

The following events may begin at the same time: informative speaking finals, persuasive speaking finals, literary criticism and computer science programming**. Programming is administered at all levels of competition – district, regional and state.

---

\* - Events utilizing computers [computer applications, editorial, feature, news, and ready writing] must have at least 30 additional minutes earlier than indicated on the chart to set-up equipment. The contestant is not required to be present for equipment set-up.

\** - The 2.5 hour block indicated for Computer Science hands-on programming allows 30 minutes for roll call, preliminary announcements and the “dry run” practice problem, followed by a full two hours for the actual contest. NOTE: teams must also have at least 30 additional minutes earlier in the day to set up equipment. The equipment set-up may take place at any point during the contest day; all team members are not required to be present for equipment set-up.

Updated July 2016
UIL Speech Program

The UIL high school speech program consists of six events from three basic skill categories, plus Congress:

**Debate:**
- Lincoln-Douglas and Cross-Examination (Team Debate)

**Extemporaneous Speaking:**
- Informative and Persuasive

**Oral Interpretation:**
- Prose and Poetry

Students are permitted to enter 2 events in speech, and cross-examination debate.

* UIL also sponsors Congress as an event. It is a fall/winter contest, so there is no restriction on entering Congress in addition to other speech or academic events.

CHAPTER 3
1. Make creative recruitment announcements over public address system or school media channel. Hang recruitment signs in hallways.

Social media: Utilize outlets of Social Media i.e. Facebook, Twitter, etc., in accordance with school policy, to encourage strong ties between current speech & debate team members and to foster development of the thriving program.

2. Early in the school year, put a memo in teachers’ mailboxes. Include a brief description of UIL events, request recommendations of students who they think possess talent for particular speaking contests.

3. Once you identify these students, send them a personal invitation to join the team. Mail student invitation to home address, attention parents. Make the student feel he/she has been “selected” to be among the elite. Be sure to include information for parents about the TILF scholarship opportunities. That often motivates!

4. Recruit from junior high feeder school(s). Contact junior high counselors for pre-registration dates (usually January or early February). Get permission to do a “showcase” of your best performers just prior to pre-registration.

5. Get to be friends with your high school counselor and sell them on your program. (Remember: they make out student schedules.)

6. Early in the school year, find out if your students do other academic UIL contests. (Study the Conflict Pattern to insure events don’t conflict with each other.)

7. Decorate lockers, identifying students who become part of the UIL academic team. Make them feel special. Get shirts made so students feel they belong to a team. Have a UIL shirt day once a week and/or always wear when traveling.

8. Bring a busload of students to the nearest UIL Student Activities Conference (SuperConference) each fall. It’s free and no registration is required.

9. Issue each student a Squad Criteria Packet:
   Include a Medical Release Form, squad rules/philosophy, curfews on trips, tournament entry rules, consequences for drops, tourney dress code, violation of school district policies, etc. approved by your administration. Require commitment signatures from both students and parents.

10. Demonstrate you are willing to go the extra mile for your students. This will inspire your students. (Kids will only give as much as their coach does, but if they see you care to give your time to them, they will be inspired to be loyal to the program.)

11. As your team grows, go to Homeroom/Activity Periods to showcase their talent so student-body/teachers can see what forensics is all about.
   Have experienced students perform for peers.
   Schedule oral interpers to perform for English classes.
   Schedule Extempers, L-Ders, CXers (with modified rounds) to speak for Social Study classes.
   Work within the curriculum, using topics relevant to cross curriculum currently being studied.
12. Recognize your students = Luncheon, Assembly, Awards Night
   Get administrative approval of a Letterman Policy (see Section 480 of the C&CR for award limitations)
   Give patches at end of year.
   Attend board meetings, publicize success in the newspaper
   (write the article yourself — make it easy for newspaper to print)
   Contact your state legislator’s office when your students qualify for UIL State.
   Establish a squad website and Facebook page so photos and kudos can be posted.

13. Announce UIL scholarship winners in local paper – send notices to School Board, Administration, State Representative.

14. Don’t forget to celebrate the small successes along the way. Make the journey fun!

15. Network with other teachers who have effective programs in your school and in neighboring schools. (Find a mentor.)

16. Learn along with the kids. (Admit you are new at this and learning alongside them.)
   Attend workshops: UIL Capital Conference in the summer, UIL SuperConference in the fall, arrange for a successful coach or retired coach to come to your school to do a workshop. Not only will your students benefit, but you’ll learn successful coaching methods.
SQUAD CRITERIA PACKET

Publish a “Squad Criteria” packet pre-approved by your administration. If administration knows that you have established these regulations, their confidence in your credibility as a coach will increase and you will have laid the groundwork for their support in critical situations, if ever needed. Then give the packet to students and parents to review before students join your squad. Insist on their signatures of commitment to these guidelines. A “Squad Criteria” packet might include:

COVER LETTER TO PARENTS
PHILOSOPHY OF COMPETITION
Describe your commitment to the forensic program and your expectations of students who participate in the program.

SQUAD OBJECTIVES
List life skills students can acquire through speech competition, scholarship opportunities

CRITERIA FOR PARTICIPATION
*Tourney Preparation
  - after school workshop attendance, rehearsals (mandatory or voluntary?)
  - specific days you are willing to commit to after school practice

*Tournament Responsibilities
  - commitment to the events the student enters (have student sign form for each tournament including events they want to enter)
  - consequences for “dropping” events
  - dress code for competition
  - behavior at tournaments
    (i.e., No complaining in public about judges, contestants, tournament: procedures such as if there is a problem in the round, coach handles it, not the student.)
  - goals of the meet
    (How to make every competition a “learning” experience; high level of concentration; time to arrive at rounds; support for other squad members by attending final rounds of their events to learn what makes a champion)

TOURNAMENT REGULATIONS
*School policy concerning alcohol, tobacco, drugs
*Regulations concerning transportation to and from the meet
*Regulations concerning leaving the tourney site during the meet
*Regulations governing out-of-town, overnight tournaments
  - hotel room assignments, behavior, curfew, room checks, lights out policy

CONSEQUENCES FOR VIOLATING RULES AND REGULATIONS
*Address unwritten rules
*Individual squad member responsibilities
*FORMS to be signed and kept on file
*Student commitment to the rules and regulations
*Parental commitment to the rules and regulations
*Medical Release
  -Critical! Allow no student to travel without having this on file! Require that the form be notarized. Get your local health department or hospital to help design one that will meet regulations for emergency medical treatment. Carry it with you on all trips.
HINTS FOR NEW COACHES

UIL tournaments are exciting for coaches as you see the hard work of your students come to fruition. However, without careful planning, first-year coaches may find tournaments almost overwhelming. It is important to be prepared for the additional responsibilities that competition requires of you so that you can create a healthy balance between forensics and your regular classroom duties. Being organized and knowing what to expect ahead of time are keys to meeting this challenge successfully. Here are a few hints and unwritten rules you might find helpful to know as you begin the tournament circuit.

