2021-2022

ALMANAC

SPIRIT | SWIMMING & DIVING | WRESTLING | BASKETBALL | SOCCER

First year of UIL competition: 2015-16

State Championship Structure

In 2016, championships were awarded to Conferences 1A-6A, as well as Large and Small Co-Ed. In 2018, Conferences 5A and 6A were broken up into two divisions and the two Co-Ed divisions were combined (Note: Co-Ed division teams require four or more males within the squad).

The 2019 State Championships were the first to be recognized as sanctioned UIL contests and count towards Lone Star Cup point totals. From 2016-18, the Spirit State Championships were deemed a pilot contest.

Teams compete in three categories: Band Chant, Crowd Leading and Fight Song. Scores from those three categories are combined and the top 20 schools from the preliminary round advance to the finals. Teams compete in the three categories again to determine final placing. (Note: Preliminary scores do not carry over to finals.)

Location History

The state championship has been held in two locations during its history. The event started in Arlington on the campus of The University of Texas-Arlington at the College Park Center, then moved in 2017 to its current location at the Fort Worth Convention Center.

GIRLS SWIMMING & DIVING

INTRODUCTION

First year of UIL competition: 1969-70

State Meet Structure

From 1970-99 only the highest Conference was represented at the state championship (4A:1970-80, 5A:1981-99). In 2000, Conference 4A was added alongside 5A. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level.

Swimming and diving has eight regions, as opposed to the four regions used in most sports. From 1970 until 2016, the top six finishers and relays qualified from district to regionals. The top finisher from each regional meet and the next best eight times qualified for the state meet. At the state meet, each event consisted of two preliminary heats. The top eight finishers qualified for the finals heat, and the bottom eight finishers qualified for the consolation finals.

The current structure started in 2017 with the first and second place finishers, along with the next best eight times qualifying for the state meet (Note: There are 24 total participants/relay

teams at the state meet per event, including diving). At the state meet, each event consists of three preliminary heats. The top eight finishers qualify for the finals heat, finishers 9-16 qualify for the consolation finals. The last eight finishers in the preliminary heats do not advance to the finals.

Team scoring at state meet is: 20-17-16-15-14-13-12-11 for the finals and 9-7-6-5-4-3-2-1 for the consolation finals, relays earn double points. Individual, relay teams, and divers score points in 12 events that are accumulated towards a final team total to determine a team state champion.

Location History

The state tournament has been held in three locations during its history. The event has been held in Austin on the campus of The University of Texas since its inception. It began at the Gregory Gym Pool from 1970-77, before moving to its current location at the Joe Jamail Texas Swim Center in 1978. The only year it was elsewhere was 2021 when it was held at Bill Walker Pool in San Antonio.

BOYS SWIMMING & DIVING

INTRODUCTION

First year of UIL competition: 1969-70

State Meet Structure

From 1970-99 only the highest Conference was represented at the state championship (4A:1970-80, 5A:1981-99). In 2000, Conference 4A was added alongside 5A. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level.

Swimming and diving has eight regions, as opposed to the four regions used in most sports. From 1970 until 2016, the top six finishers and relays qualified from district to regionals. The top finisher from each regional meet and the next best eight times qualified for the state meet. At the state meet, each event consisted of two preliminary heats. The top eight finishers qualified for the finals heat, and the bottom eight finishers qualified for the consolation finals.

The current structure started in 2017 with the first and second place finishers, along with the next best eight times qualifying for the state meet. (Note: There are 24 total participants/relay

teams at the state meet per event, including diving.) At the state meet, each event consists of three preliminary heats. The top eight finishers qualify for the finals heat, finishers 9-16 qualify for the consolation finals. The last eight finishers in the preliminary heats do not advance to the finals.

Team scoring at state meet is: 20-17-16-15-14-13-12-11 for the finals and 9-7-6-5-4-3-2-1 for the consolation finals, relays earn double points. Individual, relay teams, and divers score points in 12 events that are accumulated towards a final team total to determine a team state champion.

