## **Lighting**

Located Back Center of House

Ion XE 20 Light Board running software version 3.0.2.6

Please see attached 2022 OAP Channel Light Plot for specific channels:

Apron Areas 1-5 have 5 ETC D40 Vivid LED Par top light, separate warm (R02) and cool (R60) face light is provided.

Areas 6-20 have LED top light from 15 ETC D40 Vivid LED Par top light, separate warm (R02) and cool (R60) face light is provided.

Cyc lights are 17 LED Philips Selecon fixtures hung on the 4th electric.

There are black Edison plugs located at the front and the back of the stage on SL and SR if needed for any type of extra lighting brought in by schools.

All legs are tabbed in for a proscenium of 40' which cuts off lighting areas 6,10,11,15,16 and 20.

## **Dressing Rooms**

2 Dressing rooms (1 Large and 1 Small) are located upstage right with an adjoining large common area for hair and make-up.

### **Load-In**

Loading dock (2'h x 38'w) garage door (12' x 12'") is located directly behind the stage and groups can load directly onstage through matching garage door that is located upstage right. UIL Set will be stored upstage of the cyclorama. Sets storage will be decided by Contest Manager, generally 3-4 areas stage left and or 3-4 areas in Scene Shop or outside Dressing Rooms area. By Travis County Fire Code permanent set pieces may not be placed in the fire curtain line which is designated by 2 dark blue lines of spike tape that run all the way across the stage. PAC staff must be alerted at load-in about any usage of fog or haze. Parking is located in an adjoining AISD parking garage located in PAC ground plan. Special arrangements will be made for parking for buses, trucks, and trailers at a later date.

### **Patrons**

Parking is available in the AISD parking garage free of charge. Patrons may use largest set of 4 doors (North Entrance) closest to the parking garage/Mueller Blvd. to enter the main lobby. Touch-less hand sanitizers are placed at all major doors, throughout the lobby for patrons and backstage for participants. We ask that all patrons only enter through the Main Hall doors located on either side of the lobby and do not wander backstage down the side hallways. Balcony seating availability will be determined by PAC staff and Contest Manager before performances begin. Food and drink is only allowed in the tiled main lobby, however neither are permitted in the Main Hall at any time.

No Glitter, Confetti, Helium Balloons, or Pyrotechnics are allowed in the Main Hall. Usage of liquids or any break-away effects must be approved by PAC staff ahead of time.

Please feel free to visit the AISD Performing Arts Center website at [www.austinisd.org/fine-arts/pac](http://www.austinisd.org/fine-arts/pac) for more information.

We reserve the right to update any of this information before contest date.  
**All Federal, State, County, City and AISD COVID-19 rules and regulations must be followed while in the Performing Arts Center. Austin ISD is now mask-optional, but masks are highly recommended for anyone unvaccinated.**