Before the Tournament:

1. Upon receiving the tournament invitation, make sure there are no major conflicts with the school calendar that might adversely affect your students or their ability to compete (i.e., stock show, football or basketball game, prom). If there are, understand that all students might not wish to participate at that time.

2. Post the tournament date and events early and set your own deadline for signing up that will allow you to submit the entry form in time to meet the tournament’s deadline.

3. Arrange for transportation (bus request, etc.) well in advance, following your district’s guidelines.

4. If the tournament necessitates an overnight stay, make room reservations immediately. (This is especially important if your students qualify for UIL State. Reserve rooms well in advance of the meet. For UIL CX Debate State, reserve in early fall and then cancel reservation promptly if your team does not qualify.)

5. Submit purchase orders for check requests as soon as you know how many competitors you will be entering. Most tournaments charge by the event entries rather than by the student. Know your school district policies and meet important deadlines for the central office/business department.

6. Arrange for the appropriate number of judges required, either by serving as the judge yourself, taking someone with you or paying the judging fees. Usually coaches are asked to fill one of the judging slots, so be prepared to do so. It’s the best way to learn and you become a stronger coach. (If you qualify debaters to State, you are required to provide a judge with strong experience that can adequately judge state-level rounds.) Avoid “buying out” of your judge obligation at invitational meets so you can serve as the judge.

7. Hand out tournament attendance permission slips to be signed and returned by a specific deadline. This keeps parents aware of dates and holds students accountable for tournament attendance.

8. Pay attention to the “add/drop” deadline. Any drops made after that date usually result in an additional “drop fee”. Most tournaments will not allow any additions after that date.

9. During the week before the tournament, make sure each competitor has performed for you. This not only allows you to make sure the student is prepared, but also focuses the student on the task at hand.

10. Make sure you have communicated to your squad what kind of attire is required for competition. Appropriate dress is almost as important as the performance.
11. Prepare your students for performing in front of an audience since UIL rules allow for observers.

Getting on the Bus

1. Set a departure time that allows you extra time for any unforeseen difficulties in getting to the contest and hold to it. Waiting for a late student only penalizes everyone else and sets a bad precedence for the future. If necessary, assign one or two team captains to contact all entrants 30 minutes before departure to make sure everyone arrives in time for roll call.

2. Have specific travel directions for the bus driver.

3. Carry to the tournament:
   - Copy of the entry form and tournament schedule
   - All necessary checks or purchase orders
   - Medical releases and permission slips or copies of these since you might want to leave the originals in a file in your classroom
   - Specific directions to the tournament site; be sure bus driver gets a copy to review.
   - School and parent emergency telephone numbers
   - Legal pad, notebook, pens, pencils, stopwatches
   - Copies of your interpers’ documentation
   - Magazine, book, papers to grade, tablet computer, etc. as there will be lots of “downtime” waiting for results
   - An “emergency” kit containing band-aids, Neosporin (or equivalent), head and stomach pain relievers, emergency toiletries, incidentals such as an extra necktie, hose, safety pins and a small sewing kit.
   - Permission slip from parents allowing you to dispense the above medications.

4. Just before leaving, have everyone show you their interp folders and documentation. SEE THEM. This can avoid surprises when you get to the tournament site.

Arriving at the Tournament Site

1. Make sure the students know where the common area is, usually the school cafeteria, where squads gather to wait for contests to begin and results to be posted. Arrange to meet them there once you get checked in at registration. Do not bring your entire team to the registration table.

2. Make sure you know where the bus will be during the tournament. The driver needs to be available for any emergency. Tournaments often provide hospitality for coaches, judges and bus drivers.

3. At the registration table, inform the tournament directors of any changes you haven’t already made, including drops and replacements. There is usually no charge for replacements, but there will be an additional fee if you drop an entry. You might wish to consider instituting the policy that students are responsible for their own drop fee. Avoid dropping entries unless it is an extreme emergency. Even then, try to get another student to cover the event. Dropping contestants impacts sectioning and pairings your host has worked many hours to complete. Time to redo can make the tourney schedule late.

4. Make sure to check in your judges, if necessary. Make arrangements for paying the extra judging fees should any of your judges not show.
5. While at the registration table, check all entries to make sure everyone is on the appropriate list. Mistakes do happen, and it’s better to catch them at the registration desk rather than when an event is about to begin.

6. Most tournaments have a registration packet containing school maps, sectioning, event times, and other pertinent information for you and your students. This is often referred to as a “poop book.” Hosts may provide a version downloadable to your smart phone and tablet.

**During the Tournament**

1. Immediately upon finishing registration, meet with your students in the common area. Inform them of their school code (usually a number or letter, which can be found in the tournament packet) and each contestant’s sectioning room number and time of event.

2. Arrange specific times when you will meet with the students in the common area throughout the day. Also, let the students know where they can find you should they need to do so.

3. While you don’t have to accompany the students to every round, do make sure they know where they are going and when to arrive, especially if they advance to the final rounds.

4. Check in at the judges’ table frequently to see if you are needed. The registration packet usually will have your judging assignments, but not always. You need to check, regardless, in the event you have been assigned a round. Even if you have not, stand-by judges are always appreciated. Failing to pick up your assigned ballot may result in your student(s) being disqualified so fulfilling your judging obligation is imperative.

5. Make sure you know where you can pick up contestants’ ballots after a round. UIL tournaments have a verification period after the preliminary rounds; know when and where it is and be there. Otherwise, tabulation errors cannot be corrected.

