Evaluation

Films submitted to the Festival shall be previewed, critiqued and ranked by our adjudicators. Originality, cinematic storytelling, and technical execution are the basis of the scoring.

Depending on the number of entries received in your category, advancing films will go through several rounds, culminating with a State Semi-final round to determine State qualifiers. Those entries advancing to State in each category will be screened and ranked first through sixth place at the State Festival. Medals and trophies will be awarded for first through third place, and plaques awarded for fourth through sixth place. Schools shall receive a written evaluation of the film via the Film Contest Portal for each level.

FREQUENTLY ASKED QUESTIONS

Is my school locked in to compete if I file an intent to participate?

No. This is merely an “intent” to participate. This will help us plan for acquiring judges and planning for the evaluation process.

Is there an entry fee?

No.

Can my advisor/sponsor help me write, edit or shoot the film?

They may assist you on set; in fact, that is strongly advised. They may give artistic and technical advice throughout the process only. They shall not write, edit or shoot the film.

When is eligibility checked?

Eligibility is checked at the time of **submission deadline**. The project is entered as a team representing the school. Ineligible students shall not be allowed to represent the school at the state finals.

What does it mean that there is no “amateur rule?”

Unlike athletic events in UIL, on-screen talent in the film contest can have professional film, TV or commercial credits.

Can our students work with my friends that go to another school?

Only as on-screen or voice talent.

SUBMISSION DEADLINE- JANUARY 18, 2023

Can I use my little brother/sister from middle school as on-screen talent (performer)? What about adults?

Yes. They can only participate as on-screen talent. They may not be listed as official participants in the contest entry.

Will I need location permissions? Waivers? etc?

Schools should check with each location. Waivers from talent, etc. shall be the responsibility of the participating school.

May we use pre-generated materials software? No. However, the creation of virtual sets and animated elements from animation software that are CREATED BY THE STUDENTS are permissible. Check with UIL office for clarification.

How about anything on language or content?

See Section 1036 (c)(1)(B) of the current UIL *Constitution and Contest Rules*.

Does Mockumentary fall under narrative or documentary?

Narrative. Since a mockumentary is fiction, it will fall into that category.

May I use stock footage?

Your film may contain LICENSED or public domain stock footage as needed for a documentary. **Stock footage in narrative and animation entries should not be more than 10% of the total running time.**

What will I need to prove I have permission to use the music and stock footage?

Receipts will need to be produced if requested by the State Contest Director. A music log should be maintained and kept on file at the school. See Film [page](#) for sample music log. Your school is responsible for acquiring any and all clearances for any copyrighted music or images you use. The UIL cannot give opinions on copyright issues.

Will the school receive any points towards Academic Championships?

Schools placing at State shall receive points that count towards the overall Academic Championship. Additionally, points from One-Act Play, Film and Theatrical Design shall count towards the overall State Theatre Championship. The points are equivalent to any group contest in Academics.

Can I view winning films from previous years?

Yes. Award-winning films from previous years may be found on the UIL Film page.

SUBMISSION DEADLINE- JANUARY 18, 2023

I am new to this contest. Are there any workshops or presentations I can view that could help me prepare?

Yes. There are UIL Film workshops throughout the year. Please check the UIL Theatre site for dates and opportunities. See document for listing of student activity conferences. View the UIL YouTube channel for past filmmaking sessions.

Does the University Interscholastic League hold the copyright for the submitted film?

No.
