

State Marching Band Championships

FIELD LEVEL MAP

BAND WARM-UP FLOW

Color Guards may choose to warm-up either outdoors on the Alamodome North Plaza or indoors with the winds and percussion. If utilizing the outdoor area, guards will enter the building via the ramp to Montana Street from the North Plaza. In the event of rain, color guard may warm up on the 5th floor upper level concourse. The optional indoor space is a shared room (with low ceilings) and is only for spinning and stretching (NO TOSSING).

- ★ Hillje Instrument Repair
- ⊗ Microphone 4A – 6A
- ⊗ Microphone 1A – 3A
- ⊗ Camera

Live streaming microphones are approximately halfway between the field edge and back wall.

4A-6A microphones are on the 44 and 32 yard lines.

1A-3A microphones are on the 46 and 38 yard lines.

Band Warm-Up Flow Guides will lead each band to warm up. For traffic flow it is important to stay to the LEFT in a single file line when entering and exiting the tunnels.

NO WATER JUGS OR BATTERY PERCUSSION STANDS