6. The official verification period at UIL tourneys are a must for you to be present. This is a time to check rankings on your students’ ballots and final tabulation. Take your Constitution & Contest Rules and UIL contest handbook to verification so you are certain of the ranking procedure. Verification is not a time to dispute a judge’s decision.

   You should stay for the entire verification period. Results remain unofficial until it is over and those results have publicly been declared official. While verification is still underway changes can still be made if tabulation is found to be incorrect.

7. Each tournament has its own tabulation room policy – some are open tab rooms, where you can go in at any time to view ballots, judging assignments, etc; others are closed tab rooms, where you cannot. (Most UIL district tab rooms are open, while most Regional and all State tab rooms are closed.) Should you experience a problem during the course of the tournament that requires entry to the tab room, find a tournament official.

8. Throughout the tournament, keep an eye on your students. Unruly behavior is, by far, the largest complaint at contests. Remind your students that decorum and politeness go a long way toward success.

9. Should you be called upon to judge, do so fairly and objectively. Bitter school rivalries have no place on a ballot. Be prompt to rounds so the tournament can stay on schedule.
Fill your ballots with well-written, constructive comments; always include areas needed for improvement.

10. Should you wish to observe your students in competition, it is wise to ask them if they are comfortable with you doing so. Some students are intimidated by having their coach in the room with them; this will hinder their performance. Respect their wishes. Be careful not to “coach” during the round.

11. Even if your students do not make finals, have them observe the round and learn from the “best” that day so they will see what the standards are for winning.

12. Two-day tournament sites may have an area assigned for overnight storage. Know where it is and make sure your students get their materials there prior to leaving for the night. Return early enough the next day to remove them in a timely manner. For ultimate security of materials, take them with you!

At the end of the Tournament

Once the competitive rounds are over, most tournaments have an awards assembly. If any of your students made the finals, you and your students should definitely attend. If there is no formal awards assembly scheduled (some tournaments give out the medals or trophies as soon as results are known) or if none of your students advanced, you may leave. But before you do so, do the following:

1. Collect all ballots from the tab room or hospitality room.

2. Make sure all debate tubs, extemp files, and/or computers are loaded on the bus. Don’t just take the students’ word this has been done; check yourself.

3. Make sure your portion of the commons area is free of all trash and cleaned to the best of your ability. (The tournament directors will thank you, remember you, and invite you back next year!)

4. Have the students change into traveling clothes, if necessary, and require that they double check they have all their possessions with them on the bus. Having a polo shirt or t-shirt with school logo works well for traveling. It makes it easy to keep up with your students if you plan stops along the way.

5. Thank the tournament directors.

6. On the way home, use cell phones to have the students call or text their parents, giving them an approximate time of arrival. Most tournament returns are very late at night, and parents will be very appreciative if they aren’t left waiting in the school parking lots for hours. Besides, you don’t want to have to wait long periods of time for students to be picked up once you get back to your home school.

7. Use social media to announce success of the squad.

8. Tell your students you are proud of them. . .because you are!
The Following Week

1. Publicize the squad's success.
   - Write up the results for school announcements.
   - Develop contacts with the school and community newspapers. Present them with an article you wrote yourself. Doing this will make it easy for them to print and the details will be correct.
   - Make use of local radio, television, and cable stations if possible.
   - Post successes on your squad webpage and Facebook page.

2. Analyze the Judges' ballots.
   - Screen ballots before handing to the students. Some judges may have written comments damaging to a student's self-esteem.
   - Review the ballots with your students. Afterwards, assign specific items for each student to be working on before the next competition.
   - File ballots in the student's performance folder so they can be reviewed at different stages of the tournament season. Always use ballots as learning tools.

CHAPTER 4
WHERE CAN I LOCATE THE UIL SPEECH WEB PAGE?
www.uiltexas.org/speech

I’VE NEVER COACHED SPEECH OR DEBATE BEFORE! WHERE CAN I GET HELP?
First, study the rules for your event(s) from the Constitution and Contest Rules and especially in the appropriate speech contest handbook. Then visit the UIL speech web page for additional information and resources. Contact the State Director for rule clarifications and speech teachers in your area for coaching tips. Attend conferences hosted by UIL.

HOW CAN I NETWORK WITH OTHER SPEECH COACHES?
The best way is to attend teacher conferences. Spend two days of your summer in Austin at the UIL Capital Conference. You’ll participate in sessions with other novice and veteran speech coaches and hear presentations from some of the best. Plus, you can get Continuing Professional Education Credit (CPE hours). Join the Texas Speech Communication Association (www.etsca.com/home.asp) and attend their annual convention held in October which features professional development for speech teachers & coaches – not to mention fun and friendships you’ll experience! Contact your UIL Regional Advisory Committee members listed on the UIL website. They are coaches in your geographical area who can offer advice.

I HEAR ABOUT UIL, TFA, NSDA, and TSCA. I GET CONFUSED!
Each is a speech organization. UIL, TFA and NSDA all host speech competitions for Texas high school students. Each has a website you can access to learn more about what makes them unique. When you go to a tournament, make sure you know which event rules are going to be followed, because UIL events and rules and LD topics differ from Texas Forensic Association and the National Speech & Debate Association. (see comparison chart included in this manual.) TSCA stands for the Texas Speech Communication Association and is the state professional organization for speech educators at the high school, university, as well as middle school level.

WHAT IS A TOURNAMENT “POOP” BOOK?
It’s the booklet or weblink you may receive at registration that gives you all the important information you and your squad needs to know about the tournament: i.e., time schedule, room assignments, sectioning of each event, rules & procedures. Many tournaments no longer print a hard copy but include critical information on their online registration site. (i.e., Joy of Tournaments).

HOW DO I KNOW IF MY STUDENTS ARE ELIGIBLE TO COMPETE?
All students must meet the no pass – no play law established by the State of Texas. The TEA-UIL Side by Side manual provides answers to many of your eligibility questions. This manual can be located on the home page of the UIL website. Review it first and then consult with your Academic Coordinator and/or local administrator. If you still have questions, call the League (512-471-5883) and ask to speak to an Eligibility Officer.

WE’VE BEEN INVITED TO A SPEECH TOURNAMENT THAT IS SCHEDULED ON A SUNDAY. CAN I TAKE MY SQUAD?
School district personnel may only accompany students to two school-sanctioned academic or fine arts competitions that do not count toward League standing if they are held on Sunday. These competitions must have prior approval of the superintendent or designated administrator.
In addition, a college or university must sponsor the competition. See the C&CR. Greater detail and explanation is provided on the Tournament page of the UIL Speech website.

