

Film Upload Requirements for Films that Advance to State

(Prepared by Tania Romero at Austin: Anderson High School)

1. For upload, you will need to accept the shared folder link from Dropbox. It will be sent to qualifying schools from "123 Films" - the link will take you to the dropbox folder for UIL Film Upload.

2. Before uploading, please re-name your file in the following way:

(Division#) (Category) (Film title) (School Acronym).mov or MP4

3. Suggestions for export (the smaller the file size, the better, but don't compromise your bitrate quality - files should not exceed 8GB)

Format:

- MP4 files using the H.264 video codec and the AAC audio codec**
- .MOV files using the H.264 video codec and the AAC audio codec**
- .FLV files using the Sorenson, H.263 or VP6 video codec and the MP3 audio codec**

Video codecs:

Apple ProRes

H264 (high bit rate if possible, min 2MBit)

Resolution:

720x 480 or 1920x1080 if you can - stay with a 16:9 aspect ratio.
