

UIL CX Debate State Meet Procedures Meet Officials and Qualifying Schools

Registration and Entry Fees:

The district meet results submitted by the Meet Director serve as your registration to the UIL State Meet. There are no entry fees to the UIL State CX Meet, but there are judging requirements for each school competing in the meet.

District Meet Director enters district meet results into the UIL Spring Meet Entry System. Instructions are posted on the UIL website/speech page if you need help.

Deadline: 10 days after contest, but no later than February 13, 2023.

Qualifying School submits Judging Form(s).

Each school participating must provide an experienced judge for each team that qualifies. (See Contest Rules.) Do not submit a judge who has judged zero rounds. If you qualify 2 teams, contact State Director Jana Riggins immediately following your district meet.

Judge form: <https://www.uiltexas.org/form/state-debate-judges/>

Deadline: Submit the online form(s) within 10 calendar days following your district meet or February 16, whichever comes first. Schools with 2 judges should complete paperwork on both judges within this deadline. February 16 is the final deadline to avoid being subject to a \$100 late fee or disqualification.

Qualifying School submits Certification Form (if required – see below)

Coach provides proof to principal that both team members have had a minimum of 8 rounds of competitive CX debate this season. Principal then signs Certification Form.

Do I submit this form?

YES, if

- your first place team competed in a district meet with ONLY one school entered
- your second place team competed in a district meet with ONLY one school entered
- your second place team competed in a district meet with less than EIGHT teams competing

NO, if

- your first and/or second place team competed in a district meet with EIGHT or more teams competing
- your first place team competed in a district meet with MORE than ONE school competing

**Note – district alternates should NOT submit a certification form but SHOULD bring to State, if certification applies to their district and they plan to attend State Roll Call*