WHAT IS SECTIONING?
Because speech contests are oral, contestants are divided into sections, if numbers warrant. A UIL section consists of no more than 8 contestants. If 9 or more students are entered, preliminary and final rounds are held. Depending on the number of sections, the top 2 or 3 ranked students advance from prelims to the final round.

WHO MAKES UP A JUDGING PANEL?
Panels are often used in UIL speech contests. If so, there must be an odd number of judges. Commonly, 3 judges make up a panel. Judges should not confer prior to rendering a decision and turning in their ballots to the contest director.

HOW IMPORTANT ARE THE TIME LIMITS IN UIL INDIVIDUAL SPEAKING CONTESTS?
Time is critical. In prose and poetry, contestants are disqualified if exceeding the time limit of seven minutes, even if only by a second or two. Extemporaneous speaking contests (informative and persuasive) also have a seven minute limit, but since these speeches are not pre-prepared from a manuscript, a speaker is allowed to complete the sentence they are speaking when the seven minute time limit has been reached. This will not disqualify them, although they may run over the seven minute limit by a few seconds.

WHAT IS BALLOT VERIFICATION?
It is a required contest procedure at UIL tournaments. After results are tabulated and before they are certified as “official” results and medals awarded, contest directors should announce a period of approximately 15 minutes when coaches and students have an opportunity to look at rankings and ballots.

In debate contests, the contest director announces the win-loss record it took to advance to the elimination rounds. You should check each of your debate ballots, totaling the wins, losses, as well as speaker points. Once elimination rounds begin, during verification check that your debaters are listed correctly as either affirmative or negative and the judges’ decision. Speaker points do not apply in elimination rounds.

In interpretation and extemporaneous speaking contests, the contest director will return your student(s) individual evaluation form and display the master ballot(s) that indicate how all contestants (not just your own) were ranked by each judge in the round, and/or the diagnostic sheet downloaded and printed from the UIL TalkTab software tabulation program when multiple judges were used. You should check to insure the master ballot ranking for your student(s) match what is recorded on the individual evaluation form. Study in advance the procedure on ranking when multiple judges are used so you can tabulate for yourself, in the event the contest director did not implement the official UIL TalkTab program.

WHAT ARE CATEGORIES FOR UIL PROSE AND POETRY CONTESTS?
Each contestant is required to prepare two performances. The League establishes categories each performance must meet. The categories change every 2-3 years.

Study the category descriptors carefully. Visit the UIL website and review the UIL Prose and Poetry Handbook for expanded explanations of the categories. The handbook can be downloaded from the UIL website.
WHY IS DOCUMENTATION OFTEN REQUIRED FOR THE PROSE AND POETRY CATEGORIES?
To insure that each student has met the guidelines required promotes a fair and equitable contest.

HOW DO I KNOW IF THE DOCUMENTATION MY STUDENT FOUND FOR UIL PROSE OR POETRY IS ADEQUATE?
Check the chapter in the *UIL Prose & Poetry Handbook* that discusses appropriate and inappropriate documentation, and the official website for recent rulings. If you still aren’t sure, contact the State Speech Director. Tip: Don’t wait until the week of your district meet to call the League office. Allow plenty of time for your student to polish another piece, in the event the ruling isn’t in your favor.

Note: UIL Cross-Examination State Meet is conducted the entire week prior to District I week so, your State Director will not be in the office that week. If you need a ruling from the State Director, request it by March 1.

WHAT IS THE RULE ON ENTERING BOTH LD AND CX?
Students are limited to entering one debate event, one interp contest and one extemp contest as well as Congress. Students who compete in CX cannot also enter LD at the UIL district meet. They can, however, enter other speaking events and academic contests.

IF A CX TEAM IS ENTERED AS A DISTRICT ALTERNATE BUT DOES NOT COMPETE, ARE THOSE STUDENTS ELIGIBLE TO ENTER LD DEBATE?
Yes. The restriction against cross-entering CX and LD takes effect when the students actually compete at district.

MY TEAM QUALIFIED FOR CX STATE. NOW WHAT DO I DO?
Your district spring meet director will certify the results to the State Office so there is no registration for you to complete. However, be sure to pick up a red and white winning Coaches' Packet before leaving the District Meet. There is important information in it, especially the deadline for submitting your state judging forms online. These are required for your debaters to advance. Carefully read the State Meet page online for deadlines, procedures and required paperwork. Direct your students and their parents to the Winner’s Packet posted for them online.

WHY DO I NEED A JUDGE FOR CX STATE?
*Constitution & Contest Rules* require every school that qualifies a team to supply an experienced judge. The state tournament is incredibly large with over 850 rounds to be covered by judges. Having schools bring judges, in addition to the 75 or so judges that the League hires, attempts to provide students with a geographically balanced judging pool.

WHAT IF I DON’T FEEL QUALIFIED TO JUDGE STATE ROUNDS?
When you start the year with your debaters, realize that at least 1 of your teams just might qualify for state. Therefore, it’s a good idea to watch rounds at invitational tournaments and volunteer to judge. Tournament officials will welcome a willing judge for CX! The more rounds you observe, the more confident you will feel judging. Besides, judging at tournaments makes you a better coach since you can discuss the rounds you heard with your students after the tournament. If, after judging throughout the year you still do not feel qualified, find a former debater or someone qualified to bring as your judge. NOTE: If your district waits until the last weekend of the CX window to hold their meet, you will need to contact someone much earlier, in the event that your team(s) qualified, so that you meet the deadline for submission.
WHAT HAPPENS IF I LOSE MY COACH’S PACKET FROM CX DISTRICT OR REGIONALS?
Check the UIL website for information and for the required judging forms you must submit for your students to compete at State. The forms are posted there for online submission to the State Office.

WHAT HAPPENS IF I MISS THE CX STATE DEADLINES?
Not only do you risk your team not debating at State, but also your school is accessed a $100 late fee.

WHEN SHOULD I MAKE TRAVEL ARRANGEMENTS FOR REGIONALS OR STATE?
Make tentative hotel arrangements months in advance. For CX Debate State, early fall is required. Follow your school district’s policies for paperwork. The CX meet and the Speech State Meet are held in Austin, which is a very popular tourist location each spring.

