WELCOME

FROM THE CONTEST MANAGER

Congratulations on advancing to the Area Contest! The Region IV Area II contest will be held at the HCISD Performing Arts Center located at 3217 Wilson Road, Harlingen, TX, 78552.

Please complete the Area Entry form ASAP. On your entry, please be sure to include any additional directors you may want to assist you with the tech rehearsal, set/strike, and/or in the dressing room area. You may have an additional representative travel with you as a chaperone who is not technically an "assistant director". However, if you do not list them as a "director" they are not allowed in dressing area or to assist with tech rehearsal.

Your scripts should be mailed to the 3 judges ASAP, so that the judges receive them with ample time. Your script should be cut to mark your production, using mark through lines and highlighting. The mailing addresses for the judges are as follows:

OFFICIAL TECHNICAL REHEARSAL, APRIL 11, 2024

Please arrive early. I have scheduled each school to load in 15 minutes prior to its official tech rehearsal time. If you arrive late, it will force us to eat into your tech rehearsal time. Schools can unload their set at the rear of the PAC in the loading-dock area.

When your 1-hour time starts, bring your set onto the stage and start placing it where you want it. IF YOU HAVE ANY PROP WEAPONS, HAVE STAGE MANAGER PLACE THEM ON THE EDGE OF THE STAGE. Light and sound people can go to the booth and start setting up as well. While this is happening, directors can give me their paperwork. Don't forget that a new copy of the Community Standards Compliance Form must be signed and dated by your administrator after each level of advancement.

Checklist of items to turn in to the Contest Manager at Tech Rehearsal:

- *Music Log (only music, not sound effects) -- can be found on UIL website
- *Signed Community Standards Compliance Form--download copy from UIL website and admin sign
- *Proof of Royalty Payment for performance of the play at this contest. (a letter from principal or copy of check will suffice)
- *Permission from publisher or author if performing "scenes from" *Integrity Script (clearly marked script indicating the text being performed)
- *If play is NOT on the UIL approved list of plays, UIL permission to produce. Doesn't apply to everyone, but if applies to you, must have it.
- *UIL permission for scenic items requiring special approval. Not everyone has this, but if you do, I need to see it.

Once your set is in place, we will pause for a moment for you to show me anything specific. For example, I will want to see any falls, stunt work or scenes that are elevated. If there are any questions from you or your students, this will be a good time to address them. I will then request that the cast and crew rehearse the opening and closing of your production.

After that, you are free to use the remaining time as you find necessary. I recommend that you do not spike your set until you're completely satisfied with the placement of your set. Alternates may help unload set off truck/bus, help spike set, and give feedback from the house to actors and technicians in adjusting sound levels.

At the 45 min mark I will warn you that you need to find a stopping point. You must be completely off the stage at the one-hour mark. Your set and props will be stored in a designated area in the loading dock.