Location History

The state tournament has been held in three locations during its history. The event has been held in Austin on the campus of The University of Texas since its inception. It began at the Gregory Gym Pool from 1970-77, before moving to its current location at the Joe Jamail Texas Swim Center in 1978. The only year it was elsewhere was 2021 when it was held at Bill Walker Pool in San Antonio.

First year of UIL competition: 1998-99

Match Format

Each match at the state tournament consists of three rounds of two minutes each. (Note: In the consolation bracket, the first round is one minute, followed by a two-minute round two and three.) Athletes score points during the course of the match to determine the winner. If tied after three rounds, overtime is played.

State Tournament Structure

From 1999-2012, only Conference 5A competed at the state tournament. In 2013, Conference 4A was added alongside 5A. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level.

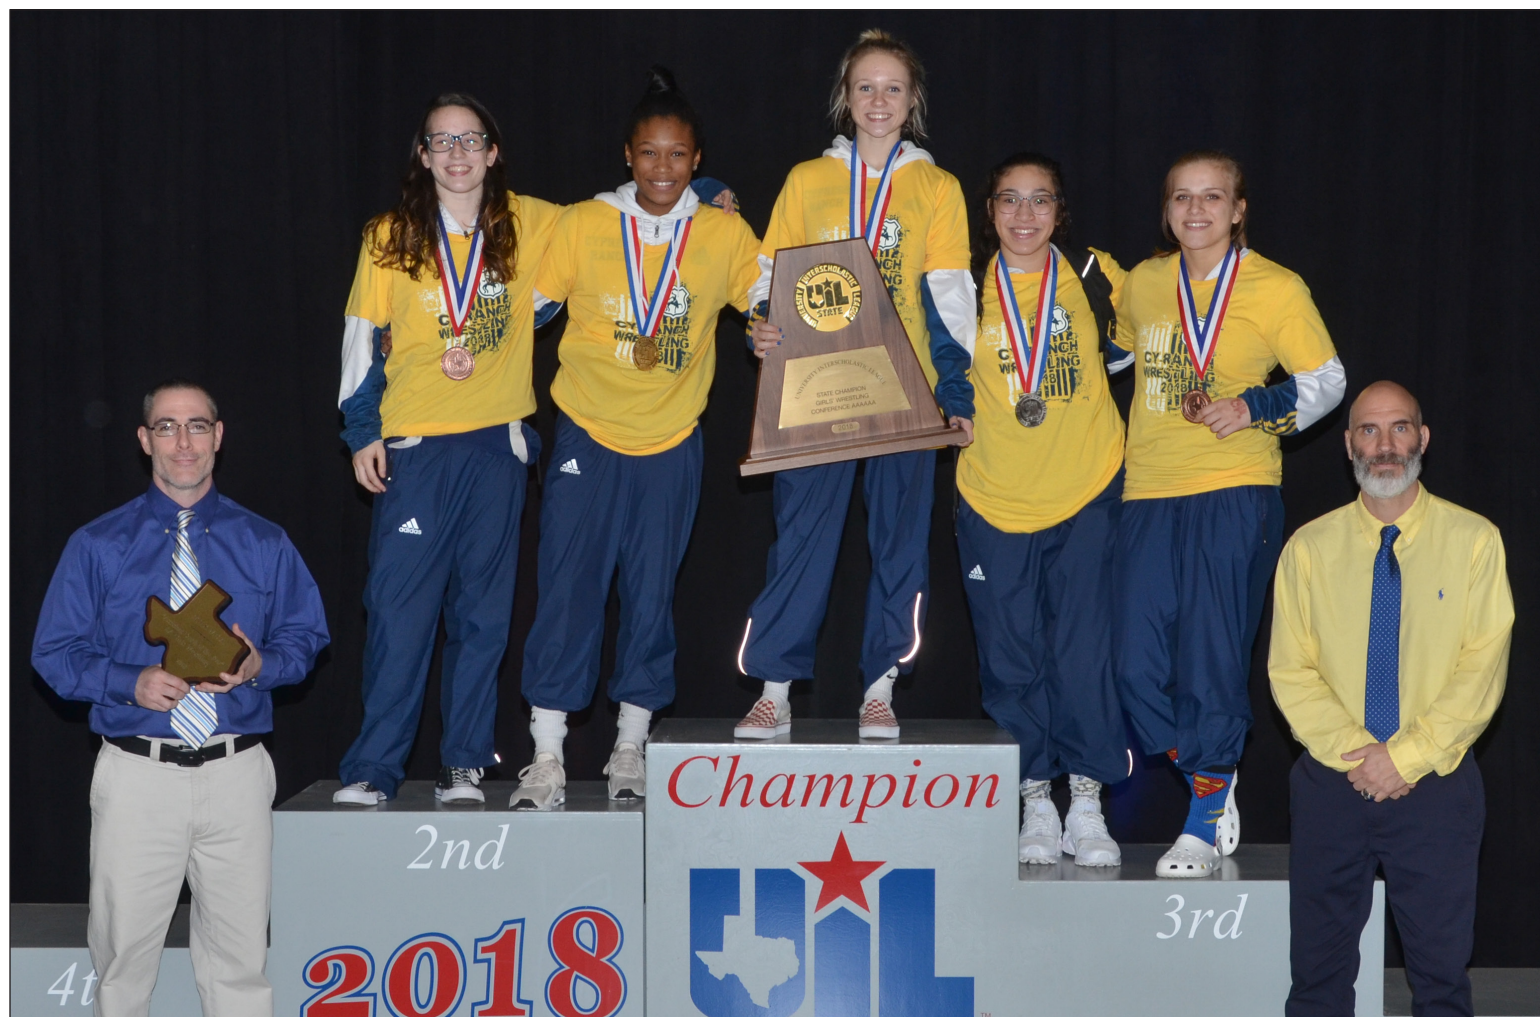

At the state tournament level, brackets are set up with 16 individuals in each weight class. There is a championship bracket and a consolation bracket. Places 1-6 are awarded at the state meet.

Team scoring at state meet consists of points accumulated for advancement within the bracket, major decisions and final placing to determine a team state champion.

From 1999-2004, the regional tournament was an open invitational and the top two finishers in each weight class advanced to the state meet. Since 2005, the top four finishers in each weight class at the district meet advance to the regional meet, and the top four finishers at each regional meet advance to the state meet.

Location History

