Traveling From South

Take Highway 37 North towards San Antonio, Exit McKinzie Road. Turn LEFT onto McKinzie. Travel past the first light intersection, Leopard Street. At the second light intersection, Haven, make a RIGHT hand turn, there you will see Tuloso- Midway High School ahead on the RIGHT hand side and a large architectural maroon “box”; the Dr. Sue Nelson Performing Arts Center.

About the Facility:

- The stage is a 39’9” wide proscenium theatre with approximately 28’ of depth from the main curtain to the back curtain.
- There is an apron that is approximately 8’ from the curtain line to the front edge of the stage.
- There are three black leg curtains, one black mid-traveler curtain, one black back curtain and one cyclorama.
- All leg curtains are dead hung; they cannot be pulled more onstage or more offstage. Please specify to the host stage crew during your official rehearsal if you would like to have a specific leg or curtain flown out.
- All curtain pulls are operated from Stage Left.
- Each side of the stage has about 8’ of wing space available with masking curtains to hide performers from the audience.
- The crossover behind the back curtain to the back wall measures 4’
- Communication headsets operate from both sides of the stage and in the control booth.
- A total of 16 Edison-style electrical outlets are available throughout the stage.

Lighting System Specs:

The lighting system operates on an ETC ION computer control board. Manual operation is recommended although recording cues to a USB/Flash drive is permissible. Recording cues must be done within the official rehearsal period. The host site crew is available to assist with recording, although the host site crew is not responsible for cues that do not get entered due to the lack of time, overall preparation, etc.

The lighting areas are focused in 15 areas on the stage, 5 across the apron, 5 across the mid-stage area and 5 along the back. A blue, green and red wash will also be available. Please note: these colors are full stage washes and not available in single acting areas. Only one color may be used at a time.

Lighting is controlled from the mid-house control booth. A host crew student will be available to assist your crew with the light board.

Sound System Specs:

The sound system is a Yamaha CL3 professional mixing console. A CD player **OR** an auxiliary cord is available for any iTouch type of device for your sound/music purposes. A choice must be made between the use of CD or the auxiliary cord, but not both. Sound is controlled from the mid-house control booth. A host crew student will be available to assist your crew with the sound board.

Dressing Rooms

Each competing school will be assigned a classroom space that will serve as its dressing room for the contest. Supplies such as extension cords, mirrors, costume racks, etc. WILL NOT be provided; each school is responsible for providing their own preparation needs. Each school may move into its classroom upon arrival the day of your contest. Please keep and leave your school’s dressing room clean and neat at all times. Food and Drink **ARE PERMITTED** in your **school’s dressing room** provided each school clean up after themselves.