WHAT IF ONE OF MY CX DEBATERS QUALIFIED FOR STATE GETS SICK AND CAN’T COME?
You are allowed to substitute ONE member of the CX team, as long as one member from the original team that qualified remains. If both debaters are unable to attend State, you are required to contact the district director so that the alternate may have the opportunity to advance. Failure to notify the State Office that your team will not attend state meet can result in sanctions by the State Executive Committee.

WHEN AND HOW DO I FIND OUT WHAT THE UIL LD DEBATE TOPIC WILL BE?
UIL uses 2 topics each year – 1 for the fall semester and 1 for the spring semester. The fall topic is released in mid-August and the spring topic is released in mid-December. The quickest way to get it is to access the UIL speech web page where you will find it posted. (The CX Debate topic is also posted there.)

I QUALIFIED A LD DEBATER FOR STATE. DO I HAVE TO PROVIDE A JUDGE FOR THE MEET?
Yes. Instructions on completing your judging forms are included in your Coach’s Packet you pick up at Regionals. If you fail to do so, look on UIL website for deadlines and judging forms.

CAN WE FILE DEBATE BRIEFS AS RESOURCES IN OUR EXTEMP TUBS OR IN OUR EXTEMP ELECTRONIC FILES?
No. Remember: anything that resembles an outline of a speech is not allowed in the extemporaneous speaking prep room. Read in the UIL Informative and Persuasive Handbook what is and isn’t allowed.

CAN WE HIGHLIGHT OUR EXTEMP ARTICLES BEFORE FILING?
Highlight an article in only one color.

WHAT IF I HAVE A QUESTION THAT IS NOT ANSWERED IN THIS BOOKLET?
Feel free to contact the UIL State Director. E-mail is the easiest and quickest way to get a response. You may also call or write:

Ethics in Coaching Forensics

Competition can bring out the **best** or the **beast** in coaches and students. Although there are sometimes differences among Texans about just what is “ethical”, there is general consensus that unethical behavior occurs all too often in forensic competition. The attitude of “**win at all costs**”, “if your squad is going to use a tactic – my students will use it too, whether it’s right or not,” is a trap you won’t want to fall into as a beginning coach.

What is unethical when it comes to competition? What should you avoid?

- **Unsportsman-like conduct** – Never treat judges and tournament officials disrespectfully, even if you disagree with their opinion. Your students learn by example. Teach your students sportsmanship and courtesy.
- **Taking shortcuts** – Don’t resort to skipping the important steps of having students check all evidence before using it in a debate round, trying to pass off inappropriate documentation in prose and poetry contests, or illegal materials in the extemporaneous speaking preparation room. You not only risk disqualification of your student, but your credibility with your coaching colleagues.
- **“Everybody else is doing it” attitude** – Never excuse unethical behavior just because it seems other coaches are doing something. There are many more coaches who are following the letter of the law.
- **Looking for Loopholes** – Violating the spirit of the rule when the intent is clear by arguing the “letter” of the law is not exemplary behavior. Don’t try to skirt the rules nor teach your students to do so.
- **Abuse of scholarship of the activity** – Forensics is a noble endeavor. Set high standards of decorum for yourself and your students. Using a ballot to punish students from a school you don’t like or whose coach you aren’t fond of, manipulating sectioning/pairings in the tabulation room, doing your students work for them, dropping teams without notice, berating or intimidating tournament officials, demonstrating a lack of courtesy toward other competitors, and a general disrespect for rules are not what forensics should be about.

As speech educators, we have a responsibility to our profession as well as our students. We must ensure that the educational aspect of our activities takes precedence over the competitive aspect and we must be careful how we help students define “winning.”

Place **Integrity** over **Victory**. Be proud of your students if they have done their best. Teach your students not only the written rules, but also the unwritten rules of etiquette and ethics.
(b) **ACADEMIC CONTEST ETHICS.** The general Spring Meet Code means to:

1. Participate in contests in the spirit of fairness and sportsmanship, observing all rules – both in letter and in spirit.

2. Sponsor and advise individuals and teams without resorting to unethical tactics, trickery which attempts to skirt the rules, or any other unfair tactic which detracts from sound educational principles.

3. Accept decisions of officials and judges without protest and extend protection and courtesy to officials.

4. Regard opponents as guests or hosts while placing personal and/or team integrity above victory at any cost. Maintain grace and poise in victory or defeat. Conduct that berates, intimidates, or threatens competitors, based on gender or ethnic origin, has no place in interscholastic activities.

5. Provide information or evidence regarding eligibility of any contestant or school to local school administrators or to the appropriate judicial bodies upon request.

6. Understand and appreciate the educational values of competition and abstain from modifying or soliciting another teacher to modify grades for eligibility purposes, knowing that such behavior defeats the character-building purposes of extracurricular competition.

7. Abstain from any practice that makes a student feel pressured to participate in non-school activities.

8. At all times, ensure that competition is relative to a more important overall educational effort, using competition as a tool in the preparation of students for citizenship and successful adulthood.

9. Insure that UIL Academic district, regional and state meets receive precedence over non-qualifying contests or meets.

10. School districts shall notify the academic district or regional meet director no later than the end of the second school day following academic district or regional competition if a student or a team knows that it will not compete at the next higher academic meet.
Academics - Request for Accommodation Process

Submitting a Request

The University Interscholastic League will consider requests to accommodate a student with physical or mental impairments. The school should submit the Request for Accommodation form located at the link below with the appropriate signatures a minimum of two weeks before the contest in which the accommodation is sought. Requests submitted after that time, absent extenuating circumstances, will not be granted.

Request For Accommodation Form

The request shall adhere to the accommodations provided by the student’s Sec. 504 Committee and/or A.R.D. Committee. No student records are to be submitted to UIL. The only required submission is the signed request with rationale for the accommodation. The completed form should be submitted to the UIL office, Music, Athletics or Academics, that administers the game or contest in question.

Approval Letter

A response letter from UIL granting or denying the requested accommodation will be provided to the school. A UIL letter approving the accommodation can be submitted at any level of the competition. It is the coach’s or sponsor’s responsibility to notify and provide a copy of the UIL approval letter to the meet director well in advance of the competition. If the student advances to the next higher meet, it is the responsibility of the student’s school to notify the region and/or state meet director immediately.

