Entries:

In order for participants to swim or dive in the Regional Meet they must be officially registered by the deadline. This means the coach must have the participant's full name, school affiliation and numerical grade level to the Regional Meet Director by the deadline. If you have a swimmer that is going to swim a relay at regionals and did not swim at the district meet you will need to email the Regional Meet Director the information above before the deadline so they can be added to the meet. Teams will not be able to show up the day of the meet and add individuals to the meet. If they are not in the system by the deadline they will not swim.

In UIL District & Regional Meets, a student may enter a maximum of 4 events with no more than 2 of these events being individual events. Each school may enter a maximum of 4 entries in an individual event and 1 team in a relay event. In relay events, only the swimmers that have been officially registered in the meet will be eligible to swim. The Meet Director will designate the time and place for the coaches to declare the 4 that will swim.

All competitors, once officially entered, shall compete in all races, heats and rounds of competition (excluding swim-offs and legally declared false starts) for which they qualify except when an illness or injury certified by a physician or the referee forces a competitor to withdraw. This applies to individual members of relay teams (not entire teams) as well as to competitors in individual events. A competitor may be reinstated by the referee in a later event after illness/injury if a physician or referee verifies recuperation.
