

Proposed Amendment to Playoff Structure

A. Brief Explanation of Proposed Recommendation

This change to the current playoff structure in some sports would allow for split divisions in the postseason for 2A-6A volleyball, softball and baseball, 4A-6A soccer, and 1A-6A basketball. This change would create two state championship brackets for teams to advance through the postseason for these conferences in volleyball, softball, baseball, soccer and basketball.

B. Factual and Policy Justifications

This amendment would follow the format used for the current 6A football championship structure. All schools in the conference would remain in their assigned district per the 2024-26 alignment. For conferences impacted by the proposed modified playoff structure, the top four teams from each district will advance to the playoffs as occurs in the current structure. The two advancing schools with the largest enrollments, as submitted in October 2023 are bracketed into Division I and the other two schools are bracketed into Division II, with both divisions playing for separate state championships after district certification.

C. Proposed Recommendation

The Coaches Manuals of applicable activities would be amended as noted below:

Teams Advancing to the Playoffs – Basketball

Conference 1A, 2A, 3A, 4A, 5A & 6A: the top four teams from each district advance to the playoffs. The two advancing schools with the largest enrollments, as submitted in October 2023 are bracketed into Division I and the other two schools are bracketed into Division II, with both divisions playing for separate state championships.

- Ranking Schools: Enrollment figures submitted in October 2023 for the 2024-2026 reclassification and realignment process will be used to determine Division I and Division II representatives.
