SOUTH PLAINS COLLEGE
LEVELLAND, TEXAS

Congratulations on advancing to the Regional Meet and welcome to the campus of South Plains College. We are pleased to host the 2020 Region I-A UIL academic and athletic meets. This is SPC's 49th year to host one or more of these events, and we are happy to have you on campus as an honored guest.

We recognize that you and your students have invested a great deal of time, energy and talent to advance to this level of competition. Our contest directors in both academic and athletic competitions have made a special effort to prepare for your participation on the regional level. It is our goal that you find the competition exciting, the people and facilities supportive of each event, and the contests fair.

While you are on campus, I hope you will take time to tour our campus and become better acquainted with the excellent educational programs we offer. General information about South Plains College will be available in the Student Center during the academic meet for interested students planning their college education. If the Director General, Lynne Cleavinger or I can do anything to make your visit to South Plains College more enjoyable, please let us know.

Once again, congratulations and best wishes for success in each contest. Sincerely,

Critic Judge

The Critic Judges will be Greg Arp, Lanae Jacobs and Patty McMallin. Following Play #6 the judges will retire to determine two winners and the acting awards. As soon as the judges have reached a final decision, awards will be announced and the critiques will be given. All participating cast members are requested to remain in the theater for the judge's remarks.

South Plains College Hosts and Hostesses

Students of the South Plains College Theater Department will serve as special hosts to the One-Act Play casts. Please arrive on campus at least thirty minutes prior to rehearsal times so we can assist you in locating dressing rooms and theater facilities. The hosts will be available during the day to assist you and your cast during rehearsal, prior to performance, and after the performance.

Rehearsals

Each play will have one hour on the stage for rehearsal. All rehearsals are closely scheduled and time cannot be made up. It is advisable to arrive at least 30 minutes before your scheduled rehearsal time so that you may unload your set, properties, costumes, etc. Unloading will be conducted at the loading dock on the North side of the Theater. A host and the technical crew will meet you there to give you instructions prior to your rehearsal. Please do not enter the stage area unless you are escorted by a member of the SPC Theater Department. The rehearsals will take place in order of performance.

The Stage

The acting area on the stage is 38 feet wide and 20 feet deep. This area is divided into two areas, the thrust and the proscenium area. The thrust is behind an electronic Austrian drape and master drape, and is 38 feet wide and 14 feet deep. This 14 feet is the proscenium opening. The proscenium area is 27 feet wide at the curtain and 10 feet deep. From the thrust edge to the secondary drape the depth of the stage is 20 feet. SPC will furnish basic unit set pieces. We will not furnish door or window units.

Lighting

Lights will be preset to cover all acting areas. Special spot light requirements will need to be coordinated with the Contest Director. The intensity of lights can be regulated to suit needs. Elaborate color effects cannot be provided; however, stabilized colors by gels can be provided. There is a red wash and a blue wash. General lighting will not be reset for any one play. THE UIL lighting in the Jones theatre consists of nine (9) areas illuminated by 2 front lights. Red, Blue and white full stage color washes are also provided. Each group is required to limit their production to twenty (20) lighting looks. Blackouts and repeated looks are possible without diminishing the limit of twenty. Advancing schools will get the Lighting plots after they advance. These "looks will be programmed as faders on our light board and your lighting crew will be in charge of using these looks manually to perform your show with the assistance of the site crew, unlike state where you must provide cues as well.

Switchboard and Curtains

An experienced crew from the SPC Theater Department will be on hand to assist in staging the plays. A theater assistant will be available to operate the lighting control board and curtains if contesting directors so desire; however, a technical person will find the SPC lighting control board uncomplicated. If any contesting directors request that an SPC technical assistant operate the equipment, a contesting crew head will be expected to cue the SPC operator. SPC crews are not responsible for the effectiveness of any contesting play's lighting or sound effects. The crew from the contesting play is responsible.

Storage

Stage storage is extremely limited. Large set pieces will be stored backstage or in the shop area. Smaller set pieces and hand props will need to be returned to your dressing room area.

Parking

Parking for all large buses and vans will be in the parking lot located east of Lamar Hall and directly across from the Texan Dome parking lot.

Dressing Space

Each school will be assigned a large classroom or laboratory to use as a make-up room and for storage of small props and clothing. FOR HELP AND USER GUIDE:

<http://www.directathletics.com/help.html#>

Attention All Athletic Directors, Coaches, Area Directors, and anyone else involved with the Area Meet:

In order for South Plains College to provide a smooth Championship experience for your teams at the Region 1-1A track meet, there are certain things that must be done, beginning at the Area Meet.

1. Hy-Tek Track and Field Meet Manager Software **MUST** be used. If you do not have this software, you may purchase it at <http://www.hy-tek.com/track/winmm/index.html>. This is the only software that may be used and typed entries will not be accepted! Various schools through the Region have the software and there are also timing companies that may be hired to provide the service.
2. Once you have the Hy-Tek software, it is required that you format and set-up the meet according to the standard explicitly implied by the UIL. Now that there are two divisions in 1A, it is up to the area director/area meet coordinator to ensure the meets are setup correctly. It is up to each area to know which teams are classified Division 1. To properly label the divisions in the area meet, follow the steps below:
 - a. On the home page, click Set-Up (top menu bar, second option from left)
 - b. On the Set-Up menu, click Division/Region Names
 - c. On the Division/Region Names menu, click Divisions
 - d. On the Divisions menu, there will be columns to declare your divisions
 - i. Division 1 should use Code 1A and Division Name 1A
3. In the Events menu, you must set up the meet in order and with the specific event numbers mandated by the UIL and associate them with the division in which you compete.
 - a. Division 1 will use event numbers 101-134 (see attachment)
4. Date Entry Check List:
 - a. Please check that all athlete names are spelled correctly with correct capitalization (ex. John Doe is correct...NOT JOHN DOE or john doe).
 - b. The “year in school” should be included for each athlete in the following format :09 for 9th grade, 10 for 10th grade, 11 for 11th grade and 12 for 12th grade.
 - c. Relay team members and any alternates (maximum of 6 names) must be included in the data base. All names should be entered at the regional level.
 - d. The use of relay cards for final declaration is highly recommended.
 - e. Input names of the relay team members under each relay, including the relay alternates.
 - f. **MUST** run an entry list report before prelims and finals to determine if any event limitations exist for an athlete.
5. The proper school codes, as required by the UIL, must also be used. The proper school codes for your area schools may be found at <http://www.uiltexas.org/files/athletics/track-field-codes.pdf>
 - a. The school codes must be used for the Hy-Tek program to work properly. The school code and the school name must be identical to the UIL list. Do not put “HS” or “High School” after the school names. The Hy-Tek program does not identify the school unless both of these items are typed correctly.