The state tournament has been held in four locations during its history. The event started at the Austin Convention Center (1999-2004), then moved to the Delco Activity Center in Austin (2005-13), followed by the Curtis Culwell Center in Garland (2014-15). Since 2016, the state tournament has taken place at the Berry Center in Cypress (2016-).

Amarillo Tascosa - 2002 Conference 5A Girls Wrestling Champions

Olivia Motley - Cypress Ranch

First year of UIL competition: 1998-99

Match Format

Each match at the state tournament consists of three rounds of two minutes each. (Note: In the consolation bracket, the first round is one minute, followed by a two-minute round two and three.) Athletes score points during the course of the match to determine the winner. If tied after three rounds, overtime is played.

State Tournament Structure

From 1999-2012, only Conference 5A competed at the state tournament. In 2013, Conference 4A was added alongside 5A. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level.

At the state tournament level, brackets are set up with 16 individuals in each weight class. There is a championship bracket and a consolation bracket. Places 1-6 are awarded at the state meet.

Team scoring at state meet consists of points accumulated for advancement within the bracket, major decisions and final placing to determine a team state champion.

From 1999-2004, the regional tournament was an open invitational and the top two finishers in each weight class advanced to the state meet. Since 2005, the top four finishers in each weight class at the district meet advance to the regional meet, and the top four finishers at each regional meet advance to the state meet.

Location History

The state tournament has been held in four locations during its history. The event started at the Austin Convention Center (1999-2004), then moved to the Delco Activity Center in Austin (2005-13), followed by the Curtis Culwell Center in Garland (2014-15). Since 2016, the state tournament has taken place at the Berry Center in Cypress (2016-).

