

A U S T I N , Tex., March 9, (Spl) -- Denton Valley of Clyde advanced to the Class B finals of the first annual Girls Interscholastic League Basketball tournament here Friday night, by turning back the Troy Trojans, 33-25.

Denton Valley's twin sister combination of Jean and Jo Farmer tallied all but six of the Wildcats' points. The 14-year-old freshmen joined with Patsy Crow to baffle the Trojans on their racehorse, fast-break tactics. Jean hit for 17 points and high point honors for the night, while Jo collected 10 points. Jean hit 11 of 15 free throws for the majority of her points.

Annie Smith led Troy scoring with 15 points, while ambidextrous Patsy Williams, who scored 27 points in the Trojans' first-round victory over Warren, was held to seven points. Close guarding by Denton Valley's Jerry Whitley, Beth Connel, Ann Gatcher and ~~Ruth Connel~~ kept Troy shooting just at long range.

It was a ding-dong game through the first half. Denton Valley held a one-point edge, 9-8, at the end of the first quarter, and the two teams were tied at 15-15 at halftime. The Wildcats' pulled away after the half, taking a 27-23 third-quarter advantage, and holding the Trojans to one field goal in the entire fourth quarter as they coasted in.