Additional costs or equipment required for accommodations are the responsibility of the school district. It is the responsibility of the host school, contest director and contestant to follow any applicable UIL ethics code or other applicable UIL rule to ensure the honesty of the competitors and the integrity of the competition.

Approval Process

Requests are handled on a case-by-case basis. The facts matter in each case. Just as an example, accommodations have been approved for visual impairments, dyslexia, motor skill impairments and special circumstances to take the test in a separate room. Such accommodations have included the use of an enlarged test copy, a magnifying glass, colored overlay, converting a test to Braille format or use of a computer and printer. UIL, however, will not alter a contest’s judging criteria as an accommodation or make other accommodations that would fundamentally alter the game or contest.

Category A: Examining Our Changing World

The goal of this category is for the performer to examine his or her changing world in order to inform the audience about a societal change and its impact on the performer. Societal change refers to a significant alteration over time in behavior, cultural values and norms. In this category, the contestant shall perform a single literary work of prose or excerpt of a work designed to increase the audience's knowledge of a contemporary societal change occurring in the performer's world such as, but not limited to: education, family, personal relationships, career choices, minority struggles, or community issues. The purpose of the performance should be to inform, not persuade.

The prose shall be a single literary work, fiction or non-fiction, written by one author. The literature shall be published in hard copy. Works co-authored or by anonymous authors are not permissible. The author and theme/subject matter used in this category shall not be used in Category B of prose.

The introduction shall include the title and author read and should be used to identify and inform the audience of the societal change and its impact on the performer, without taking a stand.

Documentation

In order to meet category restrictions, the contestant shall provide proof the selection is published in hard copy. Examples of acceptable proof include the original published source or a photocopy or online printout of Library of Congress cataloging information. See the UIL Prose and Poetry Handbook and the Official UIL website for detailed information about acceptable and unacceptable documentation.

In addition, the contestant shall prepare and provide for the contest director and each judge a hard copy of the UIL Prose A Documentation online form that lists the theme of the performance, as well as title and author included in the performance, for the purpose of insuring that no theme/subject matter or author is being used in both categories.

The contestant shall read a minimum of two different types of literary sources but no more than four sources; however, the majority of the program must be prose in nature. For this category only, prose types include fiction, nonfiction, news sources, speeches and essays. Contestants shall not use poetry, song lyrics, musicals, jokes, commercials, blogs, plays written in verse or novels in verse. The selections may be woven. The intent of this category is not to encourage originally authored material but to give the contestant the freedom of expanding prose to include different types of literature in a performance program. However, original verbal transitions may be used within the program.

In the introduction, the performer shall take a stand on an issue with the intent of persuading the audience. The introduction and/or transitions shall state the types of literature used in the program and include all titles and authors. If the program is woven, the contestant shall state it in the introduction and the different selections should be distinguishable through interpretation. The authors and theme/subject matter used in this category shall not be used in Category A of prose.

- Did the content meet the category requirements, and did delivery style of the introduction add to the overall effectiveness of the performance?
- Was the material appropriate for the performer and goal of the category?

Judging Cross-Examination Debate

1. Debate is a contest in arguing a specific resolution. Each affirmative team will interpret the resolution differently and offer a specific plan, outlining potential advantages to adopting the plan. Your task is to determine whether the affirmative proves that the adoption of its plan would be desirable.

2. Regardless of your judging philosophy, there are multiple arguments that may occur in a debate. Below are six common ones. To make your decision, you should take notes, and after the round, balance the issues. This will help you determine, based on what the debaters actually presented in the round, whether adopting the affirmative plan is desirable.

   **Key Issues**
   - **Topicality:** Does the affirmative team offer a plan within the current resolution?
   - **Inherency:** Has the affirmative case shown that the status quo is unable or unwilling to redress the harm?
   - **Impacts**
     If the plan is not passed, what potential harmful situation will occur? What advantage is there to the plan? How big are the impacts? Are they likely?
   - **Solvency:** Has the affirmative case shown that the plan will solve all or a significant portion of the impacts?
   - **Disadvantage:** The negative team may offer disadvantages explaining how the affirmative case causes its own harmful impacts. Is this impact likely? Does it outweigh the affirmative cases’ impacts?
   - **Counterplan:** The negative may propose a specific counterplan as an alternative to the affirmative plan. Does the counterplan solve for the impacts of the disadvantages or others?

3. **Making the decision:** Depending upon your judging philosophy, you might follow the sequence below:
   a. **Is the affirmative plan topical?** Unless the negative disproves this, assume it is. Don’t use your own bias. If the negative has shown that the plan is not topical, then most judges will vote negative (disregarding items b and c below).
   b. **Inherency/Solvency Balancing:** If the negative has made arguments about inherency or solvency, ask how much would be gained by adopting the affirmative plan after considering these arguments. If some advantage remains, then move to item c below.
   c. **Disadvantages Balancing:** Balance the gains expected by adopting the affirmative plan with any disadvantages the negative has proven would occur by adopting the plan. Determine if the impacts from the disadvantages are worse than the impacts from the affirmative case.
   d. **Plan/Counterplan Balancing:** If the negative has offered a counterplan, the question is whether the counterplan offers a good reason to reject the affirmative plan or whose plan solves for more significant impacts.

4. **Speed of delivery:** Some debaters have developed an excessively rapid style of delivery that interferes with the element of communication that is basic to debate. The ballot provides an avenue for indicating to the debater that speed of delivery did or did not interfere with communication. If the speaker’s speed of delivery interferes with your ability to follow the course of the debate, you should lower the speaker points.

5. **Filling out the ballot**
   a. Record decision (affirmative or negative)
   b. Award points (30 points is highest; 20 is the lowest) to each debater. Since speaker points are a crucial determinant of advancement, avoid excessively low speaker points unless truly warranted.
   Speaker Criteria: Organization, Evidence, Analysis, Refutation, Oral Style, Speed of Delivery
   c. Award ranks (1, 2, 3, 4 with 1st being awarded to the debater with the most points and so on) to debaters. Points and ranks should correspond.
   d. Write your reasons for your decision in the space provided.
   e. Sign your ballot.

