Percentages: McAdoo .392, Talpa-Centennial .313.

AUSTIN, March 8 -- McAdoo's Eagles continued their 1,000 state basketball tournament "batting average" Friday morning, leading all the way for an easy 49-36 victory over Talpa-Centennial in a Conference B state tournament semifinal game.

McAdoo, which won state in its only previous tournament bid in 1960, will play for the 1963 title Saturday morning at 10:20.

Johnny Powers scored 20 points in leading McAdoo to the semifinal victory. The Eagles were in control all the way, and except for liberal use of reserves the second half, probably would have won by a much wider margin.

The Talpa team, which had drawn a first-round bye Thursday, was paced by James Maedgen, who scored 13 points and grabbed 12 rebounds.

McAdoo shot at a 39.2 per cent clip; Talpa hit only 31.3 per cent.
