UIL REGION IV SPRING MEET 6A & 5A  
MESSAGE FROM THE UIL SPING MEET DIRECTOR GENERAL

It is my privilege to welcome you to the 2021 University Interscholastic League Region IV Spring Meet and to San Antonio. The past fifteen months have been difficult ones. Covid-19 protocols are posted on the UIL website. Host school district guidelines will also be followed. Our priority this year is to protect the health and safety of participants, coaches, directors, and fans as best we can. So please know any last minute changes to Covid-19 protocols and host school district expectations will be posted on the websites listed below. However, we are an optimistic group and we are looking forward to the UIL Region IV Spring Meet and the opportunity to see some great performances by the students in Region IV. Thank you to all for the preparation you have made for this meet.

The Handbook of rules and guidelines for the Region IV Spring Meet will be posted on various websites. Please see that all coaches, directors, and administrators know that access to this information is on the UIL website and the Northside and North East ISD athletic and fine arts department websites. There will be no hard copies available.

The responsibility of running this event is taken seriously by all of us who are involved in an official capacity with the UIL Region IV Spring Meet. Our desire is to make certain each participant has an opportunity to perform to their maximum ability within the confines of the rules. Therefore, thank you to all workers and hosts for what you will do to make the UIL Spring Meet in Region IV the best it can be.

Academic Director: Kandi King, retired  
Assistant Academic Director: Joseph Johnson, North East ISD  
Athletic Director: Rudy De Los Santos, Harlandale ISD  
Assistant Athletic Directors: Track - Kelly Parker, NEISD  
Tennis - Patrick Johnson - North East ISD  
Golf - Jay Govan, Northside ISD

Please make note of the event directors listed above. It is critically important for you to be aware of Zoom competition and how it is to be conducted. Thanks in advance to all coaches, directors and sponsors who will monitor events as needed to make certain we are able to conduct all activities in such manner as to meet the goals of the UIL. I am confident we in Region IV will rise up and make this one of our finest moments by overcoming any obstacle in our path.

Best wishes to all the contestants and coaches. We are looking forward to all individual and team performances in what promises to be another outstanding Spring Meet.

Jerry Comalander, Director General, UIL Region IV Spring Meet

FROM PRESTON STOLTE

UIL REGION IV 5A/6A SPEECH/DEBATE

TAB ROOM DIRECTOR

For UIL Region we will be using NSDA Campus as the video platform for our virtual competition rooms. The NSDA has a very extensive user guide available on their website for coaches to read if you would like, but in order to make this as easy as possible for you and your students, a short version of **important** things to know is listed below. Whether you have already used Campus this year or if this is your first time, please read all of the below information. If you have not set up a tabroom account already, please also read the attached document on how to do that/how to help your students create an account and add them to your roster. **ALL of these things must be done by APRIL 12 @ 6PM CST.**

The website for registering for regionals is: [www.5a6aRegion4.tabroom.com](http://www.5a6aRegion4.tabroom.com)

The website is now open for Registration

1) NSDA Campus is fully integrated with [tabroom.com](http://tabroom.com), there is no external website that students/judges need to visit to access their round. When students and judges receive the text/email blast

informing them of their upcoming debate round (i.e. when pairings are posted) they will log into [tabroom.com](http://tabroom.com), click on their email address in the top right-hand corner of the webpage, and on their homepage they will see their pairing that shows their opponent, side (aff/neg), and judge as well as a **blue camera icon**. If they click the camera button they are taken directly to their competition room (judges will also have a green 'start round' button that they will click to let the tabroom know the round has begun).

2) You must be using **google chrome** to access the NSDA Campus competition rooms. If it is your first time using campus, your web browser will say that the program needs your permission to use the camera/microphone; make sure you give your web browser permission to use the camera/mic. (This is just like when your iPhone apps ask for permission to use these things)

3) You should ALSO **require** your students to download the **Jitsi** app on their smartphone. Sometimes tech issues occur such as a computer microphone breaking or something and the fastest work around is to use your phone. Students will use the web browser on their phone to go to [tabroom.com](http://tabroom.com), login, and follow the same steps to get back to their virtual room, however, now when they click on the camera icon, it will open the Jitsi app. I've judged off of the Jitsi app this year so that I could see my entire computer screen and it works great with audio/video (but does drain battery quickly so have a phone charger available.) There are many things that can happen with tech (wifi goes out, computer freezes, water spills on keyboard, etc.) that having a backup plan in place is a good idea.

