2024-25 Testing Calendar Information

There is a two-week testing window for each STAAR content-area grouping. The primary testing week is week 1 of each two-week testing window. For UIL post season activities affecting high school testing schedules, STAAR end-of-course assessment testing windows are:

- April 8 – April 18 for English I and English II
- April 15 – April 25 for Biology and U.S. History
- April 22 – May 2 for Algebra I

For UIL post season activities, districts and campuses that are participating in the specific UIL activity should collaborate and follow the guidance below to determine the best dates.

- Avoid scheduling the UIL post season activity during the primary testing weeks, if possible.
- Avoid scheduling English I and English II tests April 8 – 11; instead, schedule these tests April 14 - 18.
- Avoid scheduling Biology and U.S. History tests April 15 – 18; instead, schedule these tests April 21 – 22.
- Avoid scheduling Algebra I test April 22 – 25; instead, schedule this test April 28 - May 2.
- Administer make-up tests later in the testing window to individual students who participate in the UIL post season activity and are absent from testing.
