A Bill to Clarify Federal Standards to Improve Water Quality

1 BE IT ENACTED BY THIS UIL CONGRESS HERE ASSEMBLED THAT:

2 **SECTION 1.** The Clean Water Act of 1972 is to be amended to include strengthened
3 regulation for non-point sources and all water sources that affect the
4 United States.

5 a) The language “navigable waters” in the Clean Water Act is
6 removed to clarify that the law covers all levels of the
7 hydrological cycle

8 b) The definition of non-point sources in section 502(14) of the Clean
9 Water Act as “any source of water pollution that is not a “point
10 source”” is changed to reflect the following definition below:

11 c) The Total Maximum Daily Load (TMDL) program is reformed to
12 ensure nonpoint source discharges are no longer in a voluntary
13 compliance scenario by including non-point discharge into state
14 and national permit requirements under the National Pollutant
15 Discharge Elimination Systems (NPDES).

16 **SECTION 2.** Non-point source pollution is water pollution that results from land
17 runoff, precipitation, atmospheric deposition, drainage, seepage or
18 hydrologic modification. Nonpoint source (NPS) pollution, unlike
19 pollution from industrial and sewage treatment plants, comes from many
20 diffuse sources.

21 **SECTION 3.** The Environmental Protection Agency (EPA) will oversee the
22 implementation of this legislation

23 A. The EPA will cooperate with state governments to ensure that all
24 entities follow region specific water regulations

25 **SECTION 4.** This bill will go into implementation in January of 2017.
