13. **Protocols of Coaches on Court** - Coaches may coach from on court but must be at or around the net post or bench area (specifically between the net post and half way down the service box). Coaches may move from court to court as long as it is between points and does not disrupt continuous play on any court.

14. **Protocols of Coaches Off Court** - No coaching is allowed when inside the court area unless at or around the net post or bench area. Coaching is allowed if the coach is outside the court area as long as it is between points, in any breaks of play, and does not interfere with continuous play on any court. Coaches may encourage their kids while on court. Coaches are responsible for proper court etiquette.

Coaching: According to USTA rules, a player is allowed 25 seconds between points. A coach may provide feedback during a 25-second time but cannot interrupt the continuous play rule. Coaching is NOT permitted in or on the confines of the tennis court. A coach may coach his/her players during the 90 second changeover at the end of odd games, and during the 10-minute rest period for split set matches. Only the school tennis coach employed by that school may coach and only in a manner which does not interfere with the play on adjoining courts.

15. **Substitution**: In doubles or mixed doubles, the tournament director may allow a school to substitute for one of the doubles or mixed doubles players in case of injury, illness or loss of academic eligibility. A school may not substitute for a singles player or a doubles team or a mixed doubles team. The alternate singles or doubles team or mixed doubles team must be used. After a tournament has begun substitutions are not permitted. This rule is applicable in all district, regional and state tournaments.