Presenting a very brief preview of argument order before speeches, often referred to as a “roadmap,” aids in clarity of the round and is not considered part of the speech. However, debaters should not abuse this privilege by excessive length of the roadmap. Abuse may count against a team at the discretion of the judge(s).
UIL Guidelines: Electronic Retrieval Devices in CX and LD Debate

The use of laptop and tablet computers and other electronic retrieval devices by competitors in UIL cross-examination and Lincoln-Douglas debate rounds is permissible for flowing or evidence retrieval so long as wire or wireless connections are disabled and remain disabled while the debate is in progress.

Electronic retrieval devices are defined as laptop and tablet computers, netbook computers, other portable electronic retrieval devices and secondary devices such as flash drives and external hard drives.

A. Computers may be used only if the wireless capability is disabled. It is the responsibility of the contestant to disable the equipment.

B. Wired connections (Ethernet or phone) during rounds of competition are not permitted.

C. Computers or other electronic devices may not be used to receive information from any sources (coaches or assistants included) inside or outside the room in which the competition occurs. Internet access, use of e-mail, instant messaging, or other means of receiving information from sources inside or outside the competition room are prohibited. (This does not prohibit non-electronic communication between debate partners during prep time and is not intended to supersede paragraph E, requiring that evidence be made available upon request.)

D. Sanction: Contestants found to have violated provisions A – B above shall forfeit the round of competition and receive zero points. Contestants found to have violated provision C above shall be disqualified from the tournament and shall forfeit all rounds. Contest Directors shall be empowered with the final decision concerning disqualification.

E. Availability of Evidence: Contestants-electing to use computers shall have the responsibility to promptly provide a copy of any evidence read in a speech for inspection by the judge or opponent. Printers may be used. Evidence may be printed in the round or produced electronically, but must be provided in a format readable and quickly, easily accessible by the opposing team and judge.

F. Contestants-electing to use computers are responsible for providing their own computers, batteries, extension cords and all other necessary accessories. Tournament hosts shall not be responsible for providing computers, printers, software, paper, or extension cords for contestants.

Because public speaking decorum remains an important element of debate, debaters are expected to stand at the front of the room facing the judge while speaking.

Contestants choosing to use laptop computers accept the risk of equipment failure. No special consideration or accommodations, including no additional prep time or speech time, will be given by judges, contest directors or tournament hosts should equipment failure occur.

By choosing to use laptop computers in the round, debaters are consenting to give tournament officials the right to search their files. Debaters who do not wish to consent should not use computers in the round.

2017-18
SCORING CONGRESS

Congress is intended to emulate the U.S. Congress. In theory, the contest combines the best aspects of debate, oratory, and extemporaneous speaking within the structure of parliamentary procedure.

SCORING
The parliamentarian remains the same throughout Session I and II. Individual scorers, however, will consider the results of each individual session assigned to score.

A ballot should be completed for all members of Congress whether they spoke during the session or not. Scorers shall not confer with others about their selection or reasons for ranking before submitting their decisions.

POINT ASSIGNMENT

- **Competitors may have 5 scored speeches per session.** They might speak more than 5 times during the session, but only their first 5 speeches should be scored. Consult the Congressional Debate Rubric: Speaking for criteria.

- Amendment speeches are scored.

- **Speakers may receive up to six points per speech.** Complete a Speech Evaluation form for each individual student.

- The presiding officer may receive up to six points per clock hour based on his/her ability in that capacity. Use the Presiding Office Evaluation form.

- Rank the students at the end of each session, unless instructed otherwise by the Clerk. Use the Master Ballot for the overall ranking of legislators.

- There can be no ties for placement.

- Provide as much constructive criticism as possible for each of the student’s speeches.

Scorers will rank the highest scoring participants 1 through 8 (one being the best) at the end of each session. Ties in the individual rounds will be broken by the Parliamentarian preference, at the end of the second session. Don’t forget to rank the presiding officer, as he or she warrants.

The parliamentarian and scorers will submit completed scoring sheets to the congressional clerk.
# Congressional Debate Rubric: Speaking

This table of evaluation standards may be used by any judge who would like assistance in determining scores for speeches. Each scorer independently (without collaborating) awards 1 to 6 points for each speech. Each speaker has up to three minutes to present arguments followed by a questioning period.

<table>
<thead>
<tr>
<th>Content: Organization, Evidence &amp; Language</th>
<th>1 Mediocre</th>
<th>2-3 Good</th>
<th>4-5 Excellent</th>
<th>6 Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td>The speech lacked a clear thesis and organizational structure. Claims are only asserted with generalizations and no real evidence. Language use is unclear or ineffective.</td>
<td>While the speaker’s purpose is present, the speech lacks logical organization and/or developed ideas. Analysis of evidence, if present, fails to connect its relevance to the speaker’s claims. Use of language is weak.</td>
<td>While a clear purpose is apparent, organization may be somewhat loose (weak introduction/conclusion; no transitions between points). Diction represents a grasp of language. Much evidence is presented, but not in a persuasive or effective manner; or the speaker relies on one piece of evidence, but does so effectively.</td>
<td>Content is clearly and logically organized, and characterized by depth of thought and development of ideas, supported by a variety of credible quantitative (statistical) and qualitative (testimony) evidence analyzed effectively to draw conclusions. Compelling language, a poignant introduction and conclusion and lucid transitions clearly establish the speaker’s purpose and frame the perspective of the issue’s significance.</td>
<td></td>
</tr>
</tbody>
</table>

| Argument & Refutation | The speaker offers mostly unwarranted assertions, which often simply repeat/rehash previous arguments. | The speaker fails to either introduce new arguments (simply repeating previous arguments) or the speaker fails to refute previous opposing arguments; in other words, no real clash is present. | New ideas and response to previous arguments are offered, but in an unbalanced manner (too much refutation or too many new arguments). Questions are answered adequately. | The speaker contributes to the spontaneity of debate, effectively synthesizing response and refutation of previous ideas with new arguments. If the speaker fields questions, he/she responds with confidence and clarity. |

| Delivery | Little eye contact, gestures and/or movement are present. Vocal presentation is inarticulate due to soft volume or lack of enunciation. | Presentation is satisfactory, yet unimpressively read (perhaps monotonously) from prepared notes, with errors in pronunciation and/or minimal eye contact. Awkward gestures/movement may be distracting. | The presentation is strong, but contains a few mistakes, including problems with pronunciation and enunciation. The speech may be partially read with satisfactory fluency. Physical presence may be awkward at times. | The speaker’s vocal control and physical poise are polished, deliberate, crisp and confident. Delivery should be extemporaneous, with few errors in pronunciation. Eye contact is effective and consistent. |
### Congressional Debate Rubric: Presiding

