## 2025-26 Testing Calendar Information

There is a two-week testing window for each STAAR content-area grouping. The primary testing week is week 1 of each two-week testing window. For UIL post season activities affecting high school testing schedules, STAAR end-of-course assessment testing windows are:

- April 7 – April 17 for English I and English II
- April 14– April 24 for Biology and U.S. History
- April 21 – May 1 for Algebra I

For UIL post season activities, districts and campuses that are participating in the specific UIL activity should collaborate and follow the guidance below to determine the best dates.

- Avoid scheduling the UIL post season activity during the primary testing weeks, if possible.
- Avoid scheduling English I and English II tests April 7 – 10; instead, schedule these tests April 13 - 17.
- Avoid scheduling Biology and U.S. History tests April 14 – 17; instead, schedule these tests April 20 – 21.
- Avoid scheduling Algebra I test April 21 – 24; instead, schedule this test April 27 - May 1.
- Administer make-up tests later in the testing window to individual students who participate in the UIL post season activity and are absent from testing.
