3B

4A

Awards approximately 30 minutes after the last show.

Contest Manager: Karen Ray 806-778-227 karen.ray@ttu.edu

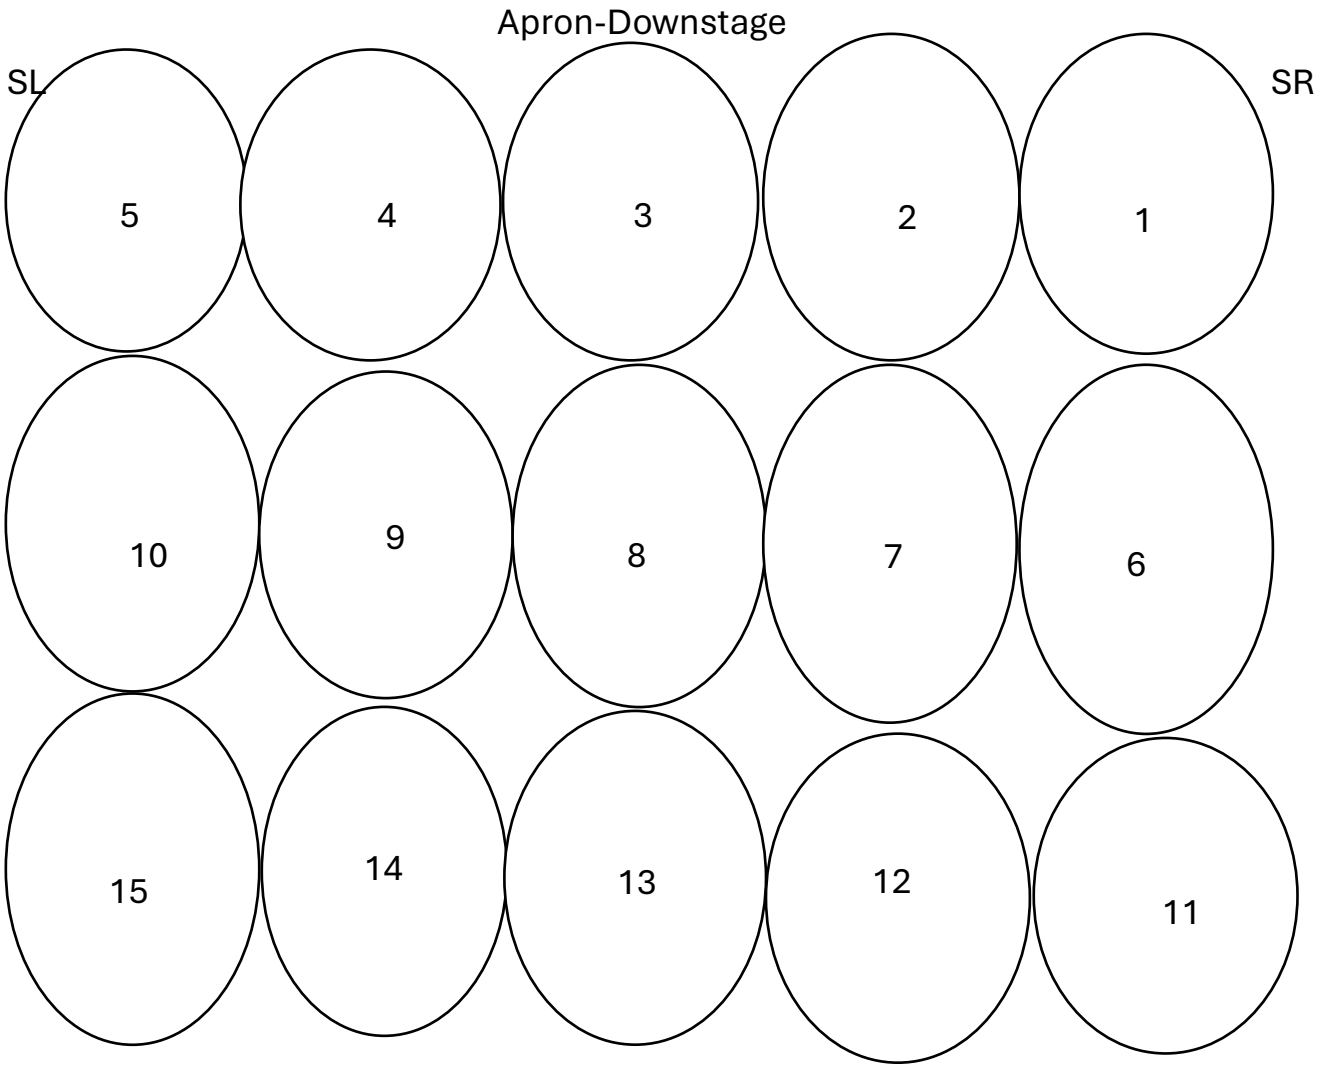

Estacado has 20 areas on Submasters. Each one is lit by source 4 incandescent instruments. Areas can also be lit in any color with overhead LEDs. There are red, green, blue and amber washes/cyc lights programmed as sub masters, also.

The board is an ETC Ion.

There are comms rt and left stage and two in the booth. We have 2 walkie talkies for the director to use during rehearsals.

It has a large apron and a mid-drape that goes all the way across. As far front as you can go is advisable. The acoustics are good, but it is a large auditorium.

Hope this helps!