This table of evaluation standards is provided for any judge who would like assistance in determining scores for a presiding officer (P.O.). Each scorer independently (without collaborating) awards 2-6 points for each hour of presiding. The primary job of a presiding officer is to efficiently run the meeting with the purpose of giving students in the chamber the maximum opportunity to participate. An effective presiding officer does not draw negative attention to himself/herself and makes the smooth operation of the session as their highest priority. The position of presiding officer can be the difference between a successful productive session and a session that accomplishes very little. If you feel the Presiding Officer was one of the most effective students in your chamber, it is appropriate for scorers to take into consideration rewarding excellent or superior performance by the presiding officer with one of the highest ranks in the session.

<table>
<thead>
<tr>
<th>Points</th>
<th>2 Weak-Mediocre</th>
<th>3-4 Good</th>
<th>5-6 Excellent-Superior</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Parliamentary Procedure</strong></td>
<td>The P.O.’s knowledge of parliamentary procedure is lacking, and he/she shows negligible effort to correct errors and/or consult written rules. Minimizes opportunities for others to debate by failing to adhere to time specified in a recess motion.</td>
<td>The P.O. demonstrates competency in procedure, but makes mistakes in determining the results of motions and votes, etc.</td>
<td>The P.O. has command of parliamentary procedure (motions) and uses this almost transparently to run a fair and efficient chamber, seldom consulting written rules and ruling immediately on whether motions pass or fail. Brings chamber back into session in a timely fashion following recess.</td>
</tr>
<tr>
<td><strong>Recognition</strong></td>
<td>Frequent errors are made in speaker recognition. Students in the chamber rise to a point of order to correct erroneous speaker recognition made by the P.O. The P.O. is slow in recognizing speakers and questioners. There are fewer than 10 speeches per hour in the chamber.</td>
<td>Presiding preferences are not clearly explained. Speaker recognition is somewhat inconsistent or biased. The P.O. is successful in achieving 10 speeches per hour in the chamber.</td>
<td>Presiding preferences are clearly explained at the beginning of the session. The P.O. is consistent in recognition distributing speeches throughout the room based on precedence. The P.O. recognizes speakers and questions in a timely manner to maximize participation. Achieving 12 or more speeches per hour in the chamber is a sign of excellence.</td>
</tr>
<tr>
<td><strong>Control</strong></td>
<td>The environment in the chamber does not foster participation. Allows students to abuse parliamentary procedure in place of debating legislation. Encourages frequent recesses.</td>
<td>Guides the chamber to remain focused on debating legislation. At times, students on the chamber floor appear to be more in control of the chamber than the P.O. during the session. Sometimes is unsure of how to rule on motions or business.</td>
<td>The P.O. is respected and trusted by his/her peers. Establishes a business-like environment that fosters maximum participation in the chamber. Rules on motions and business without interjecting himself/herself into the issue.</td>
</tr>
<tr>
<td><strong>Demeanor</strong></td>
<td>The P.O. uses their position for their own personal advantage as opposed to operating in the best interest of the chamber as a whole.</td>
<td>Overall, the P.O. creates a professional atmosphere although there are times where the atmosphere is less than totally professional.</td>
<td>The P.O. fosters a respectful, professional and collegial atmosphere. Addresses all members as Representative _________ not by just first or last name.</td>
</tr>
<tr>
<td><strong>Communication</strong></td>
<td>Communication between the P.O. and chamber is confusing or counterproductive. Communication from the P.O. (excessive or lack of) prevents maximum participation from members of the chamber.</td>
<td>The P.O. occasionally takes excessive time when explaining rulings. There are times when the members of the chamber are not sure what they are being asked to vote on. The P.O. uses debate time to admonish the members of the chamber regarding issues that the scorers are responsible for evaluating (ex., Reminding members to ask short questions and give short answers).</td>
<td>The P.O. dynamically displays a command and relates well to the chamber through his/her vocal and physical presence. Word choice is economical and eloquent. The P.O. clearly explains the meaning of upcoming votes. Rulings are concisely explained to keep all members of the chamber informed.</td>

TILF Scholarship Opportunities

From 1959 to 2018, TILF has awarded over 20,000 scholarships valued at over $32 million. Amounts of scholarships range from $500 for one year to $20,000 over four years. Some scholarships have special requirements or restrictions such as requiring a student to select certain majors, attend specific colleges or universities, or compete in specific contests. Details of all scholarships and their requirements are listed at the TILF website.

Applications may be submitted from March 1 through May 10, 2019, and can be found online at www.tilfoundation.org. (Students competing in contests held after the deadline date must apply by May 10, but may submit placement updates via email through May 31, 2019.)

All TILF applicants must meet the following requirements:

   *Special Notes: Only Cross-Examination Debate State Meet competitors advancing to the second day elimination rounds as one of the top 16 teams may apply. For students who compete in the Barbara Jordan Historical Essay Competition, Latino History Essay Competition, and/or Young Filmmakers Festival, only students who advance to state finals are eligible to apply. For students who compete in BEST and FIRST Robotics contests, only members of the top 10 teams in each competition group are eligible to apply.

Advancing to the state level in academic pilot contests that are not yet officially sanctioned by the UIL does not qualify a student to apply for TILF scholarships.

2. Graduate from high school during the current year and begin college or university in Texas by the following fall semester.

3. Attend an accredited college or university in Texas, take a 12 hour per term minimum course load, and maintain a minimum 2.5 college grade point average. (Some donors require a higher GPA and more hours per term.)

4. Submit a complete application, including all supplemental materials (transcript, SAT/ACT scores, letter of recommendation, parents’ 1040 tax form), prior to the deadline.

Applicants who are graduating under the state of Texas three-year graduation schedule should inform TILF of that fact. Students who are entering the Texas Academy of Math and Science at the University of North Texas in Denton will apply the year they complete their high school requirements at the TAMS.

The awards committee typically meets in June and all applicants will be notified of their status by mid-July of the application year.
