## Schedule OAP contest

### Confirm contest settings

#### District judges

District acting judge: Matthew Simpson

District judge B: Laurie Durrett

District judge C: Rachel Harrah

**Are you running Zones?** No

If any of the settings above are incorrect, [click here to modify them](#).

You will also see a list of the schools in your contest, including their titles and their Zone assignments, if you are Zoning. There is an "Include?" checkbox for each school, which should be *checked* if they are going to participate in your contest. **Only uncheck the box if you are 100% certain that the school will not participate in your contest! If a school DQs at contest, you should uncheck the box next to their school name. You will still be able to enter points for any acting awards they receive.**

#### Schools to include

If you know for a fact that any schools are not participating, uncheck the box on their line to exclude them from the sectioning for tabulation.

Include?	School	Title
<input checked="" type="checkbox"/>	Mesquite	Radium Girls
<input checked="" type="checkbox"/>	Mesquite Horn	Dracula: The Death of Nosferatu
<input checked="" type="checkbox"/>	North Forney	Amadeus

<input checked="" type="checkbox"/>	Rockwall Heath	ALL THE WAY HOME
<input checked="" type="checkbox"/>	Royse City	Hello Human Female
<input checked="" type="checkbox"/>	Tyler Legacy	The Tragedy of Macbeth

Finally, under the "Competition specifics" heading, you will confirm the number of judges you will use for District and Zone. Once you have set this, click "Proceed with preparation". You are now ready to enter results.

#### Competition specifics

Now that you've made any needed changes/updates to this page, click the "Proceed with preparation" button at the bottom of the page.

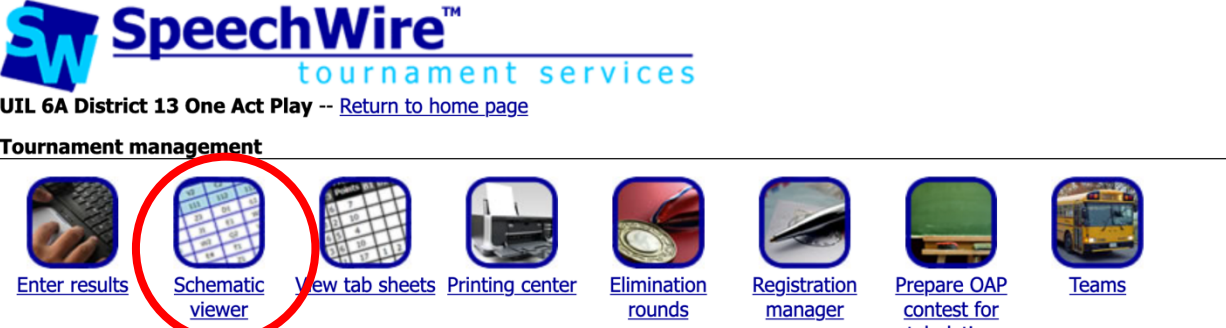

## Setting your performance order (optional)

If you want, you can rearrange the entries into the performance order that you have planned, which may make entering judge rankings more intuitive. THIS IS OPTIONAL.

NOTE: For districts with zones, you will only be able to set performance order AFTER both zones have submitted results in SpeechWire.