Dallas Highland Park - 2003 Conference 5A Boys Wrestling Champions

Rockwall - 2001 Conference 5A Boys Wrestling Champions

First year of UIL competition: 1950-51

Game Format

Games are four eight-minute quarters. If tied at the end of regulation, a five-minute overtime is played until the tie is broken. (Note: Girls Basketball was played 6-on-6 from 1949-78. Three forwards stayed on the offensive end of the court and three guards stayed on the defensive end of the court at all times.)

State Tournament Structure

From 1950-54, the state tournament consisted of Conferences 1A/2A and B. Starting in 1955, Conferences 1A and 2A were separated. Conference 3A began in 1965, followed by Conference 4A in 1976. In 1981, Conference 5A was added and Conference B was eliminated. From 2001-14, 1A was broken up into two divisions with an extra "Texas Cup" game between the two 1A state champions from 2001-05. Conference 6A was added in 2015 and the two 1A divisions were renamed 1A and 2A to give the state tournament its current structure.

At the state tournament level semifinals and finals are played to determine the state champion. A consolation game was played from 1955-69. Quarterfinal games were played in all conferences from 1951-54 and in Conference B only from 1955-68.

Location History

The state tournament has been played in three locations during its history. The event started in Austin on the campus of The University of Texas at Gregory Gymnasium (1951-77), then moved across campus to the Frank Erwin Center (1977-2014). In 2015 the state tournament moved to its current location in San Antonio at the Alamodome (2015-).

First year of UIL competition: 1920-21

Game Format

Games are four eight-minute quarters. If tied at the end of regulation, a five-minute overtime is played until the tie is broken.

State Tournament Structure

From 1921-41, a one-conference structure was used. In 1942, Conferences were established with the formation of Conference B, 1A, and 2A. A City Conference was added in 1949. Starting in 1952, the City Conference was eliminated and Conferences 3A and 4A were added. In 1981, Conference 5A was added and Conference B was eliminated. From 2001-14, 1A was broken up into two divisions with an extra "Texas Cup" game between the two 1A state champions from 2001-05. Conference 6A was added in 2015 and the two 1A divisions were renamed 1A and 2A to give the state meet its current structure.

At the state tournament level semifinals and finals are played to determine the state champion. From 1921-33, four rounds of play were used to determine a champion. Quarterfinal games were played in all conferences from 1934-51 and in Conference B only from 1952-68. A consolation game was played from 1925-69.

First year of UIL competition: 1982-83

Match Format

Each match consists of two 40-minute halves. If tied after regulation, two 10-minute overtimes are played. If there is still no winner, a shootout is conducted to determine the winner.

State Tournament Structure

From 1983-98, the state tournament consisted of just Conference 5A. In 1999, Conference 4A was added. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level and Conference 4A was added.

At the state tournament level semifinals and finals are played to determine the state champion.

Evolution of UIL Girls Soccer Playoffs

Season	# Playoff Teams advancing from each district
1983-92	2 teams 5A
1993-98	3 teams 5A
1999-06	3 teams 4A-5A
2007-08	4 teams 5A, 3 teams 4A
2009-14	4 teams 4A-5A
2015-	4 teams 4A-6A

Location History

The state tournament has been held in six locations during its history: Nelson Field, Austin (1983-85); Chaparral Stadium, Austin (1986-90); Kuempel Stadium, Pflugerville (1991-97); Eagle Stadium, Georgetown (1998-2004); Kelly Reeves Complex, Round Rock (2005-08); and Birkelbach Field (2009-).

Plano - 1988 Conference 5A Girls Soccer Champions

Stephenville - 2017 Conference 4A Girls Soccer Champions

San Elizario - 2019 Conference 4A Boys Soccer Champions

First year of UIL competition: 1982-83

Match Format

Each match consists of two 40-minute halves. If tied after regulation, two 10-minute overtimes are played. If still no winner, a shootout is conducted to determine the winner.

State Tournament Structure

From 1983-98, the state tournament consisted of just Conference 5A. In 1999, Conference 4A was added. With the addition of Conference 6A to the UIL in 2015, both conferences were elevated one level and Conference 4A was added.

At the state tournament level semifinals and finals are played to determine the state champion.

Evolution of UIL Boys Soccer Playoffs

Season	# Playoff Teams advancing from each district