**THESE LAST TWO ARE THE MOST IMPORTANT— PLEASE READ:**

4) If you are competing from your school/on school WiFi OR if you have students using school provided devices, you **MUST** share the **attached document** with your school district's IT department and have them follow **ALL** of the steps to whitelist websites and open relevant ports. The most common issue is with IT departments that don't follow all the steps and then have students that are able to access tabroom/NSDA Campus/their virtual competition room, but their microphone and camera don't work and thus no one in the room can see or hear them.

5) Based on point 4, it is crucially important that you and your students test out the NSDA Campus platform to make sure you all can be seen/heard in the competition rooms.

- . To do this have your students go to separate rooms so that the only way they could see/hear each other is via computer.
- . Then you all should go to the following website (<https://campus.speechanddebate.org/>); this website will allow you to create a temporary competition room (last 2 minutes) for you and your students to test your technology/audio/video.
- . Type the name of your test room in the search bar that says "Enable Test Rooms" and then click the button that says "ENABLE". If you and your students all type the same thing, then you'll all go to the same test room (which is kinda essential so that you can check to see if you all can see/hear each other). The easiest way to do

this is to use your school name, so for example my students and I would all type "Churchill" in the box and then hit "ENABLE".

- Once you do that you all should click the button that says "Test Competition Room" and it should take you all to the same temporary test room.

- Turn on your microphone/video, click 'allow' when prompted to give permission to your browser to use microphone and video, and then have your students talk to each other so check that they can see/hear each other. If they **CANNOT** see and/or hear each other, you need to talk to your IT department.

That's it! The below document for IT departments should work if done correctly. It has worked for every school for which I have provided it.

# GUIDELINES FOR DISTRICT AND AREA TRACK AND FIELD MEET

## SPRING 2021

For simplicity sake, the host district will be considered the primary district and the other competing district will be considered the secondary district. The primary district's DEC chairperson is responsible for the financial obligation to the regional meet and the billing to the secondary DEC Chairperson for their athletes qualifying for the regional track and field meet this spring. Only until the area meet is completed, will the primary DEC Chairperson know who qualifies for regional competition.

**NOTE** – This does not effect each district's fee for regional golf and tennis. The secondary district's DEC Chairperson will send a check for regional golf and tennis and will be billed by the primary district's DEC Chairperson for track and field.

If you choose not to participate in an area meet, but to participate in a district meet you will be responsible to qualify two (2) competitors in each track and field event for the regional meet, this April 23-24, 2021.

**The following are NFHS Track and Field Rules relevant to pole vault safety:**

Rule 7-5-2: The vaulting pole may be of any material and of length and diameter. It may have a binding of not more than two layers of adhesive tape of uniform thickness. However, the bottom of the pole may be protected by several layers of tape, PVC, metal, sponge rubber, or other suitable material to protect it when placed in the planting box.

**Rule 7-5-3:** The competitor's weight shall be at or below the manufacturer's pole rating. The manufacturers must include on each pole: the pole rating that shall be a minimum of  $\frac{3}{4}$  inch in a contrasting color located within or above the top hand-hold position; a 1-inch circular band indicating the maximum top hand-hold position with the position being determined by the manufacturer. Prior to the competition, the Coach must verify that all of the schools' pole vaulters meet these requirements.

**7-5-4:** A competitor shall not use a variable weight pole, a pole which is improperly marked, or a pole rated below his/her weight, or any other equipment that is not legal during warm-up or competition. **NOTE:** Altering the pole in any fashion renders it illegal. **PENALTY: Disqualification from the event.**

**7-5-5:** Prior to warm-up, the field referee, head field judge, or assigned inspector of implements shall inspect each pole to be used in the competition to verify that the poles are legal equipment, per Rule 7-5-3. This includes checking the placement of a top hand-hold band, numerical pole ratings a minimum of  $\frac{3}{4}$ -inches in a contrasting color located within or above the top hand-hold band, and the proper binding of not more than two layers of adhesive tape of uniform thickness. The binding shall not be on or above the top handhold band.

**7-5-23:** A competitor shall not be allowed to use the pole of another individual without the consent of the owner. The event judge shall approve the use and verify that the pole is rated weight-appropriate. **PENALTY: Disqualification from the event.**

**Rule 7-5-29h:** It is a foul if the competitor grips the pole above the top handhold band. **PENALTY: An unsuccessful trial is charged, but not measured.**
